

Washington, Friday, September 24, 1943

The President

EXECUTIVE ORDER 9377

RELINQUISHING POSSESSION OF THE PLANT OF THE ATLANTIC BASIN IRON WORKS, INCORPORATED, AT BROOKLYN, NEW YORK

WHEREAS on September 4, 1943, the War Shipping Administrator, acting pursuant to the direction contained in Executive Order No. 9375 of September 3, 1943, took possession of the plant of the Atlantic Basin Iron Works, Incorporated, located at Brooklyn, New York, and since that date has retained possession of the said plant pursuant to said Executive Order; and

WHEREAS it now appears and I so find that the productive efficiency of the said plant prevailing prior to the taking possession thereof has been restored:

NOW, THEREFORE, by virtue of the authority vested in me by the Constitution and statutes of the United States, particularly the War Labor Disputes Act (Public Law 89, 78th Cong.), I hereby direct the War Shipping Administrator to relinquish possession of the said plant to the Atlantic Basin Iron Works, Incorporated, and to issue the necessary orders for carrying out this direction.

Franklin D Roosevelt The White House, September 22, 1943.

[F. R. Doc. 43-15522; Filed, September 23, 1943; 12:22 p. m.]

Regulations

TITLE 7-AGRICULTURE

Chapter XI—War Food Administration (Distribution Orders)

[FDO 80-1]

PART 1405-FRUITS AND VEGETABLES

ALLOCATION OF PROCESSED CONCORD GRAPES

Pursuant to the provisions of Food Distribution Order No. 80 (8 F.R. 12527), and to effectuate the purposes thereof, It is hereby ordered, As follows:

§ 1405.29 Regulations affecting the allocation of processed Concord grapes—
(a) Definitions. The definitions contained in Food Distribution Order No. 80 shall, when used herein, have the same meaning as set forth in Food Distribution Order No. 80; and when used in this order, unless otherwise distinctly expressed or manifestly incompatible with the intent thereof:

(1) The term "fresh Concord grapes" means and includes both "restricted Concord grapes" and "unrestricted Concord grapes" as those terms are defined in § 1405.25 (a) (1) and § 1405.25 (a) (2), respectively, of Food Distribution Order

No. 80.

(2) The term "bottled grape juice" means and includes the unfermented juice of fresh Concord grapes, obtained by a single pressing of the fruit, with or without the aid of heat, and with or without the removal of insoluble matter, which has been bottled or packaged in individual containers of one gallon or less in volume.

(b) Manner of determining allocation. (1) Each processor shall calculate: (i) The estimated weight (in pounds or tons, at his option) of the fresh Concord grapes which were used in producing the quantity of bottled grape juice produced for his account during the period from September 1, 1942, to August 31, 1943, both inclusive; and (ii) The estimated weight (on a like weight basis) of all of the fresh Concord grapes which were processed for his account during the same period. The percentage which the quantity of fresh Concord grapes calculated as provided for in (i) above is of the quantity of fresh Concord grapes calculated as provided for in (ii) above shall be known as the processor's "bottled grape juice percentage." The difference between 100 percent and the processor's "bottled grape juice percentage" shall be known as his "other use percentage."

(2) Every processor shall determine, for each period after September 20, 1943, chosen by him, the permissible allocations of the processed Concord grapes which he has set aside. Such determina-

tion shall be made on the basis of the following three steps:

(i) The total weight (in pounds or tons, as the processor may elect) of fresh Concord grapes processed for his account during a chosen period shall be multiplied by his "other use percentage." The processor shall then select from the processed Concord grapes which he has set aside a quantity equal to that which would be obtained by processing fresh Concord grapes of the weight determined by the calculation provided for in the preceding sentence. Such selected quantity of processed grapes may be used, or sold for use, or delivered for use in the production of fruit jam, or fruit jelly, or fruit butter.

(ii) The total weight (on a like weight basis as that used under paragraph (b) (2) (i) above) of the fresh Concord grapes processed for his account during the same chosen period as that

used in paragraph (b) (2) (i) above shall be multiplied by his "bottled grape juice percentage." The processor shall then select from the processed Concord grapes which he has set aside a quantity equal to that which would be obtained by processing fresh Concord grapes of the weight determined by the calculation provided for in the preceding sentence. Of such selected quantity,

(a) 40 percent may be used, or sold for use, or delivered for use in the production of fruit jam, or fruit jelly, or

fruit butter, and

(b) 30 percent may be used, or sold for use, or delivered for use in the production of bottled grape juice: Provided, however, That the processor may (if he should so elect) use, or sell for use, or deliver for use all or any part of the portion of the processed Concord grapes referred to in (b) above in the production of fruit jam, or fruit jelly, or fruit butter.

(iii) After allocations have been made from the processed Concord grapes in accordance with the provisions contained in paragraph (b) (2) (i) and (b) (2) (ii) above, the quantity remaining may (at the option of the processor) either be retained by him for subsequent allocation, or it may be used, or sold for use, or delivered for use in the production of fruit jam, or fruit jelly, or fruit butter.

(c) Effective date. This order shall become effective at 12:01 a. m., e. w. t., September 20, 1943.

COLUMBIA RESEARCH COMPANY

§ 3.55 Furnishing means and instrumentalities of misrepresentation or deception: § 3.69 (a) Misrepresenting oneself and goods-Business status, advantages or connections-Nature, in general: § 3.72 (n 10) Offering deceptive inducements to purchase or deal-Terms and conditions. In connection with offer, etc., in commerce, of envelopes and printed matter, consisting of purported notices with questionnaires attached, or any other similar printed or written material, (1) representing directly or by implication that any funds or other property is being held by respondent for persons concerning whom information is sought through respondent's letters, questionnaires, or other material; (2) representing directly or by implication that the information sought through respondent's letters, questionnaires, or other material is for the purpose of determining whether the person concerning whom such information is sought is entitled to receive trust funds or any other property; and (3) using, or placing in the hands of others for use, form letters, notices, questionnaires, or other material which represent directly or by implication that respondent's business is other than that of obtaining infermation for use in the collection of debts or that the information sought through such letters, notices, questionnaires, or other material is for any purpose other than for use in the collection of debts; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, Columbia Research Company, Docket 4867, September 13, 1943]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 13th day of September, A. D. 1943.

In the Matter of Julius Florsheim, Trading Under the Name Columbia Research Company

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, answer of the respondent, testimony and other evidence in support of and in opposition to the allegations of said complaint, taken before a trial examiner of the Commission theretofore duly designated by it, and brief in support of the complaint; and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act:

It is ordered, That respondent, Julius Florsheim, an individual, trading under the name of Columbia Research Company or trading under any other name, his agents, representatives, and employees, directly or through any corporate or other device in connection with the offering for sale, sale, and distribution in commerce as "commerce" is defined in the Federal Trade Commission Act, of envelopes and printed matter consisting of purported notices with questionnaires attached, or any other printed or written material of substantially similar nature, do forthwith cease and desist from:

1. Representing directly or by implication that any funds or other property is being held by respondent for persons concerning whom information is sought through respondent's letters, questionnaires, or other material.

2. Representing directly or by implication that the information sought through respondent's letters, questionnaires, or other material is for the purpose of determining whether the person concerning whom such information is sought is entitled to receive trust funds or any other property.

3. Using, or placing in the hands of others for use, form letters, notices, questionnaires, or other material which represent directly or by implication that respondent's business is other than that of obtaining information for use in the collection of debts or that the information sought through such letters, notices, questionnaires, or other material is for any purpose other than for use in the collection of debts.

It is further ordered, That the respondent shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

[SEAL]

OTIS B. JOHNSON, Secretary.

[F. R. Dec. 43-15493; Filed, September 23, 1943; 11:21 a. m.]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 8th day of September, A. D. 1943.

In the Matter of Modern Marketina Service, Inc., a Corporation; Red and White Corporation, a Corporation; The Diamond Match Company (Referred to in the Complaint as Diamond Match Company), a Corporation; Morton Salt Company, a Corporation; The Quaker Oats Company (Referred to in the Complaint as Quaker Oats Company), a Corporation; Ralston Purina Company (Referred to in the Complaint as Ralston-Purina Company), a Corporation; Wesson Oil & Snowdrift Sales Co. (Referred to in the Complaint as Wesson Oil and Snowdrift Sales Company), a Wholly-Owned Subsidiary of Wesson Oil & Snowdrift Co., Inc. (Referred to in the Complaint as Wesson Oil and Snowdrift Company, Inc.), a Corporation; Standard Rice Company, Inc. (Referred to in the Complaint as Standard Rice Company), a Corporation; The Procter and Gamble Distributing Company (Referred to in the Complaint as Proctor & Gamble), a Corporation; S. M. Flickinger Company, Inc., a Corporation, Julliard Cockcroft Corporation, a Corporation; Laurans Brothers, Inc., a Corporation; West Coast Grocery Company, a Corporation; and Corporation; and Corporation; and Nash-Finch Company, a Corporation

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answers of the respondents, testimony and other evidence taken before a trial examiner of the Commission theretofore duly designated by it, report of the trial examiner upon the evidence and the exceptions to such report, briefs in support of and in opposition to the complaint, and oral argument; and the Commission having made its findings as to the facts and its conclusion that the respondents have violated the provisions of subsection (c) of section 2 of the Clayton Act, as amended by the Robinson-Patman Act (15 U.S.C., sec. .13):

1. It is ordered, That respondents S.M. Flickinger Company, Inc., Julliard Cockcroft Corporation, Laurans Brothers, Inc., West Coast Grocery Company, H. O. Wooten Grocery Company, and Nash-Finch Company, corporations (hereinafter referred to as buyer respondents), and their officers, agents, representatives, and employees, in connection with the purchase by such respondents of commodities in commerce, as "commerce" is defined in said Clayton Act, as amended, do forthwith cease and desist from receiving or accepting from the sellers of such commodities, directly or indirectly, any brokerage fee, commission, or other compensation, or any allowance or discount in lieu thereof; and from receiving or accepting from respondent Red and White Corporation or respondent Modern Marketing Service, Inc., any brokerage fee, commission, or other compensation, or any allowance or discount in lieu thereof, theretofore received or accepted by said lastnamed respondents from such sellers, either in the form of money or credits, or in the form of services or benefits provided or furnished by said last-named respondents through or by means of the use or expenditure of any such brokerage fee, commission, compensation, allowance or discount.

2. It is further ordered, That respondents The Diamond Match Company, Morton Salt Company, The Quaker Oats Company, Ralston Purina Company, Wesson Oil & Snowdrift Sales Co., Standard Rice Company, Inc., and The Procter and Gamble Distributing Company, corporations, and their officers, agents representatives, and employees, in connection with the sale of commodities in commerce, as "commerce" is defined in said Clayton Act, as amended, to any of the buyer respondents named in paragraph "1" hereof, or to any other stockholder or jobber licensee of respondent Red and White Corporation, do forth-

with cease and desist from paying or granting, directly or indirectly, to any of such purchasers, or to respondent Modern Marketing Service, Inc., or respondent Red and White Corporation, anything of value as a commission, brokerage, or other compensation, or any allowance or discount in lieu thereof.

3. It is further ordered, That respondent Modern Marketing Service, Inc., a corporation, and its officers, agents, representatives, and employees, in connection with the purchase of commodities in commerce, as "commerce" is defined in said Clayton Act, as amended, by any of the buyer respondents named in paragraph "1" hereof, or by any other stockholder or jobber licensee of respondent Red and White Corporation, do forthwith cease and desist from receiving or accepting, directly or indirectly, from the sellers of such commodities, any brokerage fee, commission, or other compensation, or any allowance or discount in lieu thereof; and from paying, transmitting, or delivering any such fee, commission, compensation, allowance or discount to such purchasers or to respondent Red and White Corporation, either in the form of money or credits, or in the form of services or benefits provided or furnished by respondent Modern Marketing Service, Inc., to respondent Red and White Corporation or to such purchasers through or by means of the use or expenditure of any such brokerage fee, commission, compensation, allowance, or discount.

4. It is further ordered, That respondent Red and White Corporation, a corporation, and its officers, agents, representatives, and employees, in connection with the purchase of commodities in commerce, as "commerce" is defined in said Clayton Act, as amended, by any of the buyer respondents named in paragraph "1" hereof, or by any other stock-holder or jobber licensee of respondent Red and White Corporation, do forthwith cease and desist from receiving or accepting from the sellers of such commodities, or from respondent Modern Marketing Service, Inc., any brokerage fee, commission, or other discount in lieu thereof; and from paying, transmitting, or delivering any such fee, commission, compensation, allowance, or discount to such purchasers, either in the form of money or credits, or in the form of services or benefits provided or furnished by respondent Red and White Corporation to such purchasers through or by means of the use or expenditure of any such brokerage fee, commission, compensation, allowance, or discount.

It is further ordered, That all of the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

· [SEAL] OTIS B. JOHNSON, Secretary.

TITLE 29—LABOR

Chapter VI-National War Labor Board [General Order 3]

PART 803-GENERAL ORDERS

APPROVAL OF INCREASE IN WAGE RATES

Interpretations Nos. 1, 2, and 3 to General Order No. 3 are hereby repealed. General Order No. 3 is hereby amended. to read as follows:

§ 803.3 General Order No. 3. (a) The National War Labor Board hereby approves all increases in wage rates which were put into effect on or before October 3, 1942. Such approval includes increases first reflected in a payroll subsequent to October 3, 1942, if applicable to work done, and provided for by written agreement, or formally determined and communicated to the employees, on or before that date. An adjustment taking effect after October 3, 1942, or, regardless of its effective date, resulting from the award or decision of an arbitrator or referee made after October 3. 1942, is, however, subject to the approval of the Board, although the agreement providing therefor, or the order or agreement for arbitration or reference may have been made prior to that date.

(b) All such increases shall be subject to the right of the Board to review and to order the discontinuance of further payment of all or part thereof.

(E.O. 9250, 7 F.R. 7871)

Adopted September 14, 1943.

L. K. GARRISON, Executive Director.

[F. R. Doc. 43-15471; Filed, September 22, 1943; 2:10 p. m.]

[Gen. Order 4]

PART 803-GINERAL ORDERS

EXEMPTION OF CERTAIN ELIPLOYEES FROM WAGE ADJUSTMENTS

Interpretations Nos. 1 and 2 to General Order No. 4 and General Order No. 4-B are hereby repealed. General Order No. 4 is hereby amended to read as follows:

§ 803.4 General Order No. 4. (a) Wage adjustments made by employers who, at the time the adjustment is agreed to, or if not made by agreement, at the time it is placed into effect, employ a total of not more than eight individuals in all their plants or units, are exempted from the provisions of Executive Order 9250 of October 3, 1942, and Executive Order No. 9328 of April 8, 1943.

(b) Unless expressly extended, the exemption granted by this order shall not apply to employers whose employees' wages, hours, or working conditions have been established or negotiated on an industry, association, area, or other similar basis, by a master contract, or similar or identical contracts.

(c) The exemption granted by this order shall not apply to an employer who, during any given year following October 3, 1942, in the case of wages, or October 27, 1942, in the case of salaries, has made adjustments affecting eight specific employees.

(d) The Regional War Labor Boards may recommend to the National War Labor Board such exceptions to the provisions of this order as are necessary to effectuate the wage stabilization policies of the National War Labor Board, which exceptions, if approved by the National War Labor Board, shall, unless otherwise specified, apply only within the territorial jurisdiction of the Regional Board recommending them.

Adopted September 16, 1943.

Chapter IX—War Production Board Subchapter A-General Provisions

PART 904—PROCUREMENT

[Directive No. 2, as Amended, Sept. 18, 1943]

PLACING WAR CONTRACTS BY NEGOTIATION

Pursuant to the authority vested in me by Executive Order No. 9024 of January 16, 1942, and Executive Order No. 9040 of January 24, 1942, the following policies and procedures are prescribed for all departments and agencies now or hereafter authorized by the President to exercise the powers set forth in Title II, section 201 of the First War Powers Act, 1942 (Public Law No. 354, 77th Con-

§ 904.1 Directive No.2 (a) Except as hereinafter provided, all such departments and agencies shall place contracts relating to war procurement by negotiation. The principle of negotiation makes possible maximum efficiency in the use of over-all national resources including manpower, materials, and money, as well as individual plant capacity. Therefore, negotiation shall be so conducted that the full strength of the nation will be realized through the coordination, proper evaluation and efficient use of resources and plant capacity. Negotiation as used in this directive may include not only face-to-face dealings, but also purchasing by securing informal written bids or telephone quotations. Where consistent with the required speed of war procurement, notification of the proposed procurement shall be given to a reasonable number of qualified contractors and quotations secured from them.

(b) In negotiating contracts relating · to war procurement and revising war procurement programs the following

considerations shall govern:

(1) Deliveries. Primary emphasis shall be upon securing deliveries or performance at the times required by the war program. The objective is to insure delivery in time to avoid delays in the war program, but to avoid creation of unnecessary inventories.

(2) Manpower. Subject to the requirement of delivery, it shall be the policy of all war procurement departments and agencies to avoid contracting for the production of items or materials in communities or areas in which labor shortages are known to exist, whenever it is practical to procure the needed items or materials elsewhere. The classification of labor market areas by the War Manpower Commission shall be relied upon by the war procurement departments and agencies in carrying out these policies. Regardless of any other considerations, no contract requiring increases in employment shall be placed in the West Coast Region, or in any other region to which a program similar to the West Coast Manpower Program may hereafter be applied, without the prior approval of the Chairman of the War Production Board or such person or persons as he may designate for the purpose.

(3) Subject to the requirements of delivery and avoidance of areas of labor shortage, war procurement departments and agencies shall give due weight to the following factors for the purpose of making the most effective utilization of the

national resources:
(i) Cost and efficiency. Placement of war contracts so as to incur the lowest possible cost to the Government consistent with the economic use of man hours and raw materials. Insofar as possible, contracts should provide the maximum incentive to the producer for the reduction of his costs.

(ii) Small business concerns. War procurement contracts shall be placed so

as to make the most effective utilization of small plants of the nation, in accordance with the declared policy of Congress (Public Law No. 603, 77th Congress). In order to carry out this policy, war procurement departments and agencies shall give as large a proportion of awards as practicable to qualified small concerns, directly if feasible and, if not, through awards to larger firms which will subcontract to small concerns. To achieve these objectives, payment of a reasonable premium to small plants is authorized where such plants have higher unit costs.

(iii) Conservation of special abilities. Conservation for the more difficult war production problems, the resources of concerns best able, by reason of engineering, managerial and physical resources, to handle them. Accordingly, contracts for items which involve relatively simple production problems shall be placed with concerns, normally the smaller ones, which are less able to handle the more difficult war production problems.

(iv) New facilities. Avoidance, so far as possible, of the need to create additional new (as distinguished from existing) machinery, equipment or facilities.

(v) Transportation. Placement of war procurement contracts in such a way as to accomplish worthwhile savings in the use of transportation facilities.

(c) War procurement departments and agencies are hereby authorized to pay higher prices than would otherwise be required to the extent necessary to put into effect any or all of the policies stated in (b).

(d) Authority to depart from these policies may, upon specific request, be granted by the Director of the Procurement Policy Division of the War Production Board, or by such person or persons as he may designate for this pur-

(Sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 2024; 7 F.R. 329; E.O. 9125, 7 F.R. 2719; WPB Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696)

Issued this 18th day of September 1943. DONALD M. NELSON. Chairman.

Subchapter B-Executive Vice-Chairman

AUTHORITY: Regulations in this subchapter Issued under cec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; EO. 9024, 7 F.R. 329; EO. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696; Prl. Reg. 1 as amended May 15, 1943, 8 F.R. 6727.

PART 3175-REGULATIONS APPLICABLE TO THE CONTROLLED MATERIALS PLAN

[Direction 6 as Amended September 22, 1943, to CMP Reg. 1]

RULES GOVERNING CERTAIN DELIVERIES OF STEEL BETWEEN PRODUCERS AND OTHERS

Direction 6 to CMP Regulation No. 1 is hereby amended to read as follows:

Deliveries of steel in controlled material forms are generally governed by CMP Regulation Nos. 1 and 4 and by General Preference Orders M-21-b-1 and M-21-b-2. However, in the cases listed below the following precedures are prescribed.

1. Producers' exchange—Shipment of steel in controlled material form by a producer or by a distributor to be physically delivered to the plant of a producer for resale without further conversion. An order for such a chipment must be endorsed with or accompanied by a certificate hearing the symbol FX (meaning "producers' exchange") and stating that the controlled materials covered by the order will be resold in the form and shape in which received. The person receiving the order may accept it, but is not required to do co. If he accepts the order, it must be con-sidered an authorized controlled material order and reported by him under the symbol PX on his reports of orders and shipments. When recold by the purchasing producer, the material must be reported on his report of chipments under the appropriate allotment symbol furnished by his customer. The material will not be considered a part of the purchasing producer's production. Hence it should be disregarded in determining the tonnage of orders that may be accepted under paragraph (t) (2) (iii) of CMP Regulation

2. Further conversion—Shipment of steel in controlled material form by a producer to another producer for resale in controlled material form ofter conversion. For this type of shipment a producer may not extend an au-thorized controlled material order received from a customer. Shipment may be made only pursuant to allocation on Form GA-193 (formerly CMPL-182) or allotment issued under CMP Regulation No. 8 on Form CMPL-150. An order so placed must be accepted if rolling space within 110% of Production Directive or finished steck is available. A producer receiving any "further conversion" order must report it under the symbol FC on his reports of orders and shipments. When resold by the purchasing producer, the material must be reported on his reports of orders and shipments under the appropriate allotment symbol furnished by his customer. The material will be considered as part of the production of both producers. An order placed pursuant to allocation on Form GA-193 must be endorsed in accordance with instructions on that form. An order placed pursuant to allotment on Form CMPL-150 must be endorsed with the allotment symbol FC and the appropriate certification.

3. Shipments by one producer to the customer of another producer. Shipment of steel in controlled material form by a producer to the customer of another producer (regardless of who invoices the material) may be made on authorized controlled material orders if rolling space within 110% of Production Directive or finished stock on hand is available. The producer making the chipment must report it on his reports of orders and chipments under the appropriate allotment symbol furnished by the customer. The other producer must not report the order or chipment at all. The material will be considered as a part of the shipping pro-ducer's production, and not as part of the

production of the other producer.

Issued this 22d day of September 1943. WAR PRODUCTION BOARD. By J. JOSEPH WHELAN. Recording Secretary. _

[P. R. Doc. 43-15466; Filed, September 22, 1943; 12:31 p. m.]

Part 3224—Pipe Fittings: Simplification [General Limitation Order L-283, Amdt. 1]

The Appendix to § 3224.6 (General Limitation Order L-283) is hereby amended in the following respects:

(1) Table 2 of the Appendix-Grey Cast Iron Pipe Fittings—Reducing, etc.-

is amended by adding the $\frac{1}{2}$ x $\frac{1}{2}$ x $\frac{3}{4}$ reducing tee between the seventh and eighth items now appearing in the first column of the Reducing Tees list under. Table 2.

(2) Table 3 of the Appendix-Malleable Iron Pipe Fittings-Straight-is amended by adding the designation "X" in the thirteenth column to the right of "Unions, female" under the caption "300 lb SWP, including A A R unions and union fittings"—so that the designation "X" will appear in the 4" nominal pipe size column; thus permitting manufacture of the 4" 300 lb SWP malleable iron female ground joint union.

Issued this 22d day of September 1943.

PART 3281-PULP AND PAPER [General Conservation Order M-351]

WAXED PAPER

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of waxed paper for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3281.76 General Conservation Order M-351—(a) Waxed paper prohibited for some purposes. No person shall manufacture, sell, deliver or use any waxed paper for any of the purposes listed in Schedule A.

(b) Waxed paper for other purposes restricted to certain specifications. No person shall manufacture, sell, deliver or use waxed paper for any purpose listed in Schedule B unless the waxed paper conforms to the provisions in the

(c) How this order affects manufacturers, sellers and users. This order applies to all manufacturers and sellers of waxed paper who know or have reason to know for what purpose the paper is going to be used. It applies to all users of waxed paper who use more than 200 pounds of it per month.

(d) Inventory restrictions. (1) No person whose inventory exceeds 4,000 pounds of waxed paper shall accept any delivery of waxed paper which will give him more than a 90 days' supply, in his possession and in transit, based on his then current rate of consumption or distribution of waxed paper. Also, if he has waxed paper manufactured for his account, he shall not accept delivery or order any to be manufactured so as to give him more than 120 days' supply including the waxed paper in all manufacturers' hands. If a person uses different kinds of waxed paper for different purposes, these restrictions apply to each separately.

(2) No person shall manufacture or distribute waxed paper if he knows or has reason to know that this will result in a violation by his customer of subparagraph (1) above.

(e). Household paper not covered. This order does not apply to household waxed paper in cutter boxes. This is covered by Schedule X of Order L-120.

(f) Exemptions for military requirements. This order does not apply to the manufacture, sale, delivery or use of waxed paper to the extent required by specifications of the Army or Navy, Maritime Commission, the War Shipping Administration, the Office of Scientific Research and Development, or of any lend-lease contract, or of any contract or order for food products for export.

(g) Exemption of paper already processed. (1) If paper has been processed before September 22, 1943 for purposes of waxing, and, for the uses intended, is at variance with the basis weights shown in column 3 of Schedule B it may be further processed, sold, delivered, received or used without regard to this order except that the limits of Column 4 of Schedule B as to maximum percentage of wax must be observed in waxing it.

(2) Waxed paper which was in inventory or processed on September 22, 1943 so that it is not practicable to use or dispose of it for a purpose permitted by this order may be used, delivered or received without regard to this order.

(h) Definitions. (1) "Waxed paper" as used in this order, means any paper of any grade or type which is coated or impregnated on the exterior surfaces with any petroleum wax. Basis weights shall be calculated according to a standard ream of 500 sheets 24" x 36" with paper which is sized in the paper mill with petroleum wax.

(2). "Laminated" means two or more sheets of paper each joined with a layer of petroleum wax whether impregnated or coated on the outside or not.

(i) Applicability of regulations. This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(j) Appeals. Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(k) Violations. Any person who wilfully violates any provisions of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance.

(1) Communications. All communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Pulp and Paper Division, Washington (25), D. C. Ref: M-351.

Issued this 22d day of September 1943. WAR PRODUCTION BOARD, By J. Joseph Whelan, Recording Secretary.

SCHEDULE A OF ORDER M-351

PROHIBITED USES

The manufacture, sale, delivery or use of waxed paper is prohibited for wrapping or packaging the following products:

(a) Bread and bakery products (excluding crackers and biscuits) when used in any fashion in addition to any other paper wrap-per, either waxed or not waxed, except end seals, and except that one paper outsort not wider than 3" may be used in addition to waxed paper for bread and bakery products when the outsert serves as the only label identification or when it is required for label correction.

(b) Cereals, sugar and salt, when used in any fashion in addition to any other paper, either waxed or not. Laminated wrappers shall not be used.

(c) Butter, either single or laminated, when used as a carton overwrap; or if used as a carton liner or innerwrap, in addition to vegetable parchment.

(d) Oleomargarine, when used as a carton overwrap, either single or laminated.

(e) Candy, candy products and confections (except popcorn products) when used as follows:

(i) As a container liner in addition to bon bon cups or any other protection for individual pieces.

(ii) As a container layer sheet in connection with layer board when similarly employed.

(iii) In addition to any wrapper of waxed a 5% tolerance. It does not include paper, cellophane, glassine, greasoproof, vegetable parchment or super-calendored sulphite, except that waxed paper may be used for individual packages or pieces which are assembled into a retail unit and hold together in package form by a separate overwrap.

(iv) As a carton overwrap in addition to any other waxed paper similarly employed. Laminated carton overwraps shall not be used.

(f) Soap, when used in any fashion in addition to any other waxed paper wrapper. Laminated paper shall not be used except for a product for which it was regularly used before September 22, 1943.

(g) Chewing gum, when used as follows: (i) As a wrapper for individual sticks or pieces, in addition to any other waxed

paper wrapper similarly employed.

(ii) As a wrapper for package combinations of more than one stick or piece in addition to any other waxed paper wrapper similarly employed.

(iii) As a carton overwrap in addition to any other waxed paper similarly om-ployed. Laminated carton overwraps shall not be used.

(h) Bottled and canned goods, either single or laminated.

SCHEDULE B OF CONSERVATION ORDER M-351 RESTRICTED USES

The manufacture, sale, delivery or use of waxed paper for the purposes in Column 1 is prohibited unless the paper complies with the requirements of Columns 2, 3 and 4.

Column 1	Column 2	Celumn 3	Celumn 4
Use of waxed paper	Type or grade of paper before waxing	Maximum weight of paper, before waxing (on bests of standard ream of time sheets 24" x 55" with 57 telerance)	Maximum percentago of petrolrum wax by weight per standard ream
(1) For wrapping or packaging bread and bakery and cracker bakery products including fee cream cones. This also includes bands or outserts as permitted by Schedule A of this order, but excludes so-called "Tite-wrap" packages using waxed 1 side papers. (a) Exception: In the case of outer carton wrappers for packages of biscuits and crackers weighing	Opaque Non-opaque except super-calendered. Super-calendered. Qlassine.	24 25	ss සිසිපිට
(a) Exception: In the case of outer carton wrappers for packages of biscuits and crackers weighing one pound and over.	Opaque or non opaque Super-calendered		
(2) For wrapping or packaging cercals.	Opaque Non-opaque Glassine or super-calendered.	ងនេង	ග ශ න
(3) For wrapping or packaging frozen foods, such as fruits, vegetables, meats, poultry and fish. (Carton wraps only).	Opaque Non-opaque, except super- calendered.	23 23	ເວ ເວ
(4) Delicatessen paper (the type of waxed paper commonity sold for use in dispensing of food in retail distribu-	Super-calendered	24 21	න න
tion). (5) For wrapping or packaging sugar	All	1	យ
(a) Single sheet, not laminated (b) Laminated	All Glassine and sulphite combinations. All other combinations	នួ	27 49
(7) Sandwich wrappers (8) Florist tissue (9) For wrapping or packaging chewing gum:	*All other combinations All All		ន្តជន

PART 3288—PLUMBING AND HEATING EQUIPMENT¹

[General Limitation Order L-199 As Amended September 22, 1943]

PLUMBING & HEATING TANKS

Section 3288.6 General Limitation Order L-199 is hereby amended to read as follows:

§ 3288.6 General Limitation Order L-199—(a) Definitions. For the purpose of this order:

(1) "Tank" means any metal expansion tank, metal domestic hot water storage tank, metal range boiler, metal tank for any underfired storage water heater and metal tank for hot water generators, if the tank or range boiler is used in domestic hot water supply systems or in hot water space heating systems.

(2) "Domestic hot water supply system" means any system for supplying hot water used in whole or in part for bathing, washing, cleaning, cooking or other similar purposes. The term does not include any system for supplying hot

water solely for specialized industrial or agricultural purposes.

(3) "Hot water space heating system" means any system which is designed for the purposes of heating the interior of a building or other structure (including ships) by utilizing the heat of hot water.

(4) "Metal jacket" means any metal covering (but not any metal band two inches or less in width used to support dry insulation) for a tank, except any ferrous metal wire netting used as a base for the wet application of insulating materials

terials.
(5) "Metal tank support" means any metal device used for the purpose of suspending or supporting a tank and includes, but is not limited to, stands, pipe stands, brackets, cradles, platforms, saddles, hangers, legs, feet and angle, I-beam, channel and other structural iron or steel framework.

It does not include strap iron hangers, cast iron range boiler stands, supports for a metal tank for underfired storage water heater, cast iron cradles, cast iron legs and cast iron feet for water storage tanks.

(6) "Copper base alloy" means any alloy metal in the composition of which the percentage of copper metal by weight equals or exceeds 40 per cent of the total weight of the alloy. It includes alloy

metal produced from scrap.
(7) "Stainless steel" means corrosion or heat resistant alloy iron or alloy steel containing 10 per cent or more of chromium with or without nickel or other alloying elements.

(8) "Producer" means any person who manufacturers, fabricates or assembles new tanks.

(b) Manufacture and installation of metal jackets and supports. No person shall manufacture, or fabricate, any metal jacket or any metal tank support (whether or not for repair or replacement) except:

(1) To fill a specific contract, subcontract, or purchase order for use as part of the equipment of any aircraft, or any vessel other than pleasure craft; or

(2) For a tank which is an integral part of a machine.

(c) Use of copper and alloy steel in manufacture. No person shall use in the manufacture of a tank any copper, copper base alloy, non-ferrous metal, stainless steel, or monel metal except:

(1) For repair and replacement parts;(2) For temperature, pressure, vac-

uum safety valves;

(3) To the extent necessary to conform to the specifications, other than performance specifications, of the prime contractor in the manufacture of any tank which is being produced under a specific contract, subcontract, or purchase order for use as part of the equipment of any aircraft, or vessel for delivery to, or for the account of the Army, Navy, Maritime Commission or War Shipping Administration of the United States.

(d) Use of copper in installation of repair and replacement parts. (1) No person may install tank parts containing a total of more than two pounds of copper and copper base alloy as repair or replacement unless he takes from the

¹ Formerly Part 3072, § 3072.1. No. 190——2

tanks to be repaired at least an equal amount of these metals, within one pound, and arranges for its repair for re-use, or turns it in to a scrap dealer or other person who may accept delivery under Order M-9-b. Any replaced monel metal or stainless steel must also be repaired for re-use or delivered to a scrap dealer.

(2) No person may deliver or install copper, copper base alloy, monel metal or stainless steel tanks in existing inventories except to replace a non-ferrous tank of similar capacity or larger.

(e) Restrictions on manufacture of range boilers and tanks. (1) No person may fabricate, manufacture or assemble black iron, galvanized iron, or porcelain enameled range boilers; black iron or galvanized iron expansion tanks; or black iron or galvanized iron hot water storage tanks, except in accordance with the specifications in Schedules A, B, C, and D.

(2) The above restrictions shall not apply

(i) To any boiler or tank which, before the restrictions became applicable to it, was so machined or processed that its manufacture, in accordance with the schedules, would be impracticable.

(ii) To black iron or galvanized iron hot water storage tanks manufactured, fabricated or assembled of materials in any producer's inventory before December 1, 1943.

(iii) To any variation which is necessary to conform to the specifications, other than performance specifications, of the prime contractor in the manufacture of any boiler or tank which is being produced under a specific contract, subcontract or purchase order for use as part of the equipment of any aircraft or vessel for delivery to or for the account of the Army, Navy, Maritime Commission, or War Shipping Administration of the United States.

(f) Tanks to be delivered only on rated orders. No person shall deliver any new tank except on an order rated A-10 or higher.

(g) Appeals. Any appeal from the provisions of this order shall be filed on Form WPB-1477 (formerly PD-500) with the field office of the War Production Board, for the district in which is located the plant or branch of the person filing the appeal.

(h) Communications. All communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Plumbing and Heating Division, Washington 25,

D. C., Reference L-199.

(i) Reports. Each producer shall execute and file with the War Production Board such reports as the War Production Board-may specify from time to time, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(j) Violations. Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

Issued this 22d day of September 1943.

War Production Board, By J. JOSEPH WHELAN, Recording Secretary.

ECHEDULE A

- ELACK IRON OR GALVANIZED RANGE BOILERS—STANDARD AND EXTRA HEAVY—PERMITTED SPECIFICATIONS

Inside diameter of tank	Length of shell (length of sheet—not over-all length)	Nominal capacity	Tappings pipe size	Tappings	Maximum working pressuro (standard)	Maximum working pressuro (extra heavy)
Inches 12 12 12 14 18 20 24	Inches 30 60 60 60 60 60	U. S. gals. 15 30 40 66 82 120	Inches 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1	Number 6 6 6 6 6 6 6	Lbs./sq. in. 85 85 85 85 85 85 85	Lbs./sq. in. 150 150 150 150 150 150 150

Construction: Welded seams only. Hand Holes and Manholes: None permitted.

Inspection Tapping: None permitted.

Working Pressure:
"Standard"—85 pounds per square inch maximum working pressure, 200 pounds per square inch hydrostatic test pressure.

"Extra Heavy"—150 pounds per square inch maximum working pressure, 250 pounds per square inch hydrostatic test pressure.

Tappings: Six tappings: One side tapping, 6 inches from the top edge of sheet, and one 6 inches from the bottom edge of sheet in line; two tappings in the top; one tapping in the bottom; and one tapping on the side at 180° from the line of the other two side tappings-15 gallon size tanks to have such tappings 9 inches from the bottom edge of sheet, all other size tanks to have such tapping 18 inches from the bottom edge of sheet.

Dip Tubes: Dip tubes may be furnished when desired, provided no non-ferrous metal, monel metal, or stainless steel is used.

SCHEDULE B

PORCELAIN ENAMELED RANGE BOILERS-PERMITTED SPECIFICATIONS

Standard Sizes (Nominal capacity):	Hydrostatic test pressure (pounds per square inch)
30 U. S. gallons	300

Enameled range boilers shall be constructed in accordance with Commercial Standards TS 3488.

EXPANSION TANKS-PERMITTED SPECIFICATIONS

Inside diameter (inches)	Length of shell (lengthof sheet— not over-all length) (inches)	Nominal capacity	Finish	Д.Дро

PART 3292—AUTOLIOTIVE VEHICLES, PARTS
AND EQUIPMENT 1

[Limitation Order L-106, as Amended September 22, 1943]

USE OF COPPER OR COPPER BASE ALLOY PRODUCTS IN AUTOMOTIVE PARTS

The fulfillment of requirements for the defense of the United States having created a shortage in the supply of copper and copper base alloy products entering into the production of automotive parts and components thereof, for defense, for private account and for export; the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3292.66 ¹ Limitation Order L-106— (a) Applicability of regulations. This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(b) Definitions. For the purposes of

this order:

(1) "Passenger automobile" means any passenger vehicle, including station wagons and taxicabs, propelled by an internal combustion engine and having a seating capacity of less than eleven (11) persons.

(2) "Light motor truck" means a complete motor truck or truck-tractor with a maximum gross vehicle weight rating of less than 9,000 pounds, as authorized by the manufacturer thereof, or the

chassistherefor.

- (3) "Medium and/or heavy motor truck" means a complete motor truck or truck-tractor with a maximum gross vehicle weight rating of 9,000 pounds or more, as authorized by the manufacturer thereof, or the chassis therefor.
- (4) "Truck trailer" means a complete semi-trailer or full trailer for the transportation of property or persons, or the chassis therefor.
- (5) "Passenger carrier" means a complete motor coach for passenger transportation, having a seating capacity of not-less than eleven (11) persons.
- (6) "Motorized fire equipment" means the chassis of a passenger automobile, light, medium or heavy motor truck, truck-tractor or trailer, used for the transportation of fire-fighting personnel or equipment.
- (7) "Off-the-highway motor vehicle" means a motor truck, truck-tractor and/or trailer, operating off the public highway, normally on rubber tires and specially designed to transport materials, property or equipment on mining, construction, logging or petroleum development projects.
- (8) "Copper" means unalloyed copper metal, including unalloyed copper metal produced from scrap.
- (9) "Copper base alloy" means any alloy metal in the composition of which the percentage of copper metal by weight

equals or exceeds forty percent (40%) of the total weight of the alloy. It shall include alloy metal produced from scrap.

(10) "Copper products" means products made of copper, fabricated to the extent that they are plate, sheet, strip, rolls, coils, wire, rod, bar, tube, tubing, pipe, extrusions, ingots, castings, forgings, powder or anodes, or fabricated to any greater extent.

(11) "Copper base alloy products" means products made of copper base alloy, fabricated to the extent that they are plate, sheet, strip, rolls, coils, wire, rod, bar, tube, tubing, pipe, extrusions, ingots, castings, forgings, powder or anodes, or fabricated to any greater extent.

- (12) "Less critical material" means material essential to the War Program, the supplies of which are less critical according to the Material Substitutions and Supply List issued periodically by the Conservation Division of the War Production Board.
- (13) "Automotive part" or "parts" means parts entering into the production of, or as replacement parts for, passenger automobiles, light motor trucks, medium and/or heavy motor trucks, truck trailers, passenger carriers, motorized fire equipment and off-the-highway motor vehicles (including components entering into such parts).
- (14) "Producer" means any individual, partnership, association, corporation or other organization engaged in the production of automotive parts. This definition is not deemed to include parsons engaged solely in the business of distributing automotive replacement parts, or persons engaged in the installation of automotive replacement parts on a motor vehicle, when any processing of such parts is incidental to such installation, such as distributors and dealers in parts and service stations, garages and repair's shops.
- (15) "Process" means to cut, draw, machine, stamp, melt, cast, forge, roll, turn, spin, or otherwise shape copper products or copper base alloy products.
- (c) General restrictions. (1) No producer shall process any copper products or copper base alloy products in the production of automotive parts other than in the following parts:
- (i) Radiators. Water courses and tanks of copper alloy containing not more than seventy-one (71) per cent copper.
- (ii) Cooling system control devices. (a) Pressure type radiator sealing caps of copper base alloy containing not more than 74% copper. (b) Thermostats of copper base alloy containing not more than 74% copper, except that the thermostat bellows may be made of copper base alloy containing not more than 85% copper.
- (iii) Electrical equipment. Only parts functioning as electrical conductors in the

following accemblies: coils; distributors; generators; lamp bulbs; starting motors; algnaling devices; switches; wiring (including bulk or spooled primary wire, spark plug wire, battery cable and magnet wire) battery terminals of copper alloy containing not more than seventy-one per cent (71%) copper; colenoids, relays, regulators and instruments (non-current carrying parts for solenoids, relays, regulators and instruments which must be non-magnetic may be made from copper alloy containing not more than 71% copper) electric motors for windshield wipers and defrosters; electric motors for heaters for paccenger carriers and trucks only; electric motors for ventilators for passenger carriers only; actuating devices for passenger carriers, trucks and truck trailers only; refrigeration units for trucks and truck trailers only. Heavy duty truck and bus type brush holders.

(Iv) Tubing and tube fittings. Tubing, tube fittings and actuating parts for pneumatic and electro-pneumatic systems in motor trucks, truck trailers, passenger carriers, motorized fire equipment and off-the-highway motor vehicles, such as brake systems, gauges, door operating mechanisms, air steering mechanisms, air gear shift mechanisms, air clutch and winch control mechanisms, air operated gasoline throttle control, windchield wipers, interlecks, heating and ventilating controls, signal horns and directional signals, where condensation and correcton make substitution of less critical material impractical.

Tube fittings for hydraulic systems, oil lines and fuel lines when such fittings are machined from castings (containing not more than 74% copper and made without the use of any primary copper or tin), forgings, or special or irregular section extruded brass red, provided that such methods of manufacture were used by the producer prior to May 6, 1942.

Inserts (or ferrules) when required for tube fittings made from a ferrous material.

- (v) Bearings, bushings, thrust washers and similar parts which require oil, grease or water lubrication: Provided, That the use of Copper or Copper Base Alloy shall be reduced by substitution of steel-backed for colld-bronze bushings in all cases where load characteristics and diameter, length or wall thickness, make such substitution practicable.
- (vi) Carburetor and fuel pump parts. These parts having metering, seating, filtering or anti-friction characteristics such as jets, nezzles, seats, metering rods, floats, cereens, springs and bearings; drill plugs, where non-corresive metal is required to facilitate removal for cleaning.
- (vii) Plating. For parts in connection with carburizing steel; where substituted for solid copper and copper base alloys; for protection from corresion due to electrolysis where other material cannot be used, as in hydraulic brake parts which come in contact with brake fluid.
- (vili) Gaskets. Spark plug gaskets (internal only); washers or solid gaskets where proper cealing is not possible with the use of less critical material; water hole grommets

¹ Formerly Part 933, § 933.9.

for gaskets where size prohibits the use of less critical material from a manufacturing standpoint, or where design provides insufficient sealing with less critical material.

(ix) Transmissions, including synchromesh, fluid coupling, hydromatic and pneumatic types. Fluid coupling seal bellows, transmission gear synchronizer cones, thrust washers, thrust plates and rivets.

(x) Brazing materials. For joining functional parts of multiple-piece construction.

(xi) Powdered copper. For briquetted bearings.

(xii) Used as a minor alloying element in alloys other than copper base alloys. In ferrous alloys; bearing metals; zinc die castings for carburetors and fuel pumps; aluminum alloys for pistons.

(xiii) Clutch facings and brake linings. Only in the form of grindings or brass chips for medium and heavy motor trucks, truck trailers, passenger carriers, motorized fire equipment and off-the-highway motor vehicles; except that in clutch facings for such vehicles, copper in the form of wire may be used only where a less critical material is impractical.

(xiv) Speedometers, tachometers, heat indicators and oil gauges. Frames, capillaries, bulbs, bushings, bearings, magnet cups, reset pawls, springs, speed cups, sectors, gears, shoes, links, washers, pins, bourdon tubes.
(xv) Miscellaneous. Tire inner tube valve

parts; small stampings for door locks, keys and lock tumblers; fuel filter screens; shutoff cocks and drain cocks; caps and valves for safety type auxiliary fuel tanks.

(2) Whenever copper products or copper base alloy products are used in the production of any Automotive Part, as permitted by paragraph (c) (1) above, such copper products or copper base alloy products shall be reduced to the minimum practical gauge, size and grade of copper or copper base alloy product necessary for the proper operation of the part. No producer may use copper products or copper base alloy products in the production of any automotive part, as permitted by paragraph (c) (1) above, where the use of any less critical material is practicable.

(3) Whenever Limitation Order L-158 as amended, or Conservation Order M-9-c, as amended, or any other order of the War Production Board, imposes limitations upon the manufacture, sale or delivery of automotive parts more restrictive than provided in this order, the provisions of such other order shall apply.

(d) Army and Navy exemptions. The prohibitions and restrictions contained in this order shall not apply to the use of Copper Products or Copper Base Alloy Products in the manufacture of automotive parts produced under contracts or orders for delivery to, or for the account of, the Army or Navy of the United States where such use is required by the specifications (including performance specifications) of the prime contract.

(e) Records. All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, material specifications, purchases, production and sales.

(f) Audit and inspection. All records required to be kept by this order shall upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(g) Reports. All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as the Board shall from time to time require.

(h) Violations. Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States. is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance by the War Production Board.

(i) Appeals. Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(j) Communications. All communications concerning this order shall be addressed to: War Production Board, Automotive Division, Washington 25, D. C., Ref: L-106.

Issued this 22d day of September 1943. WAR PRODUCTION BOARD, By J. JOSEPH WHELAN, Recording Secretary.

[Direction 2 to General Preference Order M-21-b-21

STOCK REPLACEMENT BY DISTRIBUTORS OF MERCHANT TRADE PRODUCTS

Order M-21-b-2, as amended August 16, 1943, provides that the only deliveries that may be used by a steel warehouse or dealer as a basis for stock replacement are those made pursuant to CMP Regulation No. 4. These include only five types of deliveries: (1) on an authorized controlled material order; (2) on an order rated AAA; (3) on an order bearing a farmer's certificate as provided in Priorities Regulation No. 19; (4) on an order of \$10 or less, in which case no endorsement is required; (5) within the limits set forth in paragraph (d) (4) (ii) of CMP Regulation No. 4, in which case the endorsement prescribed in that paragraph must be used.

However, because of language formerly contained in Priorities Regulation No. 19. many distributors have made deliveries to farmers without requiring any certificate or endorsement. In order to enable distributors to use these deliveries

as a basis for stock replacement, the following direction is issued:

(a) Warehouses. In addition to the doliveries referred to in paragraph (c) (3) (ii) of Order M-21-b-2, deliveries from stock made by a warehouse to farmers from April 1 to December 31, 1943, inclusive, and not proviously replaced or ordered for replacement, may be used by the warehouse to support orders for stock replacement accompanied by Form WPB-2444 (CMP-11).

(b) Dealers. In addition to the deliveries referred to in paragraph (h) (1) of Order M-21-b-2, deliveries from stock made by a dealer to farmers from April 1 to December 31, 1943, inclusive, and not previously re-placed or ordered for replacement, may be used by the dealer to support orders for stock replacement endorsed as provided in paragraph (h) (2).

(c) Effective period. This direction covers only deliveries made to farmers prior to January 1, 1944. No deliveries made on or after that date may be used by warehouses or dealers to support orders for stock replacement, except deliveries made in conformity with CMP Regulation No. 4.

Issued this 23d day of September 1943. WAR PRODUCTION BOARD. By J. Joseph Whelan, Recording Secretary.

[F. R. Doc. 43-15517; Filed, September 23, 1943; 11:52 a. m.]

PART 1042-IMPORTS OF STRATEGIC MATERIALS

[General Imports Order M-63 as Amended Sept. 23, 1943]

§ 1042.1 General Imports Order M-63—(a) Definitions. For the purposes of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, or any organized group of persons, whether or not incorporated.

(2) "Owner" of any material means any person who has any property interest in such material except a person whose interest is held solely as security for the payment of money.

(3) "Consignee" means the person to whom a material is consigned at the time of importation.

(4) "Import" means to transport in any manner into the continental United States from any foreign country or from any territory or possession of the United States (including the Philippine Islands). It includes shipments into a free port, free zone, or bonded custody of the United States Bureau of Customs (bonded warehouse) in the continental United States and shipments in bond into the continental United States for transshipment to Canada, Mexico, or any

other foreign country.
(5) "Place of initial storage" means any warehouse, yard ground storage, or other place, to which the person making the entry or withdrawal from custody of the United States Bureau of Customs of material imported subject to this order directs or has directed that such material be transported from the port of entry to be held until disposed of pursuant to this order.

- (6) Material shall be deemed "in transit" if it is afloat, if an on board ocean bill of lading has actually been issued with respect to it, or if it has actually been delivered to and accepted by a rail, truck, or air carrier, for transportation to a point within the continental United States.
- (7) "Governing date" with respect to any material means the date when such material first became subject to General Imports Order M-63.
- (b) Restrictions on imports of materials-(1) General restriction. No person, except as authorized in writing by the War Production Board, shall purchase for import, import, offer to purchase for import, receive, or offer to receive on consignment for import, or make any contract or other arrangement for the importing of, any material subject to this order after the governing date. The foregoing restrictions shall apply to the importation of any material subject to the order, regardless of the existence on the governing date or thereafter of any contract or other arrangement for the importation of such material. The materials subject to this order are those listed from time to time upon List I, List II, and List III attached hereto.
- (2) Authorization by War Production Board. Any person desiring such authorization, whether owner, purchaser, seller, or consignee of the material to be imported, or agent of any of them, shall make application therefor in duplicate on Form WPB-1041 (formerly PD-222C) addressed to the War Production Board, Ref.: M-63, Washington, D. C. Unless otherwise expressly permitted, such authorization shall apply only to the particular material and shipment mentioned therein and to the persons and their agents concerned with such shipment; it shall not be assignable or transferable either in whole or in part.
- (3) Restrictions on financing of imports. No bank or other person shall participate, by financing or otherwise, in any arrangement which such bank or person knows or has reason to know involves the importation after the governing date of any material subject to this order, unless such bank or person either has received a copy of the authorization issued by the War Production Board under the provisions of paragraph (b) (2) or is satisfied from known facts that the proposed transaction comes within the exceptions set forth in paragraph (b) (4).
- (4) Exceptions. Unless otherwise directed by the War Production Board, the restrictions set forth in this paragraph (b) shall not apply:
- (i) To the Board of Economic Warfare, Commodity Credit Corporation, Metals Reserve Company, Defense Supplies Corporation, or any other United

- States governmental department, agency, or corporation, or any agent acting for any such department, agency, or corporation: or
- (ii) To any material of which any United States governmental department, agency, or corporation is the owner at the time of importation, or to any material which the owner at the time of importation had purchased or otherwise acquired from any United States governmental department, agency, or corporation: or
- (iii) To any material which on the governing date was in transit to a point within the continental United States.
- (iv) To materials imported by mail where the value of the shipment is less than \$100.00; or
- (v) To materials consigned as gifts or as samples, or for use as samples, or imported for personal use, where the value of each consignment or shipment is less than \$200.00; or
- (vi) To materials consigned as gifts for personal use by or to members of the Armed Services of the United States;
- (vii) To any material on List I or List II imported by any person under any contract or other arrangement made before, or in existence on the governing date and which, on December 20, 1942, was in transit to a point within the continental United States; or
- (viii) To manufactured materials which are imported in bond solely for the purpose of having them repaired and then returned to the owner outside the continental United States; or
- (ix) To materials which were grown, produced, or manufactured in the continental United States, and which were shipped outside the continental United States on consignment or pursuant to a contract of purchase, and which are now returned as rejected by the prospective purchaser; or
- (x) To materials shipped into the United States in transit from one point in Mexico to another point in Mexico, or from one point in Canada to another point in Canada.
- (c) Restrictions on disposition of List I material. Except as hereinafter specifically provided in paragraph (d) hereof:
- (1) Restrictions upon owners and consignees. No owner or consignee of any material on List I which is imported after the governing date shall in any way, directly or indirectly:
- (i) Dispose of any interest in such material;
- (ii) Process or in any way change the physical condition of such material;
- (iii) Transfer possession, or cause or permit a transfer of possession, of such material except to the port of entry and from the port of entry to the place of initial storage of such material; or

- (iv) Change, or cause or permit a change of, the location of such material except to the port of entry and from the port of entry to the place of initial storage of such material.
- Provided: That a consignee of such material may dispose of his interest in such material to the extent necessary to complete any commitment or contract made prior to the governing date. The person to whom he disposes of such interest shall be subject to all restrictions imposed upon owners by this order.
- (2) Restrictions upon banks and persons similarly situated. No bank or other person which, as agent, pledgee, beneficiary under a trust receipt, or otherwise, has possession of or any interest in any written instrument evidencing any interest in any material on List I shall in any way, directly or indirectly, dispose of any such interest, or transfer possession, or cause or permit a transfer of possession, of such instrument, unless:
- (i) Such material was imported before the governing date; or
- (ii) Such person neither knows nor has reason to know that such material was imported after the governing date; or
- (iii) Such disposition or transfer is necessary to permit a consignee to make a permissible disposition of material in accordance with subparagraph (1) of this paragraph (c); or
- (iv) Such disposition or transfer is made to the owner of the material and such owner has complied with all the provisions of this order.
- (d) Permissible disposition of List I materials — (1) Transfer to governmental agency. Nothing contained in this order shall prohibit an owner or consignee of any material on List I imported after the governing date, or a bank or other person having possession of, or an interest in, a written instrument evidencing an interest in such material, from disposing of, or making any arrangement to dispose of, any interest in such material to the Office of Economic Warfare, Commodity Credit Corporation, Metals Reserve Company, Defense Supplies Corporation, or any other United States governmental department, agency, or corporation.
- (2) Authorization by War Production Board. Notwithstanding the provisions of paragraph (c), an owner or consignee of material on List I imported after the governing date or a bank or other person having possession of or an interest in a written instrument evidencing an interest in such material, may process such material or may dispose of any interest in such material or any such written instrument, or transfer possession or change the location thereof, or cause or permit such a transfer of possession or change of location, upon written authorization by the War Production Board. Any such person may make application in duplicate for such an authorization on Form WPB-1039 (formerly PD-222A), which form shall

be addressed to the War Production Board, Ref.: M-63, Washington 25, D. C.

(3) Exceptions. The restrictions set forth in paragraph (c) shall not apply to any material after any United States governmental department, agency, or corporation becomes the owner thereof, and shall not apply to any material of which any United States governmental department, agency, or corporation is the owner at the time of importation; and shall not apply to any material purchased or otherwise acquired from any United States governmental department, agency, or corporation.

(e) Restrictions on disposition of List II or List III material. Unless otherwise provided by the terms of the authorization issued pursuant to paragraph (b) (2), any material on List II or List III, which is imported in accordance with the provisions of this order after the governing date, may be sold, delivered, processed, consumed, purchased, or received without restriction under this order, but all such transactions shall be subject to all applicable provisions of the regulations of the War Production Board and to all orders and directions of the War Production Board which now or hereafter may be in effect with respect to such material.

(f) Reports—(1) Reports on customs entry. No material which is imported after the governing date, including materials imported by or for the account of the Board of Economic Warfare, Commodity Credit Corporation, Metals Reserve Company, Defense Supplies Corporation, or any other United States governmental department, agency, or corporation, shall be entered through the United States Bureau of Customs for any purpose, whether for consumption, for warehouse, in transit, in bond, for re-export, for appraisal, or otherwise, unless the person making the entry shall file with the entry Form WPB-1040 (formerly PD-222B) in duplicate. The filing of such form a second time shall not be required upon any subsequent entry of such material through the United States Bureau of Customs for any purpose; nor shall the filing of such form be required upon the withdrawal of any material from bonded custody of the United States Bureau of Customs, regardless of the date when such material was first transported into the continental United States. Both copies of such form shall be transmitted to the Collector of Customs to the War Production Board, Division of Stockpiling and Transportation, Ref.: M-63, Washington 25, D. C.

(2) Other reports. All persons having any interest in, or taking any action with respect to, any material imported after the governing date, whether as owner, agent, consignee, or otherwise, shall file such other reports as may be required from time to time by the War Production Board.

(g) Routing of communications. All communications concerning this order shall, unless otherwise herein directed, be

addressed to: War Production Board, Washington 25, D. C., Ref.: M-63.

(h) Violations. Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or who furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority assistance. In addition, the War Production Board may direct the disposition and use of any material which is imported without authorization as required by paragraph (b).

(i) Applicability of priorities regulations. This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(j) Effect on liability of removal of material from order. The removal of any material from the order shall not be construed to affect in any way any liability for violation of the order which accrued or was incurred prior to the date of removal.

Issued this 23d day of September 1943. WAR PRODUCTION BOARD, By J. JOSEPH WHELAN, Recording Secretary.

Note: "Brushes, n. s. p. f." added Sept.

23, 1943.

The numbers listed after the following materials are commodity numbers taken from Schedule A, Statistical Classification of Imports of the Department of Commerce (issue of January 1, 1943). Materials are included in the list to the extent that they are covered by the commodity numbers listed below. If no commodity number is listed, the description given shall control.

Moved from List II 9/23/43.

N. S. C.—No separate class or commodity number has been assigned for the material as described by the Department of Commerce, Statistical Classification of Imports.

INTERPRETATION 1

No authorization under paragraph (b) of the order is necessary for the release or withdrawal of materials on List II or List III from a free port, a free zone, or the bonded custody of the United States Bureau of Customs (bonded warehouse) in the continental United States regardless of the date when such materials first entered such place. The actual importation, which is the subject of restriction under paragraph (b), is deemed to have occurred before the question of release or withdrawal arises. Also, no authorization under paragraph (d) of the order is necessary for the subsequent disposition, processing, or shipment of such released or withdrawn List II and List III materials.

As to List I materials which are similarly situated, no authorization under paragraph (b) of the order is necessary for their release or withdrawal from free port, free zone, or bonded custody, but authorization under

paragraph (d) of the order is necessary for their subsequent disposition, processing, or shipment unless they are shipped in bond to Canada, Mexico, or some other foreign country, in which event the foreign destination is deemed to be the place of initial storage as such term is used in the order; Provided, however, That List I materials which are imported in bond after July 2, 1942, can be shipped to Mexico, Canada, or some other foreign country without the express authorization required under paragraph (d) only if the import application filed under paragraph (b) stated that the material was being imported for the purpose of such export shipment. (Issued June 30, 1942, and amended Sept. 23, 1943.)

INTERPRETATION 2

The following official interpretation is hereby issued by the War Production Board with respect to the meaning of the term "in transit" as defined in paragraph (a) (6) of General Imports Order M-63 (§ 1042.1) as amended:

By amendment dated December 17, 1942, the definition of material "in transit" was changed by adding the following clause, "or if it has actually been delivered to and accepted by a rail, truck, or air carrier, for transportation to a point within the continental United States." The question has been raised as to the meaning of the term as applied to a case where the material on the governing date had been delivered to and accepted by a rail, truck, or air carrier on a through bill of lading for transportation to a specified port and from thence by boat to a point within the continental United States.

The material in the stated case is not deemed to be in transit within the meaning of the term as used in the order. If the material is to be carried to the port of arrival in the continental United States by ship, the material must have been afloat, or an on board ocean bill of lading must have been issued with respect to it, on the governing date in order for it to be considered as having been in transit on such date.

Material which has been delivered to and accepted by a rail, truck, or air carrier on the governing date for transportation to a point within the continental United States is deemed to be in transit within the meaning

M

of the term as used in the order only when the transportation specified in the bill of lading issued by such carrier calls for delivery of the material at the port of arrival in the continental United States by rail, truck, or air carrier, not by ship. (Issued March 5, 1943.)

INTERPRETATION 3

When by amendment of the order a material already on List II or List III is moved to List I and hence becomes subject to the restrictions of paragraph (c) covering the disposition, processing, transfer, or change of location of such material, the governing date for the application of such restrictions is the effective date of the amendment by which the material was moved to List I and not the date when such material first became subject to General Imports Order M-63. (Issued May 14, 1943.)

[F. R. Doc. 43-15518; Filed, September 23, 1943; 11:51 a. m.]

PART 1042—Imports of Strategio Materials

[Supplemental General Imports Order M-63-a, as Amended Sept. 23, 1943]

Pursuant to General Imports Order M-63, as amended, which this order supplements, It is hereby ordered, That:

§ 1042.2 Supplemental General Imports Order M-63-a. Until further order of the War Production Board, the provisions of General Imports Order M-63, as amended June 2, 1942, and thereafter, shall not apply to materials on List III of said order which are located in, and are the growth, production, or manufacture of, and are transported into the continental United States overland, by air, or by inland waterway from, Canada, Mexico, Guatemala, or El Salvador, except with respect to materials listed on Schedule A attached hereto.

Issued this 23d day of September 1943.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,

Recording Secretary.

PART 3191-AIRCRAFT

- ·

[General Limitation Order L-313]

AIRCRAFT PLUMBING FITTINGS

The fulfillment of requirements for the defense of the United States has created a shortage in the supply for defense, for private account and for export, of aircraft plumbing fittings and critical materials entering into the production thereof, and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3191.26 General Limitation Order L-313—(a) Definitions. For the purpose of this order aircraft plumbing fittings means those fittings used for the connection of tubing, hose or pipe installed in the assembly of aircraft and aircraft components for the purpose of making a fluid tight joint.

(b) Restrictions. On and March 1, 1944, no producer of aircraft plumbing fittings of the types known as Army-Navy Aeronautical Standard (A. N. Standard), Air Corps 810 (A. C. 810), Air Corps 811 (A. C. 811), or Naval Aircraft Factory (N. A. F.) or similar types shall manufacture or deliver any of such types of aircraft plumbing fittings except A. N. Standard fittings for installation in aircraft and aircraft components.

(c) Exceptions. The provisions of this order shall not apply to the manufacture and delivery of aircraft plumbing fittings:

(1) To the Army Air Forces or the Navy Bureau of Aeronautics on direct purchase;

(2) To persons who have been specifically authorized to use other than A. N. Standard fittings by the Aircraft Scheduling Unit of the Aircraft Production Board, in the quantities and specifications set forth in the authorization:

(3) Which are non-metallic; or

(4) For maintenance installation in aircraft in which A. C. 810, A. C. 811, N. A. F. and similar types of aircraft plumbing fittings, delivered prior to March 1, 1944, were originally installed.

(d) Applicability of regulations. This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board as amended from time to time.

(e) Violations. Any person who wilfully violates any provision of this order or who in connection with this order wilfully conceals a material fact or fur-

nishes false'information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priorities control and may be deprived of priorities assistance.

(f) Communications. All reports to be filed, appeals and other communications concerning this order should be addressed to the Aircraft Scheduling Unit, Dayton, Ohio, Ref: L-313.

Issued this 23d day of September 1943. WAR PRODUCTION BOARD, By J. JOSEPH WHELAN, Recording Secretary.

[F. R. Doc. 43-15520; Filed, September 23, 1943; 11:51 a. m.]

PART 3270—CONTAINERS 1

[Limitation Order L-103 as Amended Sept. 20, 1943]

GLASS CONTAINER AND CLOSURE SIMPLIFICATION

§ 3270.46 1 Limitation Order L-103-(a) Applicability of regulations. This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(b) Definitions. For the purposes of this order:

(1) "Glass container" means any new machine-made bottle, jar, or tumbler which is made of glass and which is suitable for packing any product.

(2) "Closure" means any sealing or covering device affixed or to be affixed to a glass container for the purpose of retaining the contents within the con-

tainer.
(3) "Finish" of a glass container means the configuration of the neck or opening which serves to engage specific parts of the closure in order to affix it to

the glass container.
(4) "Design" of a glass container means the particular shape, weight, size, capacity, and contour of the body of such container (other than the finish), and shall include any lettering or decoration molded thereon, except the container manufacturers' identification marks.

(5) A "design in existence" means a design for which one or more molds have been cast and is further limited to the exact size and capacity of container produced therefrom.

(6) Any specification which refers to or includes the letters "G. C. A." means a specification (including the tolerances recognized with respect to such specification) issued by the Glass Container Association of America and in effect on May 11, 1942.

(7) "Exhibit" refers to the particular specifications set forth opposite an exhibit number (e. g. 10-40; 10-75; 50-23, etc.) as applied to the shape or contour appearing on the drawing, attached to this order, in connection with which such exhibit is listed. Any applicable footnotes appearing on said drawing shall be deemed to be incorporated in such specifications.

(c) Issuance of schedules of simplification of lines. The War Production Board may from time to time issue schedules establishing simplification practices with respect to the designs and/or finishes of glass containers for specific products. From and after the date of issuance of any such schedule no such containers shall be manufactured or used contrary to the provisions of such schedule: Provided, however, That

(1) Subject to the provisions of subparagraph (2) of this paragraph (c), nothing in this order or any schedule hereof shall prevent the manufacture, sale, delivery or use, for the packaging of any product, of any glass container which differs from any standard glass container established for such product by any schedule solely by reason of:

(i) The location of indented or other

label space;

(ii) The degree of curvature of the shoulder and heel of the container;

(iii) The amount and location of any lettering which indicates capacity only;

(iv) A difference in height or weight when such difference does not exceed 5 percent of the height or weight shown for the applicable standard glass container:

(v) The existence or location of stippling or fluting.

(2) No person shall manufacture, sell, deliver or use any glass container pursuant to the provisions of subparagraph (1) of this paragraph (c) unless

(i) Such glass container is manufactured within nine months after the date as of which the product for which it is to be used was first referred to in any schedule of this order. (For reference purposes the "cut off" date applicable to glass containers for each such product in accordance with this paragraph (c) (2) (i) is listed in Table I, annexed hereto.)

(ii) Such glass container is manufactured from a mold which was actually in existence prior to the date of issuance of any applicable schedule; and

(iii) The design of such glass container has been submitted to the War Production Board, Washington, D.C., Ref. L-103, and approved as within the exemption provided by subparagraph (1) of this paragraph (c).

¹Formerly Part 1193, § 1198.1.

- (d) Exhibits. The exhibits listed on the drawings attached to this order shall have no application except as they are specifically referred to in this order or are established as standard glass containers by the provisions of any schedule issued pursuant to paragraph (c) hereof.
- (e) Freezing of all glass container designs not established as standards pursuant to any schedule of this order No person shall manufacture a glass container except:
- (1) Where the design of such container was in existence on May 11, 1942; or, failing this, where any variations from a design then in existence have been effected by alterations of molds in existence on or before May 11, 1942.
- (2) Where the design of such container corresponds to any exhibit attached to this order.
- (3) Where the design of such container has been submitted by any person to the War Production Board, Washington, D. C., Ref. L-103, and approved under one of the following conditions:
- (i) When no suitable glass container exists for packing a product not previously packed in glass;
- (ii) When it is necessary to design a special glass container in order that it can be used on an existing filling or packing line.
- (4) Nothing in subparagraphs (1) (2) or (3) of this paragraph (e) shall be deemed to permit the manufacture or use of glass containers contrary to the provisions of any schedule issued pursuant to paragraph (c) of this order.
- (f) Allowance of normal operating tolerances. (1) Nothing in this order or any schedule hereof shall
- (i) Prevent variations in the design or finish of a glass container within the limits of normal operating tolerances.
- (ii) Prohibit the usual differences in glass container design when manufactured on glass container machinery of different types.
- (g) Interchangeable finishes. (1) Unless specifically stated to the contrary in any schedule, nothing in this order or any schedule hereof shall prevent the interchange of finishes on glass containers described in an exhibit attached to this order, Provided.
- (i) Such interchange can be effected without alteration of the specified body mold; and

- (ii) The interchanged finish is no greater in diameter than that appearing on the exhibit for the body design to which it is to be applied, or, if another type of finish is used, no larger than the corresponding size of that type of finish.
- (iii) The capacity resulting from such interchange is no less than the capacity shown in the applicable exhibit.
- (2) Nothing in this order or any schedule hereof shall prevent the modification of the weight, height, or capacity of a glass container described in any exhibit of this order to the minimum extent required by any interchange of finshes in accordance with the conditions of subparagraph (1) of this paragraph (g)
- (h) Extent of prohibitions against replacement of molds. (1) Whenever any provision of this order or any schedule hereof prohibits the replacement of existing molds, such prohibition shall extend to the body mold only and shall not be deemed to prohibit the use of new neck rings nor new blank molds or other equipment necessary for use with a body mold.
- (i) Export. Nothing in this order or any schedule hereof shall affect the manufacture, sale or delivery of glass containers intended to be shipped empty out of the forty-eight states of the United States and the District of Columbia; Provided, That said glass containers are of designs which were in existence on or before May 11, 1942.
- (j) Miscellaneous provisions—(1) Appeal. Any appeal from the provisions of this order shall be made by filing a letter-in triplicate referring to the particular provision appealed from and stating fully the grounds of the appeal.
- (2) Violations. Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.
- (3) Communications to War Production Board. All reports required to be

filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to: 'War Production Board, Containers Division, Washington, D. C., Ref. L-103.

Issued this 20th day of September 1943.

PART 3285—LUMBER AND LUMBER PRODUCTS 1

5.3

[Limitation Order L-218, as Amended September 23, 1943]

DOUGLAS FIR LUMBER

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of Douglas fir lumber for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3285.6 Limitation Order L-218-(a) Definitions. For the purposes of this order:

(1) "Restricted Douglas fir lumber" means any sawed lumber (except shingles or lath) of any size or grade, whether rough, dressed on one or more sides or edges, dressed and matched, shiplapped, worked to pattern, or grooved for splines, of the species of Pseudotsuga taxifolia, produced in those parts of Oregon and Washington lying west of the crest of the Cascade Mountain Range, but not including No. 3 boards, No. 3 dimension or No. 3 timbers, or any grade of factory or shop lumber, and not including plywood, veneer or used lumber.

(2) "Producer" means any plant located in Oregon or Washington which processes, by sawing, edging, planing or other comparable method, 25% or more of the total volume of logs and lumber purchased or received by it, and which sells as lumber the product of such processing. "Volume" means board foot volume processed or sold within the last six calendar months immediately prior to the transaction affected by this order.
(3) "Procuring Agency" means the

Central Procuring Agency of the Construction Division of the Corps of Engineers of the United States Army.

(b) General limitations. No producer shall sell, ship or deliver (including delivery by a producer to any distribution yard of such producer) any restricted Douglas fir lumber except that:

(1) Any producer may sell, ship or deliver (either directly or through one or more intervening persons) any restricted Douglas fir lumber to or for the account of the Procuring Agency or to or for the account of any contractor or other person designated by such agency; but only if there is endorsed on the purchase order or contract for such lumber a statement in substantially the following form, signed by the purchaser or by a responsible official duly designated for such purpose by the purchaser:

All restricted Douglas fir lumber covered by this purchase order (or contract) is to be sold, shipped or delivered to, or received by the Procuring Agency or a contractor or other person designated by such Agency, as required by Limitation Order I-218, with the terms of which I am familiar.

(Purchaser) By____ (Title or rank) Date____

Provided, however, That when a producer has received written directions from the Procuring Agency to sell, ship or deliver restricted Douglas fir lumber to any contractor or other person designated by such Procuring Agency, such producer may comply with such directions and no such endorsed purchase order or contract shall be required from such contractor or other person. Each endorsement made under the provisions of this order shall constitute a representation to the producer and to the War Production Board that the restricted Douglas fir lumber referred to therein will be sold, shipped, delivered, or received in accordance with such endorsement.

(2) Any restricted Douglas fir lumber which was actually in transit on October 29, 1942, may be delivered to its ultimate destination.

(3) Any producer may sell, ship or deliver any restricted Douglas fir lumber to any other producer.

(4) Any producer may sell, ship or deliver any restricted Douglas fir lumber upon the specific authorization of the War Production Board on Form PD-423, or upon the direction of the War Production Board pursuant to paragraph (c) of this order. Restricted Douglas fir lumber authorized to be sold, shipped, or delivered on Form PD-423 may be authorized to be sold, shipped or delivered to specified persons or uses, or it may be authorized to be sold, shipped or delivered subject to the restrictions of Conservation Order

M-208, as amended, without particularizing persons or uses.

(c) Allocations. The War Production Board may, from time to time, allocate specific quantities of restricted Douglas fir lumber to specific persons. It may also direct the specific manner and quantitles in which delivery shall be made to particular persons, and direct or prohibit particular uses of restricted Douglas fir lumber, or the production by any person of particular items of restricted Douglas fir lumber. Such allocations and directions will be made to insure the satisfaction of war requirements of the United States, both direct and indirect, and they may be made, in the discretion of the War Production Board, without regard to any preference ratings assigned to particular purchase orders or contracts. The War Produc-tion Board may also take into consideration the possible dislocation of labor and the necessity of keeping a plant in operation so that it may be able to fulfill war and essential civilian requirements.

(d) Effect of preference ratings. No preference rating shall have any force or effect with respect to deliveries of Douglas fir logs, or deliveries by producers of restricted Douglas fir lumber except of restricted Douglas fir lumber authorized to be sold, shipped or delivered on Form PD-423 without particularizing persons or uses and specifically made subject to the restrictions of Conservation Order M-208 as amended.

(e) Appeals. Any appeal from the provisions of this order should be made by filing a letter in triplicate referring to the particular provision appealed from and stating fully the grounds of the appeal.

(f) Violations. Any person who wilfully violates any provision of this order or who, in connection with this order. wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(g) Communications. All communications concerning this order shall be addressed as follows: Lumber and Lum-

¹ Formerly Part 3116, § 3116.1.

ber Products Division, War Production

Board, Washington 25, D. C., Ref.: L-218.
(h) Application of Order M-208. After January 12, 1943, the provisions of Conservation Order M-208 shall not apply to restricted Douglas fir lumber sold, shipped or delivered by producers in accordance with the provisions of this order except restricted Douglas fir lumber authorized to be sold, shipped or delivered on Form PD-423 without particularizing persons or uses and specifically made subject to the restrictions of Conservation Order M-208 as Amended January 12, 1943.

Issued this 23d day of September 1943.

WAR FRODUCTION BOARD, By J. JOSEPH WHELAN, Recording Secretary.

[F. R. Doc. 43-15513; Filed, September 23, 1943; 11:51 a. m.]

PART 3290-TEXTILE, CLOTHING AND LEATHER

[Conservation Order M-312, as Amended September 23, 1943]

COIR FIBER AND PRODUCTS

§ 3290.231 Conservation Order M-—(a) Definitions. For the purposes. of this order:

(1) "Coir" means the fiber obtained from the fibrous shell of the coconut.

(2) "Coir yarn" means single or plied yarn or roving, twisted or spun, by hand or by machine, from coir.

(3) "Coir rope" means a rope formed. of single or plied coir yarns laid or twisted together.

(4) "Coir product" means any product processed from coir or from coir yarn.

RESTRICTIONS

(b) Processing, use, delivery. (1) No person shall put any of the following grades of coir yarn or their equivalent to any commercial use except the manufacture of rope or except the manufacture of matting for ship's fenders for ultimate delivery to the Army or Navy of the United States, the Maritime Commission or the War Shipping Administration:

Special Superior Anjengo Star. Superior Anjengo A-AA-AAA. Superior Aratory A-AA-AAA. Real Allapat A-AA-AAA.

(2) No person shall put coir yarn (of grades other than those listed in subparagraph (1) above) or coir to any commercial use except as specifically authorized by the War Production Board, or except to produce:

(i) A coir product for ultimate delivery to, or for incorporation into any material for ultimate delivery to the Army or Navy of the United States, the Maritime Commission or the War Shipping Administration.

(ii) Sugar bags, if the coir yarn is spun from coir produced in Puerto Rico.

(iii) Rope.

(3) No person shall accept delivery of, deliver, purchase or sell any coir or coir yarn for any use not permitted by this order, and no person shall sell or deliver any coir or coir yarn to any person who he has reason to believe will put such material to a use not permitted by this order. .

(c) Importation. The importation of coir and coir products shall be made in conformity with the provisions of General Imports Order M-63, as amended from time to time.

EQUITABLE DISTRIBUTION

(d) Equitable distribution. It is the policy of the War Production Board that cojr and coir products, not required to fill rated orders, shall be distributed equitably. In making such distribution due regard should be given to essential civilian needs, and there should be no discrimination in the acceptance of filling of orders as between persons who meet the seller's regularly established prices and terms of sale or payment. Under this policy, every seller of coir and coir products, so far as practicable, should make available an equitable proportion of his merchandise to his customers periodically, without prejudice because of their size, location or relationship as affiliated outlets. It is not the intention to interfere with established channels and methods of distribution, unless necessary to meet war or essential needs. If voluntary observance of the policy outlined is inadequate to achieve equitable distribution, the War Production Board may issue specific directions to concerns. A failure to comply with a specific direction shall be deemed a violation.

GENERAL PROVISIONS

(e) Applicability of regulations. This order and all transactions affected thereby are subject to all the applicable regulations of the War Production Board, as amended from time to time.

(f) Appeals. Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(g) Communications. All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed War Production Board, Textile, Clothing, and Leather Division, Washington 25, D. C., Reference: M-312,

(h) Violations. Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtainingfurther deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 23d day of September 1943.

WAR FRODUCTION BOARD, By J. JOSEPH WHELAN, Recording Secretary.

PART 3291—CONSUMERS DURABLE GOODS [General Limitation Order L-227, as amended September 23, 19431

FOUNTAIN PENS AND MECHANICAL PENCILS

§ 3291.210 General Limitations Order L-227-(a) Definitions. For the purposes of this order:

(1) "Fountain pen" means a writing device which can hold more fluid than that retained by capillary attraction on the surface of its pen nib. A dip pen is a fountain pen whether or not a pen nib is attached to it.

(2) "Mechanical pencil" means a writing instrument having a movable core of marking material encased in a

housing.

(3) "Manufacturer" means a personwho produces or assembles fountain pens, or mechanical pencils or who manufactures or assembles any parts or repair parts made specifically for incorporation into these products.

(4) "Part" means any part made specifically for incorporation into a fountain pen or mechanical pencil except a

repair part.

(5) "Repair part" means any part made specifically for incorporation into a fountain pen or mechanical pencil which is not produced for or used in a new fountain pen or mechanical pencil.

(6) "Special order" means any order. contract or subcontract placed by or for the Army or Navy of the United States Cincluding Post Exchanges and Ship's Service Stores), the United States Maritime Commission, the War Shipping Administration, the Government of Canada, the government of any country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), and-government agencies or other persons acquiring products covered by this order for export to any foreign country under a license issued by the Office of Economic Warfare.

(b) Specifications for fountain pens, mechanical pencils, parts and repair parts. No manufacturer shall use any iron, steel, stainless steel, copper, copper base alloy, zinc or crude, reclaimed or synthetic rubber in the manufacture of fountain pens and mechanical pencils or parts or repair parts thereof, except:

(1) Low carbon steel for functional parts of fountain pens, other than pen nibs made specifically for incorporation

into a fountain pen:

(2) For functional parts of mechanical pencils not more than 8 pounds of low carbon steel per 1,000 pencils:

(3) Parts and repair parts already or partly fabricated from zinc before September 15, 1943, if zinc was used as permitted by any order in the M-11

(4) Copper in the production of silver or 14 karat gold pen nibs:

(5) Crude, reclaimed or synthetic rubber as permitted in Rubber Order R-1, as amended, or any relief granted pursuant to an appeal taken in accordance with the provisions of that order.

(c) Limitation on production of fountain pens and mechanical pencils, for all purposes. From July 1, 1943, through September 30, 1943, no manufacturer shall produce more than:

- (1) 834% of the total number of steel pen nib fountain pens produced by him during 1941;
- (2) 12½% of the total number of gold pen nib fountain pens produced by him during 1941;
- (3) 11¾% of the total number of mechanical pencils produced by him during 1941.
- (d) Restrictions on production and delivery of fountain pens and mechanical pencils to fill special orders. (1) On or after October 1, 1943, no manufacturer shall produce or deliver any fountain pens or mechanical pencils to fill special orders except according to quotas specifically approved by the War Production Board on Form WPB-2719 (formerly PD-880).
- (2) Each manufacturer must file this form with the War Production Board on or before the 15th days of March, June, September and December, showing his proposed production and delivery.
- (e) Restrictions on the production of fountain pens or mechanical pencils for other than special orders. For other than special orders, during the calendar quarter beginning October 1, 1943, and during each calendar quarter after that, no manufacturer shall produce more than
- (1) 5½% of the total number of steel pen nib fountain pens produced by him during 1941;
- (2) 7½% of the total number of gold pen nib fountain pens produced by him during 1941;
- (3) 5% of the total number of mechanical pencils produced by him during 1941.
- (f) Limitation on production of parts and repair parts for fountain pens and mechanical pencils for all purposes. (1) From July 1, 1943, through September 30, 1943, and during each calendar quarter after that, no manufacturer shall produce more parts, in addition to those which he assembles into completed fountain pens or mechanical pencils, than:
- (i) 12½% of the number of parts for fountain pens which he produced for sale to others as parts (not as assembled fountain pens) during 1941.
- (ii) 11%% of the number of parts for mechanical pencils which he produced for sale to others as parts (not as assembled mechanical pencils) during 1941.
- (2) From July 1, 1943, through September 30, 1943, and during each calendar quarter after that, no manufacturer shall produce more than 30% of the number of repair parts produced by him during 1941.
- (g) Special paragraph on plating. No manufacturer shall use in the production of fountain pens or mechanical pencils any plating, coating or other metal finish containing:
 - (1) Zinc, tin, cadmium or nickel;
- (2) Copper except as permitted by Order M-9-c.
- (h) Reports. Every manufacturer producing any fountain pens and mechanical pencils, parts or repair parts; shall file with the War Production Board, Washington 25, D. C., Ref.: L-227, Form

WPB-2719 (formerly PD-880) on or before the 15th days of March, June, September and December, executed in accordance with the instructions for filing that form.

(i) Avoidance of excessive inventories. No manufacturer shall accumulate for use in the manufacture of fountain pens and mechanical pencils, inventories of raw materials, semi-processed materials, or finished parts in quantities greater than the minimum amount necessary to maintain production at the rates permitted by this order.

(j) Violations. Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(k) Appeals. Any appeal from the provisions of this order should be filed on Form WPB-1477 (formerly PD-500).

(1) Applicability of other orders and regulations. This order and all transactions affected by this order are subject to the applicable regulations of the War Production Board. If any other order of the War Production Board limits the use of any material in the production of fountain pens and mechanical pencils to a greater extent then does this order, the other order shall govern unless it states otherwise.

(m) Communications. All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Consumers Durable Goods Division, Washington 25, D. C., Ref.: L-227.

Issued this 23d day of September 1943.

WAR PRODUCTION BOARD, By J. JOSEPH WHELAN, Recording Secretary.

[F. R. Doc. 43-15515; Flied, September 23, 1943; 11:51 a. m.]

PART 3302—SERVICE EQUIPMENT¹ [Limitation Order L-29, as Amended September 23, 1943]

METAL SIGNS

The fulfillment of requirements for the defense of the United States are created a shortage in the supply of iron and steel and other metals for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote national defense.

- § 3302.1 General Limitation Order L-29—(a) Definitions. For the purposes of this order:
- (1) "Signs" means all devices having an area of more than 36 square inches designed primarily to deliver or convey information, messages or ideas, including (but not limited to) neon tube and

other electrical signs, bill-boards, outdoor and highway signs, other than those mentioned in subdivision (iii) of this paragraph (a) (1) name plates, store front signs and indoor signs. "Signs", however, shall not include:

(1) Any type of plate, tag, emblem, insignia or marker which is or may be used by a governmental unit to evidence licensing or registration of any kind and for any purpose;

(ii) Lamps or bulbs for electrical signs, including but not limited to, incandescent and fluorescent lamps and tubes, and neon and all other kinds of tubing used as a source of light;

(iii) All mechanically or electrically operated traffic lights and signals, including but not limited to, warning devices for use on railroads, grade crossings and highways;

(iv) Any illuminated exit sign of the type commonly required to be installed in public buildings under the fire laws, and bearing no advertising matter.

- (2) "Metals" means all ferrous and non-ferrous metals except those contained in metallic paint.
- (3) "Metal signs" means signs, into the physical composition of which any metals are incorporated: *Provided*, That the weight of metals contained therein shall amount to at least 5 percent of the weight of the sign.
- (4) "Accessories" means all wiring and other electrical equipment (other than lamps or bulbs, including but not limited to, incandescent and fluorescent lamps and tubes, and neon and all other kinds of tubing used as a source of light) and frames, hanging brackets, stands, poles, booms, and other supporting devices designed primarily for use with signs.
- (5) "New accessories" means any accessories which have never been used with a sign.
- (6) "Manufacturer" means any person who is customarily engaged in the business of producing metal signs and/or accessories.
- (7) "To use" material means to put that material into production for the first time. (When a person is limited to a percentage of the material used in a base period, this limitation applies to the aggregate weight of such material when first put into production by that person, whether in the form of raw materials or as purchased parts.)

(8) "Base period" means the twelve months ending June 30, 1941.

(b) General restrictions. (1) During the period from March 25, 1942, to March 31, 1942, inclusive, the average daily use of iron and steel by any manufacturer in the production and installation of metal signs and/or new accessories shall not exceed his average daily aggregate use of metals for such purposes during the base period: Provided, That a manufacturer may use more than his quota of iron and steel under this subparagraph if, but only if, he reduces his quota under subparagraph (2) by an equivalent amount of iron and steel.

(2) During the three months' period beginning with April 1, 1942, no manufacturer shall use in the production and installation of metal signs and/or new

¹ Formerly Part 1043, § 1043.1.

accessories more iron and steel than 12½ percent of his aggregate use of metals for such purposes during the base period.

(3) Effective July 1, 1942, no manufacturer shall use any metals in the production of metal signs and/or accessories.

(4) Any person affected by this order shall sell material in his inventory only in accordance with the provisions of Priorities Regulation No. 13 (Part 944) and all other applicable orders and regulations.

(c) Avoidance of excessive inventories. Manufacturers of metal signs shall not accumulate for use in the manufacture or installation of such signs and/or accessories inventories of raw materials, semi-processed materials, or finished parts in quantities in excess of the minimum amount necessary to maintain production or installation of metal signs and/or accessories at the rates permitted by this order.

(d) Records. All persons affected by this order shall keep and preserve for not less than two years, accurate and complete records concerning inventories, production and sales.

(e) Audit and inspection. All records required to be kept by this order, shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

atives of the War Production Board.
(f) Reports. Any person affected by this order shall file with the War Production Board such reports and questionnaires as sald Board shall from time

to time prescribe.

(g) Violations. Any person who wilfully violates any provision of this order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this order may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U. S. C. 80).

(h) Appeals. Any appeal from the provisions of this order shall be made by filing Form WPB-1477 (formerly PD-500) with the field office of the War Production Board for the district in which is located the plant or branch of the appellant to which the appeal relates.

(i) Applicability of other orders. Insofar as any other order issued, or to be issued hereafter, limits the use of any material in the production and installation of metal signs and/or accessories to a greater extent than the limits imposed by this order, the restrictions in such other order shall govern unless otherwise specified therein.

(j) Applicability of regulations. This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(k) Communications. All reports to be filed, appeals and other communications concerning this order should be addressed to the War Production Board, Washington 25, D. C., Ref.: L-29.

Issued this 23d day of September 1943.

War Production Board, By J. Joseph Whelan, Recording Secretary.

Chapter XI-Office of Price Administration

PART 1306—IRON AND STEEL [RPS 41,1 Incl. Amdt. 8]

STEEL CASTINGS AND RAILROAD SPECIALTIES

The title and sections 1306.108, 1306.-109 (c), 1306.112 (a) (1), (3), (5), (b), (c) (1), (3), (5), (7), 1306.112, Table VI, 1306.113 amended; §§ 1306.112, Table V, 1306.113 (b), (c), added; §§ 1306.104, 1306.109 (d), (f) revoked; 1306.109 (e) redesignated 1306.109 (d), 1306.112 Table V redesignated Table VI by Amendment 8, effective September 28, 1943, so that Revised Price Schedule 41 shall read as follows:

The production of steel castings plays a critical role in the whole defense program. Steel castings at reasonable prices are essential to the increased flow of machines, tanks, ships, airplanes, guns, and, indeed, every variety of military and naval supplies, from the assembly line to the front line of the nation's defense.

Since January 1, 1941, the prices of steel castings have advanced to a point where a further increase would create pressure to raise the prices of ordnance, transportation equipment, and machinery of every description and cause unwarranted risk to our enlarged defense program in terms of delay and useless expense.

After a thorough investigation of costs and other factors relevant to the production and sale of steel castings and after numerous conferences with representatives of all branches of the steel castings industry, it has been decided in the interest of national defense and the public welfare, to establish maximum prices for steel castings of every description whatever.

Such specifications and standards as are used in this regulation were, prior to such use, in general use in the trade or industry affected.

[Preamble as amended by Supplementary Order 62, 8 F.R. 12553, effective 9-11-43]

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

Sec. 1306.100 Maximum prices for steel castings and railroad specialties. 1306.101 Less than maximum prices. 1306.102 Adjustable pricing. Evasion. 1306.103 [Revoked]. 1306:104 Records and reports. [Revoked]. 1306.105 1306.106 1306.107 Enforcement. 1306.108 Petitions for amendment and applications for adjustment. 1306.109 Definitions. 1306.110 Effective date of Price Schedule No. 41.

Sec. 1306.110a Effective dates of amendments.

1306.111 Geographical application.
1306.112 Appendix A: Maximum prices for steel castings.

1306.113 Appendix B: Maximum prices for railroad specialties.

1306.114 [Revoked].

AUTHORITY: §§ 1306.100 to 1306.114, inclusive, issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871 and E.O. 9228, 8 F.R. 4681.

§ 1306.100 Maximum prices for steel castings and railroad specialties—(a) Steel castings. Regardless of any contract or other obligation no producer shall sell or deliver, and no person shall buy or receive from a producer in the course of trade or business, any steel castings at prices higher than the maximum prices established in Appendix (§ 1306.112) of this revised price schedule and no producer or person purchasing from a producer or proposing to purchase from a producer shall agree, offer or attempt to do any of these things: Provided, That the provisions of this paragraph shall not be applicable to deliveries of steel castings hereinafter de-fined as "armor, ordnance, navy and ship and marine castings" if the orders for such castings were accepted prior to February 26, 1943 and if prior to March 28, 1943 such steel castings have been received by a carrier other than a carrier owned or controlled by the producer for shipment to such purchaser.

(b) Railroad specialties. Regardless of any contract or other obligation, no producer shall sell or deliver, and no person shall buy or receive from a producer in the course of trade or business, any railroad specialties at prices higher than the maximum prices established in Appendix B (§ 1306.113) of this revised price schedule, and no producer or person purchasing or proposing to purchaso from a producer shall agree, offer or attempt to do any of these things.

[§ 1306.100 as amended by Am. 4, 8 F.R. 2275, effective 2-25-43]

[Nore: Supplementary Order No. 31 (7 F.R. 8894; 8 F.R. 1312, 3702) provides that: "Notwithstanding the provisions of any price regulation, the tax on transportation of all property (excepting coal) imposed by section 620 of the Revenue Act of 1942 shall, for purposes of determining the applicable maximum price of any commodity or service, be treated as though it were an increase of 3% in the amount charged by every person engaged in the business of transporting property for hire. It shall not be treated, under any provision of any price regulation or any interpretation thereof, as a tax for which a charge may be made in addition to the maximum price."]

[Note: Revised Supplementary Order No. 34 (8 F.R. 12404) permits special packing expenses to be added to maximum prices on sales to procurement agencies of the United States.]

§ 1306.101 Less than maximum prices. Lower prices than those set forth in § 1306.112, Appendix A, and § 1306.113, Appendix B, may be charged, paid, or offered.

§ 1306.102 Adjustable pricing. Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but

²8 F.R. 2275.

² See definition in § 1306.112 (a).

no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

[§ 1306.102 amended by Am. 4, 8 F.R. 2275, effective 2-26-43 and Am. 7, 8 F.R. 9750, effective 7-20-431

§ 1306.103 Evasion. The price limitations set forth in § 1306.100 shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of steel castings, alone or in conjunction with any other material, or by way of any commission, service, transportation, or other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.

§ 1306.104 [Revoked.]

[§ 1306.104 revoked by Am. 8, effective 9-28-43]

§ 1306.105 Records and reports. Every person making purchases or sales of steel castings after November 15, 1941, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of (a) each such purchase or sale, showing the date thereof, the name and address of the buyer or the seller, the price paid or received, and the quantity of each kind purchased or sold, and (b) the quantity of steel castings (1) on hand, and (2) on order, as of the close of each calendar month.

Persons affected by Price Schedule No. 41 shall submit such reports to the Office of Price Administration as it may, from time to time, require.

§ 1306.106 [Revoked.]

[§ 1306.106 revoked, 7 F.R. 751, effective 2-3-42]

§ 1306.107 Enforcement. (a) Persons violating any provision of this Revised Price Schedule No. 41 are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Revised Price Schedule No. 41, or-any price schedule, regulation or order issued by the Office of Price Administration or of any acts or practices which constitute such a violation are urged to communicate with the nearest field or regional office of the Office of

Price Administration or its principal office in Washington, D. C.

[§ 1306.107 as amended by Supplementary Order 3, 7 F.R. 2132]

§ 1306.108 Petitions for amendment and applications for adjustment. (a)
Any person seeking an amendment of any provision of Revised Price Schedule, No. 41 may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.2

(b) The Office of Price Administration may adjust any maximum price established by this Revised Price Schedule whenever it finds, from an application for adjustment or on its own motion, that such maximum price impedes or threatens to impede production of steel castings or railroad specialties the production of which, in the opinion of the Office of Price Administration, aids directly in the war program or is necessary to a standard of living consistent with the prosecution of the war, because of the type of casting produced and because of the necessity of continued production of the casting by the particular seller. Applications for such adjustment must be filed in accordance with Procedural Regulation No. 6° issued by the Office of Price Administration and the adjustable pricing provisions of Procedural Regulation No. 6 shall apply.

[§ 1306.108 amended by Am. 2, 7 FR. 4667, effective 6-22-42; Supplementary Order 26, 7 FR. 6948, effective 11-4-42; Am. 5, 8 FR. 3844, effective 3-28-43; and Am. 8, effective 9-28-43]

[Note: Procedural Regulation No. 6 (7 FR. 5087, 5665; 8 FR. 6173, 6174) provides for the filling of applications for adjustment of maximum prices for commodities or cervices under Government contracts or subcontracts. Revised Supplementary Order No. 9 (8 FR. 6175) makes the provisions of Procedural Regulation No. 6 applicable to all price regulations, excepting those which expressly prohibit such applications and certain specific regulations listed in Revised Supplementary Order No. 9.]

[Note: Supplementary Order No. 28 (7 F.R. 9819) provides for the filing of applications for adjustment or petitions for amendment based on a pending wage or calary increase requiring the approval of the National War Labor Board.]

§ 1306.109 Definitions. When used in Revised Price Schedule No. 41, the term:

(a) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

[Paragraph (a) as amended by Supplementary Order 12, 7 F.R. 6385]

(b) "Producer" means a person engaged in the production of steel castings or railroad specialties;

or railroad specialties;
(c) "Steel castings" means any cast
steel object, whether rough or machined,

that has been initially cast in the desired shape of the finished product, and which contains less than 1.70% carbon and/or alloys totalling not more than &%, and includes miscellaneous steel castings produced for railroads, but does not include (i) steel castings sold in an assembly with other materials except bolts, nuts, screws, rivets or other industrial fastenings, and (ii) steel castings sold as another commodity by a "regular manufacturer of such other commodity". For the purposes of this definition a producer of steel castings is considered a "regular manufacturer of such other commodity" when (a) he represents himself in the trade as a manufacturer of such other commodity through the issuance of catalogs, price lists, or advertising matter circulated generally to the trade, in which such commodity is designated by name and is offered for sale on a per piece basis, (b) he owns the patterns used for the production of such other commodity and (c) he customarily produces such other commodity for, and sells such other commodity from, stock.

[Paragraph (c) as amended by Am. 8, effective 9-28-43]

(d) "Comprehensive Report" means the "Comprehensive Report of Price Lists of Miscellaneous Castings," published by the Steel Founders' Society of America, for the third quarter of 1941, beginning July 1, 1941.

[Former paragraph (d) revoked; former paragraph (e) redesignated (d); paragraph (f) revoked by Am. 8, effective 9-28-43]

§ 1306.110 Effective date of Price Schedule No. 41. This Schedule (§§ 1306.100 to 1306.110, inclusive) shall become effective November 15, 1941.

[Issued November 14, 1941]

§ 1306.110a Effective dates of amendments.

[Effective dates of amendments are shown in notes following the parts affected.]

§ 1306.111 Geographical application. The provisions of Price Schedule No. 41 shall apply only to sales, offers to sell, or deliveries of steel castings and railroad specialties moving within, into, or out of one of the 48 states or the District of Columbia.

§ 1306.112 Appendix A: Maximum prices for steel castings. The maximum prices for steel castings are set forth in the following four paragraphs (a), (b), (c) and (d). These maximum prices are applicable to the actual shipping weights of the castings. The maximum prices established in paragraph (a) shall not supersede any maximum prices which have been submitted to the Office of Price Administration on Form No. 141:4 and approved by the Office of Price Administration prior to February 26, 1943. Otherwise, the maximum prices in paragraph (a) of this Appendix A supersede maximum prices heretofore established for any or all of the classifi-

³7 FR. 8961; 8 FR. 3313, 3533, 6173, 10306. ⁴7 FR. 5087, 5665; 8 FR. 6173, 6174.

cations listed in Table I (Armor), Table II (Navy), Table III (Ordnance), and Table IV (Ship and Marine) which are set forth at the end of this Appendix A.

(a) Armor, navy, ordnance and ship and marine castings. The term "armor, navy, ordnance and ship and marine castings" means and includes all steel castings of the classifications (including "miscellaneous" classifications) listed in Tables I, II, III, and IV of this Appendix A. The maximum prices for such castings shall be computed as follows:

(1) Weighing one pound or more. Ascertain the applicable classification for the castings in Tables I, II, III or IV; ascertain from the column immediately to the left of the classification the key reference to the applicable price schedule for such classification; refer to the price schedule bearing such key reference, said price schedules appearing either in the Comprehensive Report on pages 74 to 158, inclusive, or where the letter "R" s is used in the key reference, in Table VI of this Appendix A; the price in such price schedule for the applicable weight and quantity is the maximum price for the rough casting.

(2) Weighing less than one pound. The maximum price each for rough castings shall be the applicable per pound price for an identical quantity of castings of the same classification weighing

one to five pounds.7

(3) Extras. No charges for extras may be added in respect to the armor casting classifications listed in Table I, except charges where 100% non-destructive examination is specified. The charges for extras listed on pages 64, 65 and 66 of the Comprehensive Report may be added in: respect to the navy, ordnance, and ship and marine casting classifications listed in Tables II, III and IV where furnished and applicable except that no tension specification extra may be added where

⁵The letter "R" has been used to designate price schedules in Table VI. These price schedules do not appear in the Comprehensive Report. Wherever a key reference contains the letter "R" (for example, "X-11R"), the corresponding price schedule will be found in Table VI, not in the Comprehensive Report.

⁶ Example: An order is placed for 40 frame castings for diesel engines for the Navy. The shipping weight of these castings is 200 lbs. each. The applicable classification appears at Item No. 5255 in Table II. The key reference to the left of the classification in Table II is "4A-5." Price Schedule "4A-5" is the first price schedule on page 77 of the Comprehensive Report. The applicable price in this price schedule for the weight and quantity is \$0.225 per 1b.

If the key reference in the above example had been "4A-5R" instead of "4A-5", the corresponding price schedule would be found in Table VI rather than in the Comprehensive

Report.

**Example: An order is placed for 30 valve part (non-pressure) castings for the Navy. The shipping weight of these castings is less than I lb. each. The applicable classification appears at Item No. 5391 in Table II. The key reference to the left of the classifica-tion in Table II is "2B-6." Price schedule "2B-6" is the first price schedule on page 88 of the Comprehensive Report. The price for 30 castings weighing 1 to 5 lbs. is \$0.42 per lb. The applicable price for 30 of the same castings weighing less than 1 lb. each is \$0.42 each.

the purchaser's specifications call for both tensile strengths and yield points below those shown for Class A. Grade I steel in the Table of Tension Specifications on page 66. No charges for extras other than as above may be added in respect to said navy, ordnance and ship and marine casting classifications, except charges where non-destructive examination is specified.

[Subparagraph (3) amended by Am. 6, 8 F.R. 8675; effective 6-28-43 and Am. 8, effective 9-28-43]

(4) Transportation charges or allowances. Maximum prices in paragraph (a) in the case of any shipments of less than 100 pounds shall be computed on an f. o. b. the foundry basis. All other maximum prices in paragraph (a) shall be computed on a delivered basis: Provided, That transportation costs may be added to the extent that they exceed 50 cents per hundred pounds.

[Subparagraph (4) as amended by Am. 5, 8 F.R. 3844, effective 3-28-43]

(5) Quantity differentials. differentials shall be applicable on the basis of quantities ordered from one pattern at one time and scheduled for delivery in any one calendar month, except that where a production run overlaps a calendar month the quantity differential shall be determined by use of the quantity produced in such run. Where patterns are so constructed as to proquantity produced in such run. duce two or more dissimilar castings joined together and where the customer orders such combinations of castings shipped in one piece, the number of each separate component casting determines the quantity of each and the prices are based upon the individual weights. Where patterns are so constructed as to produce multiple castings of the same design but cast integrally in one piece the quantity is determined on the basis of the total number of individual castings so joined and the weight of the individual castings is determined by dividing the total weight of the integrated castings by the total number of individual castings so joined. No quantity price beyond that shown for 24 pieces is applicable for castings weighing 25 pounds each or less ordered in quantitles of 25 pieces or more from one pattern at one time for which pattern equipment is not suitable for machine production in filled flasks.

[Subparagraph (5) amended by Am. 7, 8 F.R. 9750, effective 7-20-43 and Am. 8, effective 9-28-43]

- (6) Pattern charges. Prices are exclusive of pattern equipment or alterations thereof, except in the case of alterations only of any patterns which are to remain the property of the producer. In this exceptional circumstance the prices will be interpreted as including the furnishing by the foundry of the alterations.
- (7) N. O. C. B. N. classifications. In any case where an applicable classification in Tables I, II, III or IV is labelled "N. O. C. B. N." the producer, may, in the alternative to using such classification and the applicable price schedule therefor, ascertain his maximum price in ac-

cordance with paragraph (d) of this Appendix A.

(8) Machining. "Machining" means any operation beyond the normal foundry processes performed for the purpose of providing casting surfaces or dimensions to conform to specifications of the purchaser.

(i) Where performed by an independent machine shop. (a) Where machining of steel castings is let out to independent machine shops by a producer who customarily let out such machining on March 31, 1942, the machining charge which may be added shall not exceed the price paid or payable by such producer to the independent machine shop for the machining plus such additional charge, if any, as would have been customarily made by such producer on March 31, 1942: Provided, That each producer who customarily let out machining on steel castings to independent machine shops on March 31, 1942 shall file with the Iron and Steel Branch, Office of Price Administration, Washington, D. C., on or before July 20, 1943 a statement of his customary method on March 31, 1942 of computing charges for such machin-

(b) Where a producer did not customarily let out machining of steel castings to independent machine shops on March 31, 1942 and, at any time on or after July 20, 1943, does let out such machining, to an independent machine shop, his charge for such machining may not exceed the price paid or payable by him to the independent machine shop for such machining: Provided, That if the Office of Price Administration has approved for such producer an additional charge for machining let out to independent machine shops, such charge may be added. In order to obtain ap-proval of an additional charge the producer must submit to the Iron and Steel Branch of the Office of Price Administration, Washington, D. C. a proposed additional charge together with data substantiating the fairness of the proposed charge. Where such proposed additional charge and the substantiating data have been submitted, the Office of Price Administration shall, in writing, approve or disapprove such charge, or may approve such charge as it may deem fair and equitable, within thirty days from the time the proposed additional charge is received by said Iron and Steel Branch. If no action is taken within these thirty days, the proposed charge shall be deemed approved. Pending approval or disapproval as above, the producer may use the proposed charge subject to adjustment in accordance with the determination of the Office of Price Administration.

(ii) Where performed by the producer. (a) If a producer had machine-hour rates in effect on March 31, 1942, for the machining of steel castings sold by him, the maximum charge which may be added shall not exceed the net charge, computed by use of said machine-hour rates, which the producer customarily would have made on March 31, 1942, to the purchaser: *Provided*, That on of before July 20, 1943, every producer shall file with the Iron and Steel Branch of the Office of Price Administration said machine-hour rates.

(b) Where a producer had no machine-hour rates in effect on March 31, 1942 the maximum charge which may be added for machining of steel castings sold by him shall be determined by application of the methods of estimating costs and prices, labor rates, overhead rates, material and other costs and profit margins in effect for such pro-ducer on March 31, 1942. "Labor rates in effect on March 31, 1942," are the labor rates prevailing on that date in the producer's machine shop for each classification of labor: Provided, That where such producer employs labor of a classification not employed on March 31, 1942, he shall apply the rate prevailing on that date for such classification in the locality in which the machining is to be performed or, if such classification was not used in that locality on March 31, 1942, he shall apply the rate prevailing on that date for the nearest skill in his locality as accurately as he is able to determine the same with reasonably diligent inquiry.

[Subparagraph (b) as amended by Am. 7, 8 F.R. 9750, effective 7-20-43]

(c) Where a producer did not customarily on March 31, 1942 machine steel castings sold by him, or where he has acquired new machines since March 31, 1942 for which maximum charges are not established by (a) or (b) above, the maximum charge which may be added in such cases for machining shall be not in excess of such charge as is determined in accordance with a price determining method approved for such producer by the Office of Price Administration. Where such producer wishes to add a charge for machining in such cases he must submit to the Iron and Steel Branch of the Office of Price Administration a proposed price determining method for ascertaining such charge together with data substantiating the fairness of the proposed method. The Office of Price Administration shall, in writing, approve or disapprove such price determining method or may approve such price determining method as it may deem fair and equitable within thirty days from the date such proposed price determining method is received by said Iron and Steel Branch. If no action is taken within those thirty days the proposed price determining method shall be deemed approved. Pending approval or disapproval as above the producer may use the proposed price determining method subject to adjustment in accordance with the determination of the Office of Price Administration.

[Subparagraph (8) added by Am. 6, 8 FR. 8675, effective 6-28-43]

(b) Industrial steel castings made by a producer on or before July 15, 1941. The term "industrial steel castings" means and includes all steel castings other than armor, navy, ordnance and ship and marine castings. The maximum prices for each producer-for industrial steel castings, other than locomotive castings, made by such producer on or before July 15, 1941 or for steel castings substantially similar in design and specification thereto, shall be the

prices, together with extras, terms and conditions, which were or customarily would have been charged by such producer on July 15, 1941: Provided, That (1) in no case where his maximum prices are computed on a delivered basis need a producer compute such prices on the basis of a freight allowance in excess of 50 cents per hundred pounds; (2) machining charges shall be ascertained in accordance with § 1306.112 (a) (8) except in the case of machined steel castings customarily sold by the producer on July 15, 1941 on a per piece price basis in which case the July 15, 1941 per piece price, adjusted for the difference in the machining costs used in the July 15, 1941 price and the March 31, 1942 machining costs shall apply; and (3) irrespective of a producer's customary July 15, 1941 practice with respect to the application of quantity differentials, quantity differentials shall be applicable on the basis of quantities ordered from one pattern at one time and scheduled for delivery in any one calendar month, except that where a production run overlaps a calendar month the quantity differential shall be determined by use of the quantity produced in such run.

[Paragraph (b) amended by Am. 5, 8 F.B. 3844, effective 3-28-43; Am. 6, 8 F.R. 8076, effective 6-28-43; Am. 7, 8 F.R. 9750, effective 7-20-43; and Am. 8, effective 9-23-43]

(c) Industrial steel castings other than those in paragraph (b). The maximum prices for such castings shall be computed as follows:

(1) Weighing one pound or more—(i) Other than locomotive castings. Ascertain the applicable classification s for the casting in the alphabetical index of steel casting classifications appearing on pages 1 to 62, inclusive, of the Comprehensive Report; ascertain from the column immediately to the left of the classification the key reference to the applicable price schedule for such classification; refer to the price schedule bearing such key reference said schedules appearing in the Comprehensive Report on pages 74 to 158, inclusive; the price in such price schedule for the applicable weight and quantity is the maximum price for the rough casting. (ii) Locomotive castings. Ascertain the ap-

[Footnote as amended by Am. 8, effective 9-28-43]

plicable classification for the castings in Table V; ascertain from the column immediately to the left of the classification the key reference to the applicable price schedule for such classification; refer to the price schedule bearing such key reference, said price schedules appearing either in the Comprehensive Report on pages 74 to 158, inclusive, or where the letter "R" is used in the key reference, in Table VI of this Appendix A; the price in such price schedule for the applicable weight and quantity is the maximum price for the rough casting.

[Subparagraph (1) amended by Am. 6, 8 F.R. 8575, effective 6-28-43 and Am. 8, effective 9-28-43]

(2) Weighing less than one pound. The maximum prices each for rough castings shall be the applicable per pound price for an identical quantity of castings of the same classification weighing one to five pounds.

weighing one to five pounds.

(3) Extras. The charges for extras listed on pages 64, 65 and 66 of the Comprehensive Report may be added where furnished and applicable except that no tension specification extra may be added where the purchaser's specifications call for both tensile strengths and yield points below those shown for Class A, Grade I steel in the Table of Tension Specifications on page 66. No charges for extras other than as above, except charges where non-destructive examination is specified, may be added.

[Subparagraph (3) amended by Am. 6, 8 FR. 8575, effective 6-23-43 and Am. 8, effective 9-22-43]

(4) Transportation charges or allowances. Maximum prices in paragraph (c) in the case of any shipments of less than 100 pounds shall be computed on an f. o. b. the foundry basis. All other maximum prices in paragraph (c) shall be computed on a delivered basis: Provided, That transportation costs may be added to the extent that they exceed 50 cents per hundred pounds.

[Subparagraph (4) as amended by Am. 5, 8 P.R. 3844, effective 3-28-43]

(5) Quantity differentials. Quantity differentials shall be applicable on the basis of quantities ordered from one pattern at one time and scheduled for delivery in any one calendar month, except that where a production run overlaps a calendar month the quantity differential shall be determined by use of the quantity produced in such run. Where patterns are so constructed as to produce two or more dissimilar castings joined together and where the customer orders such combinations of castings shipped in one piece, the number of each separate component casting determines the quantity of each and the prices are based upon the individual Where patterns are so conweights. structed as to produce multiple castings of the same design but cast integrally in one piece the quantity is determined on the basis of the total number of individual castings so joined and the weight of the individual castings is determined by dividing the total weight of

^{*}The navy classifications Items 5201 to 5393, inclusive, on pages 26-29, the ordnance classifications Items 5501 to 5534, inclusive, on pages 30-31, the ship and marine classifications Items 8101 to 8162, inclusive, on pages 53-54, and the railroad locomotive classifications, Items 6715 to 6301, inclusive, on pages 42-44 are not "applicable classifications since maximum prices for the navy, ordnance and ship and marine classifications are established in paragraph (a) of Appendix A and for locomotive castings, by paragraph (c) of Appendix A.

the integrated castings by the total number of individual castings so joined. No quantity price beyond that shown for 24 pieces is applicable for castings weighing 25 pounds each or less ordered in quantities of 25 pieces or more from one pattern at one time for which pattern equipment is not suitable for machine production in filled flasks.

[Subparagraph (5) amended by Am. 7,8 F.R. 9750, effective 7-20-43 and Am. 8, effective 9-28-43]

(6) Pattern charges. Prices are exclusive of pattern equipment or alterations thereof, except (i) in the case of railway car castings when ordered in quantities of 500 or more pieces from one pattern at one time, provided the patterns are and remain the property of the foundry producing them, and (ii) in the case of alterations only of any patterns which are to remain the property of the producer. In these two exceptional circumstances the prices will be interpreted as including the furnishing by the foundry of patterns or alterations thereof as the case may be.

(7) N. O. C. B. N. classifications. In any case where an applicable classification in the Comprehensive Report is labelled "N. O. C. B. N." the producer may, in the alternative to using such classification and the applicable price schedule therefor, ascertain his maximum price in accordance with paragraph (d) of this Appendix A. This subparagraph applies to locomotive frame (Table V—Item No. 6748) and locomotive superheater header castings (Table V—Item No. 6778) only in the case of producers who do not regularly produce these items.

[Subparagraph (7) as amended by Am. 8, effective 9-28-43]

(8) Machining. Maximum charges for machining shall be determined in accordance with § 1306.112 (a) (8).

[Subparagraph (8) added by Am. 6, 8 F.R. 8675, effective 6-28-43]

(d) Steel castings other than in paragraphs (a), (b) and (c). The maximum prices for such castings shall be determined as follows: The producer shall file with the Iron and Steel Branch of the Office of Price Administration, Washington, D. C., a cost estimate and proposed maximum selling price for such casting on and pursuant to Form No. 141:4 which proposed maximum selling price shall be approved, or approved subject to such adjustments, conditions, and limitations as the Office of Price Administration may provide, or shall be disapproved, within seven days from the time it is received by said Iron and Steel Branch, and in the event the Office of Price Administration does not send out. in writing, its approval or disapproval within seven days as above, the proposed maximum selling price as filed shall be deemed approved for the proposed sale with respect to which it was stated on Form No. 141:4 to be filed: Provided, That (i) In filling out the items on Form 141:4 the cost factors and profit margins used shall be those in effect and prevailing between October 1 and October 15, 1941 or, in the case of a producer who was not customarily producing steel castings between October 1 and October 15, 1941, shall be those in effect and prevailing at the time of filing, except that with respect to machining the proposed charges shall be determined in accordance with § 1306.112 (a) (8). (ii) Where a price for a casting has been approved pursuant to this paragraph for a producer, such producer may submit to the Iron and Steel Branch of the Office of Price Administration, Washington. D. C., for approval a quantity price differential schedule for such casting, and if approved, such prices shall constitute the maximum prices at which such producer may sell such casting, except that a price schedule so established shall be subject to adjustment or revocation at any time by the Office of Price Administration on 30 days notice in writing to such producer. (iii) Orders on which the estimated cost of production is less than \$100.00 are exempt from the provisions of this paragraph (d) and are exempt from price control except insofar as the maximum prices for such castings are established by paragraphs (a), (b) or (c) of this § 1306.112.

[Proviso amended by Am. 5, 8 F.R. 3844, effective 3-28-43 and Am. 6, 8 F.R. 8675, effective 6-28-43]

[Table VI (formerly V) amended by Am. 5, 8 F.R. 3844, effective 3-28-43; Am. 6, 8 F.R. 8675, effective 6-28-43, and Am. 8, effective 9-28-43]

[§ 1306.112 amended by Am. 4, 8 F.R. 2275. effective 2-26-43]

§ 1306.113 Appendix B: Maximum prices for railroad specialties. "Railroad specialties" means any and all side frames, bolsters, couplers and yokes produced from cast steel for railroad use.

(a) Standard types. Maximum prices for railroad specialties of the types listed in Tables I, II, III and IV shall be the applicable prices listed in said Tables: Provided, That in the case of side frames and bolsters of the basic types listed in Tables I and II where the weight is outside the usual variations from the applicable normal weights, the maximum prices for such side frames and bolsters shall be the applicable prices in said Tables I and II determined by proportional interpolation between the nearest applicable weight classifications. The above maximum prices shall be adjusted as follows:

(1) Extras. There may be added charges for extras where such extras were customarily charged on similar sales by railroad specialty producers between October 1 and October 15, 1941 except that there may also be added the following extras where furnished and applicable for special features for side frames and bolsters:

Extra per casting Side frames any quantity Barber Truck Type "S-1" Construction.... Unit Truck Type A Construction____ 1.25 Creco 4th Point Support Bracket____ Creco Safety Guard Bracket_____ Brake Beam Safety Ledge_____ . 65 Tie Rod Brackets____ . 60 Waste Retaining Ribs_____ Bolsters Barber Truck Type "S-2" Construction_ . 80 Buffalo Safety Guard Construction___ 1.50 Pur-Fect Safety Guard Slots-2 Slots per Truck Bolster_____ .75 For each Additional 2 Slots per Truck

(2) Transportation charges or allowances. Full freight shall be allowed within base territory at rates prevailing at the time of delivery. Where deliveries are made outside of base territory there may be added charges for freight prevailing at time of delivery with the customary differential allowed to the purchaser, computed by the method used by the selling producer on October 1, 1941. "Base territory" means the States of New York, Pennsylvania, New Jersey, Delaware, Maryland, Virginia, West Virginia, Kentucky, Ohio, Indiana, Illinois and Michigan (southern peninsula only) and also including Bettendorf, Iowa, and St. Charles and St. Louis, Missouri;

(3) Quantity differentials. Quantity differentials shall be applicable on the basis of quantities ordered from one pattern at one time;

(4) Pattern charges. An additional charge may be made by any producer for pattern costs for side frames and bolsters where such pattern costs were customarily charged by such producer between October 1 and October 15, 1941, and the maximum amount of any additional charge for such pattern costs shall be the amount which customarily was or would have been charged by such producer for the same or similar pattern costs between October 1 and October 15, 1941.

[Paragraph (a) as amended by Am. 8,

(b) Miscellaneous types of specialties. Maximum prices for railroad specialties other than those listed in Tables I, II, III and IV of this Appendix shall be the prices which were customarily charged by the selling producer for such specialties on July 15, 1941 or, if a producer had no July 15, 1941 price, the maximum prices shall be determined in accordance with paragraph (d) of § 1306.112.

(c) Coupler repair parts. Maximum prices for coupler repair parts furnished by any producer shall be the prices which railroad specialty producers customarily charged on similar sales of such parts between October 1 and October 15, 1941.

[Paragraphs (b) and (c) added by Am. 8, effective 9-28-43]

PART 1346—BUILDING MATERIALS

[MPR 317, Amdt. 2]

LOCKS AND LOCK SETS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 317 is amended in the following respects:

- 1. Section 1346.352 (a) (3) is amended to read as follows:
- (3) "Locks" mean any fastening device having a dead bolt and/or spring latch bolt, including but not limited to. mortise locks and latches, rim locks, school house locks, entrance locks, dead locks, hospital locks, cylinder locks, cylindrical locks, and tubular locks, but not including padlocks and cabinet locks.
- 2. A new subparagraph (9) and a new subparagraph (10) are added to § 1346.352 (a) to read as follows:
- (9) "Contract hardware distributor" means a person who buys locks and/or lock sets from a manufacturer and resells such locks and/or lock sets or other finishing builders' hardware primarily pursuant to contract sales.
- (10) "Retailer" means any person who. maintains a store or similar establishment and sells locks and/or lock sets primarily to ultimate consumers.
- 3. Section 1346.353 is amended to read as follows:
- § 1346,353 Prohibition against sales of locks and lock sets at higher than maximum prices. (a) regardless of any contract or other obligation no person shall sell or deliver cylindrical or tubular locks or lock sets on and after September 28, 1943, or any other lock or lock set on and after February 13, 1943, at prices higher than maximum prices established under this regulation.
- (b) No person in the course of trade or business shall buy or receive any locks or lock set at a price higher than that permitted by this regulation.
- (c) No person shall agree, offer, solicit, or attempt to do any of the acts pro-
- *Copies may be obtained from the Office of Price Administration.

No. 190----6

- hibited in paragraphs (a) and (b) of this section.
- 4. Section 1346.354 is amended to read as follows:
- § 1346.354 Manufacturers' maximum prices for locks and lock sets, except cylindrical and tubular locks and lock sets—(a) Manufacturers' sales to jobbers. The maximum price for sales of locks or lock sets, except cylindrical and tubular locks and lock sets, by manufacturers to jobbers shall not be more than the prices set forth in Appendix A, incorporated herein as § 1346.367.
 - (1) Less a discount of five percent.
- (b) Manufacturers' sales to persons other than jobbers. The maximum price for sales of locks and lock sets, except cylindrical and tubular locks and lock sets, by manufacturers to persons other than jobbers shall not be more than the prices set forth in Appendix A (§ 1346.367).
- (c) Manufacturers' maximum prices for locks and lock sets, except cylindrical and tubular locks and lock sets, first offered for sale on and after February 13, 1943. The maximum price for sales of any lock and lock set, except a cylindrical or tubular lock or lock set, first offered for sale by a manufacturer on or after February 13, 1943, for which a maximum price is not set forth in Appendix A (§ 1346.367) and which differs in size, type, material, or combination of component parts or trim, in whole or in part, from locks or lock sets listed in Appendix A (§ 1346.367) shall be determined in accordance with the provisions of § 1499.154, and sections therein referred to, of Maximum Price Regulation No. 188,* as amended.
- 5. Section 1346.355 is amended to read as follows:
- § 1346.355 Jobbers' maximum prices for locks and lock sets, except cylindrical and tubular locks and lock sets. The maximum price for sales of locks or lock sets, except cylindrical and tubular locks and lock sets, by jobbers, except sales at retail, shall not be more than the actual cost of such locks or lock sets (figured at prices not higher than the maximum prices permitted by this regulation), plus a mark-up over cost of 331/3 percent, plus transportation charges paid by the jobber in securing delivery. If a jobber sells locks or lock sets at retail, such a sale is to be governed by the provisions of the General Maximum Price Regulation.
- 6. A new § 1346.357a is added to read as follows:
- § 1346.357a Manufacturers' maximum prices for cylindrical and tubular locks and lock sets—(a) Maximum prices for the National Brass Company—(1) Sales to persons who purchase only the tubular locks and lock sets described in "Lock Set Catalogue No. 31". The maximum price for tubular locks and lock sets on sales by the National Brass Company to persons who purchase only the tubular

locks and lock sets described in "Lock Set Catalogue No. 31" shall be the list price for such tubular locks set forth in Table No. 8 of Appendix B, incorporated herein as § 1346.268, subject to
(i) A discount of 50 percent.

(2) Sales to persons who purchase both tubular locks and lock sets described in "Lock Set Catalogue No. 31" and items of general hardware described in "General Catalogue No. 27". The maximum price for tubular locks and lock sets on sales by the National Brass Company to persons who purchase both tubular locks and lock sets described in "Lock Set Catalogue No. 31" and items of general hardware described in "General Catalogue No. 27", shall be the list prices set forth in the National Brass Company Price list dated June 1, 1942, subject to

A discount of 50 percent. (b) Maximum prices for the Schlage Lock Company—(1) Sales to jobbers and contract hardware distributors. The maximum price for sales of cylindrical locks and lock sets by the Schlage Lock Company to jobbars and contract hardware distributors shall be the list price for such cylindrical locks and lock sets set forth in Table 16 of Appendix B

(§ 1346.368) subject to (i) A discount of 50 percent.

(2) Sales to retailers. The maximum price for sales of cylindrical locks and lock sets by the Schlage Lock Company to retailers shall be the list price set forth for such cylindrical locks and lock sets in Table 16 of Appendix B (§ 1346.363) subject to

(i) A discount of 40 percent.

(3) Sales to all other persons? The maximum price for sales of cylindrical locks and lock sets by the Schlage Lock Company to all other persons shall be the list prices set forth for such cylindrical locks and lock sets in Table 16 of Appendix B (§ 1346.368) subject to

(i) The discount or discounts which were extended or would have been extended to such persons on comparable sales during the period October 1 to Oc-

tobar 15, 1941.

- (c) Maximum prices for the Safe Padlock and Hardware Company—(1) Sales to all persons. The maximum price for the sale of tubular locks and lock sets by the Safe Padlock and Hardware Company to all persons shall be the list prices set forth in Table 13 of Appendix B, (§ 1346.363) subject to
 - (i) A discount of 50 percent.
- (d) Maximum prices for all other manufacturers listed in Appendix B of cylindrical or tubular locks and lock sets-(1) Sales to jobbers. The maximum price for sales of cylindrical or tubular locks and lock sets by manufacturers listed in Appendix B other than those set forth in paragraph (a), (b), and (c) above shall not be more than the prices set forth in the applicable tables listed in Appendix B (§ 1346.363).
- Less a discount of five percent,
- (b) Sales to persons other than jobbers. The maximum price for sales of

cylindrical or tubular locks or lock sets by manufacturer listed in Appendix B other than those set forth in paragraphs (a), (b), and (c) above, to persons other than jobbers shall not be more than the prices set forth in the applicable tables listed in Appendix B (§ 1346 368).

listed in Appendix B (§ 1346,368).
(e) Manufacturers' maximum prices for cylindrical and tubular locks and lock sets first offered for sale on and after September 28, 1943. The maximum price for sales of any cylindrical or tubular locks and lock sets first offered for sale by a manufacturer on or after September 28, 1943, for which a maximum price is not set forth in Appendix B (§ 1346.368) and which differs in size, type, material, or combination of component parts or trim, in whole or in part, from the cylindrical or tubular locks and lock sets listed in Appendix B (§ 1346.368) shall be determined in accordance with the provisions of § 1499.154, and sections therein referred to, of Maximum Price Regulation No. 188, as\amended.

7. A new § 1346.357b is added to read as follows:

§ 1346.357b Jobbers' maximum prices for cylindrical and tubular locks and lock sets. The maximum price for sales of cylindrical and tubular locks and lock sets by jobbers, except sales at retail, shall not be more than the actual cost of such cylindrical and tubular locks and lock sets (figured at prices not higher than the maximum price permitted by this regulation), plus a mark-up over cost of 33½ percent plus transportation charges paid by the Jobber in securing delivery. If a jobber sells cylindrical and tubular locks and lock sets at retail, such a sale is to be governed by the provisions of the General Maximum Price Regulation.

8. A new § 1346.357c is added to read as follows:

§ 1346.357c Cash, quantity, and other discounts, transportation charges and other services applicable to manufacturer and jobber—(a) Cash, quantity, and other discounts and services applicable to manufacturer and jobber. Maximum prices established by § § 1346.357a and 1346.357b shall be subject to at least the same extension of cash, quantity, and other discounts the same absorption of transportation charge, and the same rendition of services as the seller extended, absorbed, or rendered on comparable sales to purchasers of the same class on October 1, 1941.

9. A new § 1346.368 is added to read as follows:

§ 1346.368 Appendix B: Maximum prices for cylindrical and tubular locks and lock sets. (a) There is set forth below a table for each manufacturer of cylindrical and tubular locks and lock sets showing the maximum price for each cylindrical and tubular lock or lock set produced by each such manufacturer to which this regulation applies. The first column of each table contains a description of the cylindrical and tubular lock or lock set, the second column shows each manufacturer's plate number

for such lock or lock set and the third column shows the maximum price for the quantity indicated,

In order to ascertain a maximum price, a person should first locate in the proper manufacturer's table the plate number of the cylindrical or tubular lock or lock set for which a maximum price is sought. The maximum price for it will be found directly to the right of the plate number in each table, subject, of course, to applicable discounts.

(b) The specifications for each cylindrical or tubular lock or lock set listed in the tables below shall not be reduced below the minimum permitted by specifications of that lock or lock set as set forth in FF-H-106, Federal Specifications for Hardware, Builders', Locks and Lock-Trim, without a corresponding reduction in price.

(c) The finishes of the cylindrical and tubular locks and lock sets set forth in the tables below are either USP, US18A or US2G, designated by the National Bureau of Standards as "primed for painting", "rust-proof dead-black finish", and "zinc, electro-plated", respectively.

This amendment shall become effective September 28, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871, E.O. 9328, 8 F.R. 4681)

Issued this 22d day of September 1943.

CHESTER BOWLES,
Acting Administrator.

[F. R. Doc. 43-15476; Filed, September 22, 1943; 4:42 p. m.]

PART 1382—HARDWOOD LUMBER [MPR 155 Incl. Amdt. 81]

CENTRAL HARDWOOD LULIBER

Section 1382.61 (f) (3) (ii) is revoked, § 1382.61 (f) (3) (iii) is redesignated § 1382.61 (f) (3) (iii) by Amendment 8, effective September 28, 1943, so that Maximum Price Regulation No. 155 shall read as follows:

Maximum prices for hardwood lumber produced in the Kentucky and Tennessee

portions of the Central hardwoods area were established in Price Schedule No. 97 which included these portions of the Central area within the Southern hardwoods area. In the judgment of the Price Administrator the prices of hardwood lumber produced in the other portions of the Central hardwoods area have risen and are threatening further to rise to an extent and in a manner inconsistent with the purposes of the Emergency Price Control Act of 1942 and the Price Administrator is of the opinion that the purposes of said act can be better accomplished by a separate Regulation for hardwood lumber produced in the Central hardwoods area. The Price Administrator has ascertained and given due consideration to the prices of Central hardwood lumber prevailing between October 1 and October 15, 1941, and has made adjustments for such relevant factors as he has determined and deemed to be of general applicability. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this Regulation.

In the judgment of the Price Administrator, the maximum prices established by this Regulation are and will be generally fair and equitable and will effectuate the purposes of said Act. A statement of the considerations involved in the issuance of this Regulation has been sisued simultaneously herewith and has been filed with the Division of the Federal Register.

Such specifications and standards as are used in this regulation were, prior to such use, in general use in the trade or industry affected.

[Preamble as amended by Supplementary Order 61, 8 F.R. 12552, effective 9-11-43]

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,3 issued by the Office of Price Administration, Maximum Price Regulation No. 155 is hereby issued.

MANIMUM PRICE REGULATION 155—CENTRAL HARDWOOD LUMBER

Sec. 1382.51 Maximum prices for Central hard-

	wood lumber.
1382.52	Less than maximum prices.
1382.53	Adjustable pricing.
1382.54	Evasion.
1382.55	Records and reports.
1382.56	Enforcement.
1382.56a	Licensing.
1382.57	Petitions for amendment.
1382.58	Definitions,
1382.59	Applicability of General Maximum
	Price Regulation.
1382.60	Effective date.
1382.60a	Effective dates of amendments.
1382.61	Appendix A: Maximum prices for North Central hardwood lumber in standard or near standard grades.
1382.62	Appendix B: Maximum prices for North Central hardwood lumber in "standard special" grades or items.

²Statements of considerations are also issued simultaneously with the issuance of amendments. Copies may be obtained from the Office of Price Administration.

³Revised: 7 F.R. 8961; 8 F.R. 3313, 3533, 6173, 11806.

Sec.
1362.63 Appendix C: Maximum prices for
North Central hardwood lumber in
grades, openifications, and extras
not specifically priced.

1332.64 Appendix D: Maximum prices for South Central hardwood lumber in standard or near standard grades.

1382.65 Appendix E: Maximum prices for South Central hardwood lumber; "standard special" grades or items.
1382.66 Appendix P: Maximum prices for

382.68 Appendix P: Maximum prices for South Central hardwood lumber in "non-standard special" grades or items.

AUTHORITY: §§ 1382.51 to 1382.66, inclusive, incued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 FR. 7871, and E.O. 9323, 8 FR. 4631.

§ 1382.51 Maximum prices for Central hardwood lumber. (a) On and after June 1, 1942, regardless of any contract, agreement, lease or other obligation, no person shall sell or deliver any Central hardwood lumber, where shipment originates at the mill rather than at a distribution yard, and no person shall buy or receive in the course of trade or business any Central hardwood lumber so shipped, at prices higher than the maximum prices set forth in Appendices A, B, C, D, E and F hereof, incorporated herein as §§ 1382.61, 1382.62, 1382.63, 1382.64, 1382.65 and 1382.66, respectively; and no person subject to this Maximum Price Regulation No. 155 shall arree offer colletter attention. agree, offer, solicit or attempt to do any of the foregoing. The provisions of this Maximum Price Regulation No. 155 shall not be applicable to retail sales as defined in paragraph (a) (10) of § 1382.58. Further, the provisions of this Maximum Price Regulation No. 155 shall not be applicable to sales or deliveries of Central hardwood lumber to a purchaser, if prior to June 1, 1942, such lumber had been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to such purchaser.

(b) There may be added to the maximum prices established by this Maximum Price Regulation No. 155 the amount of tax levied by any Federal exclse tax statute or any State or municipal sales, gross receipts, gross proceeds, or compensating use tax statute or ordinance, under which the tax is measured by gross proceeds or units of sale, if, but only if, (1) such statute or ordinance requires the vendor to state the tax, separately from the purchase price paid by the purchaser, consumer, or user, on the . bill, sales check, or evidence of sale, at the time of the transaction; or (2) such statute or ordinance requires such tax to be separately paid by the purchaser, consumer, or user with tokens or other media of State or municipal tax payment; or (3) such a statute or ordinance permits the vendor to state such tax separately, and such tax is in fact stated separately by the vendor. The amount of tax permitted to be added by this provision shall in no event exceed that paid by the purchaser, consumer, or user.

[Nore: Supplementary Order No. 31 (7 F.R. 9834, 8 F.R. 1312, 3702) provides that: "Notwithstanding the provisions of any price regulation, the tax on transportation of all property (excepting coal) imposed by section 620 of the Revenue Act of 1942 shall, for purposes

²7 F.R. 4108.

of determining the applicable maximum price of any commodity or service, be treated as though it were an increase of 3% in the amount charged by every person engaged in the business of transporting property for hire. It shall not be treated, under any provision of any price regulation or any inter-pretation thereof, as a tax for which a charge may be made in addition to the maximum price."]

[Nore: Revised Supplementary Order No. 34 (8 F.R. 12404) permits special packing ex-penses to be added to maximum prices on sales to procurement agencies of the United States.1

§ 1382.52 Less than maximum prices. Lower prices than those set forth in Appendices A, B, C, D, E, and F, §§ 1382.61, 1382.62, 1382.63, 1382.64, 1382.65, and 1382.66, may be charged, demanded, paid, or offered.

§ 1382.53 Adjustable pricing. Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration having authority to act upon the pending request for a change in price or to give the authorization.

The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

[§ 1382.53 amended by Amendment 4, 8 F.R. 3056, effective 3-16-43, and Supplementary Order 50, 8 F.R. 10568, effective 7-27-43]

Evasion. (a) The price limitations set forth in this Maximum Price Regulation No. 155 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase, or receipt of or relating to Central hardwood lumber, alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge, or discount, premium or other privilege, or by tyingagreement or other trade understanding. or otherwise.

(b) Specifically, but not exclusively, the following practices are prohibited:

(1) making credit terms more onerous than those in effect or available to the purchaser on October 1, 1941;

(2) unnécessarily routing through a distribution yard;

(3) unreasonably refusing to ship an item of lumber except in a small quantity which entitles the seller to a premium;

(4) unreasonably refusing to ship lumber on standard grades and in graderule range widths and lengths;

le range widths and lengum,
(5) falsely or wrongly grading or in
-7 F.R. 7240, 11007. voicing lumber;

(6) grading as a special grade lumber which normally is graded by the seller as a standard grade;

(7) making charges for delivery which exceed the actual cost to the seller of such delivery (except as provided in par-

agraph (f) of § 1382.61).

(c) It is unlawful for any person to charge, receive or pay a commission for the service of procuring, buying, selling or locating lumber, or for any related service (such as "expediting") which does not involve actual physical handling of lumber, if the commission plus the purchase price results in a total payment by the buyer of lumber which is higher than the maximum price of the lumber. For purposes of this Regulation, a commission is any service charge or payment which is figured either directly or indirectly on the basis of the quantity, price or value of the lumber in connection with which the service is performed.

[Paragraph (c) added by Supplementary Order 37, 8 F.R. 2192, effective 2-23-43]

§ 1382.55 Records and reports. Every seller and purchaser subject to this Maximum Price Regulation No. 155 making sales or deliveries or purchases of Central hardwood lumber to the value of \$500.00 or more in any one month, after May 31, 1942 shall keep for inspection by the Office of Price Administration for a period of not less than two years a complete and accurate record of each sale or delivery or purchase of Central hardwood lumber, showing the date of purchase or sale, the name and address of the buyer and seller, the quantitles and grades purchased or sold, and the price paid or received.

(b) Such persons shall keep such other records in addition to or in place of the records required in paragraph (a) of this section and shall submit such reports to the Office of Price Administration as that Office may from time to time require or permit.

§ 1382.56 Enforcement. (a) Persons violating any provision of this Maximum Price Regulation No. 155 are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

[Paragraph (a) as amended by Amendment 3, 7 F.R. 8385, effective 10-21-42]

(b) Persons who have evidence of any violation of this Maxium Price Regulation No. 155 or any price schedule, regulation or order issued by the Office of Price Administration or of any acts or practices which constitute such a violalation are urged to communicate with the nearest field or regional office of the Office of Price Administration or its principal office in Washington, D. C.

§ 1382.56a Licensing. The provisions of Supplementary Order No. 18 4 (§ 1305.-22) licensing all persons, except mills, manufacturers or producers, selling lumber, lumber products or building materials, are applicable to every person selling Central hardwood lumber for which maximum prices are established

[§ 1382.56a added by Amendment 3, 7 F.R. 8385, effective 10-21-42]

§ 1382.57 Petitions for amendment. Any person seeking an amendment of any provision of this Maximum Price Regulation 155 may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.

[§ 1382.57 as amended by Supplementary Order 26, 7 F.R. 8948, effective 11-4-42]

In treating with petitions for amendment or adjustment, consideration will not be given to log and bolt costs which are higher than the applicable maximum purchase prices for logs and bolts established in Revised Maximum Price Regulation 161-West Coast Logs, or Maximum Price Regulation 313—Prime Grade Hardwood Logs and Maximum Price Regulation 348—Logs and Bolts, or any revision or amendment of these regulations. This rule shall be followed regardless of whether the petitioner gets logs and bolts by purchasing them, logging his own standing timber, contracting for the logging of his own standing timber, or any other means. All petitions in any way based on the cost of logs and bolts received at his plant during the three months immediately prior to filing the petition, and the cost which would have been incurred by the petitioner if all of these logs and bolts had been purchased by him at ceiling prices. To figure these ceiling prices the petitioner should refer to the regulation which fixes the maximum prices for purchases and sales of the kinds of logs and bolts received at his plant.

[Above paragraph added by Supplementary Order 47, 8 F.R. 5808, effective 5-8-43]

[Note: Procedural Regulation No. 6 (7 F.R. 5087, 5665) provides for the filing of applications for adjustment of maximum prices for commodities or services under Government contracts or subcontracts. Revised Supplementary Order No. 9 (8 FR. 6175) makes the provisions of Procedural Regulation No. 6 applicable to all price regulations, with the exception of those which expressly prohibit such applications, and cortain spe-cific regulations listed in Revised Supplementary Order No. 9.

[Note: Supplementary Order No. 28 (7 F.R. 9619) provides for the filing of applications for adjustment or petitions for amendment based on a pending wage or salary increase requiring the approval of the National War Labor Board.]

§ 1382.58 Definitions. (a) When used in Maximum Price Regulation No. 155, the term:

(1) "person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of the foregoing.

(2) "feet" means board feet of lumber except that with reference to lumber in thicknesses of ½", ¾", and ¾", the term "feet" means surface feet.

(3) "North Central hardwood lumber" means lumber;

by this Maximum Price Regulation No.

(i) Produced from the botanical species of yellow poplar (Liriodendron tulipifera), beech (Fagus americana), soft maple (Acer rubrum and Acer saccharinum), hard maple (Acer saccharum), butternut (Juglans cinerea), tough white ash (Fraxinus americana), chestnut (Castanea dentata), and the botanical species included in the genera of red and white oak (Quercus), hackberry (Celtis), hickory (Hicoria), basswood (Tilia), buckeye (Aesculus) and all other hardwood species; and

(ii) Processed into lumber at mills located within the North Central hard-woods area. The "North Central hard-woods area" is that area circumscribed by a line beginning at a point on the Kentucky-Tennessee state line at the southeastern corner of Cumberland County, Kentucky, extending thence in a generally northeasterly direction through Kentucky along the eastern boundary of Cumberland County, the southern, southeastern, and eastern boundaries of Russell County, the southeastern boundaries of Casey, Lincoln, and Garrard Counties, the southern and eastern boundaries of Madison County, the southeastern boundaries of Clark, Montgomery, Bath, and Fleming Counties, the southern and eastern boundaries of Lewis County to the southern boundary of Greenup County and along the southern and eastern boundaries of Greenup County to the southern state line of Ohio; thence southeasterly along the Ohio-Kentucky state line to the state line of West Virginia; thence generally in a northeasterly direction along the Ohio-West Virginia state line to the western state line of Pennsylvania; thence northerly along the Ohio-Pennsylvania state line to the southern shore of Lake Erie; thence westerly along and around the southern shore of Lake Erie to the Ohio-Michigan state line; thence westerly along the Ohio-Michigan state line to the eastern state line of Indiana; thence northerly along the Indiana-Michigan state line to the northeast corner of Indiana; thence westerly along the Indiana-Michigan state line to the eastern shore of Lake Michigan; thence westerly, turning northerly, around the southern end of Lake Michigan to the Illinois-Wisconsin state line; thence westerly along the Illinois-Wisconsin state line to the northwest corner of Illinois; thence southerly along the western state line of Illinois to the intersection of said line and the tracks of the Louisville and Nashville Railroad at St. Louis; thence southeasterly along the tracks of said Louisville and Nashville Railroad through Belleville, Mt. Vernon, and Eldorado, Illinois, to the intersection of said railroad and the western bound-ary of Gallatin County, Illinois; thence southerly and easterly along the western and southern boundaries of Gallatin County to the Illinois-Kentucky state line; turning thence northeasterly and following the Illinois-Kentucky and the Indiana-Kentucky state lines to the northwest corner of Daviess County, Kentucky; extending thence in a generally southeasterly direction through Kentucky along the western and southwestern boundaries of Daviess County, the

western, southwestern and southeastern boundaries of Ohio County, the southwestern boundaries of Grayson and Edmonson Counties and the western boundaries of Barren and Monroe Counties to the Kentucky-Tennessee state line; thence easterly along said state line to the southeastern corner of Cumberland County, Kentucky, and the place of beginning. All sawmills on the bound-ary line of the North Central hardwoods area shall be deemed to be in that area, except that sawmills located on the line between the North Central hardwoods area and the South Central hardwoods area, as defined in § 1382.58 (a) (4) below, shall be deemed to be in the South Central hardwoods area; and all sawmills on the line between Ohio and West Virginia separating the North Central hardwoods area and the Appalachian hardwoods area, as defined in § 1382.8 (a) (3) (ii) of Maximum Price Regulation No. 146, shall be deemed to be within the Appalachian hardwoods area.

[Paragraph (3) amended by Amendment 5, 8 F.R. 3848, effective 4-2-43, and Amendment 7, 8 F.R. 9417, effective 7-14-43]

(4) "South Central hardwood lumber" means lumber:

(i) produced from the botanical species of sap sweet gum and red sweet gum (Liquidamber styraciflua), tupelo (Nyssa aquatica), black gum (Nyssa sylvatica), yellow poplar (Liriodendron tulipifera), beech (Fagus americana), sycamore (Platanus occidentalis), tough white ash (Fraxinus americana), soft maple (Acer rubrum and Acer saccharinum), hard maple (Acer saccharum), butternut (Juglans cinerea), and the botanical species included in the genera of red oak and white oak (Quercus), elm (Ulmus), cottonwood (Populas), hackberry (Celtis), hickory (Hicorla), basswood (Tilia), ash (Fraxinus), buckeye (Aesculus), and all other hardwood species; and

(ii) processed into lumber at mills located within the South Central hardwoods area.

The "South Central hardwoods area" is that area circumscribed by a line beginning at a point on the Kentucky-Tennessee state line at the northeastern corner of Clay County, Tennessee, extending thence in a generally southerly direction through Tennessee along the eastern boundary of Clay County, the northeastern and eastern boundaries of Overton County, the eastern boundary of Putnam County, the northern, northeastern, and southeastern boundaries of Cumberland County, the southeastern boundaries of Bledsoe and Sequatchie Counties, and the eastern boundary of Marion County to the intersection of said eastern boundary of Marion County and the Nashville, Chattanooga and St. Louis Railroad; thence easterly along said railroad through Chattanooga to the intersection of said railroad and the south state line of Tennessee; thence westerly along said state line to the southwestern corner of McNairy County, Tennessee; extending thence in a generally northwesterly di-

rection through Tennessee along the western boundaries of McNairy Chester Counties, the southern and western boundaries of Madison County and the southwestern boundaries of Crockett and Dyer Counties to the eastern state line of Arkansas; thence northerly along the Arkansas-Tennessee state line to the southeastern corner of Missouri; thence following the general southern, western, northern, and eastern boundaries of Missouri to the junction of the eastern state line of Missouri and the tracks of the Louisville and Nashville Railroad at St. Louis; thence southeasterly along the trácks of said Louisville and Nashville Railroad through Belleville, Mt. Vernon and Eldorado, Illinois to the intersection of said tracks and the eastern boundary of Saline County, Illinois; thence southerly along said eastern boundary of Saline County to the northern boundary of Hardin County; thence easterly along the northern boundary of Hardin County to the Illinois-Kentucky state line; thence turning northerly, and following the Illinois-Kentucky and Indiana-Kentucky state lines to the northeastern corner of Henderson County, Kentucky; extending thence in a generally southeasterly direction through Kentucky along the eastern boundary of Henderson County, the northeastern boundaries of McLean and Muhlenberg Counties, the northern and northeastern boundaries of Butler County, the northeastern and southeastern boundaries of Warren County to the northeastern boundary of Allen County, and along said northeastern boundary of Allen County to the Kentucky-Tennessee state line; thence easterly along said state line to the northeastern corner of Clay County, Tennessee, and the place of beginning. All sawmills on the boundary line of the South Central hardwoods area shall be deemed to be in that area, except that sawmills located on the line between the South Central hardwoods area and the Southern hardwoods area, as defined in § 1312.307 (c) (2) of Revised Price Schedule No. 97, shall be deemed to be in the Southern hardwoods area.

[Paragraph (4) amended by Amendment 7, 8 P.R. 9417, effective 7-14-43]

(5) "Central hardwood lumber" means North Central hardwood lumber and South Central hardwood lumber as defined in subparagraphs (a) (3) and (a) (4) of this section. The "Central hardwoods area" is that area comprised of the North Central hardwoods area and the South Central hardwoods area, as defined in paragraphs (a) (3) (ii) and (a) (4) (ii) of this section.

(6) "Mill" means any establishment: (1) Which processes into the items of lumber covered by this Maximum Price Regulation No. 155, by sawing or planing, or ships to milling-in-transit operations for such processing by sawing, planing, or kiln drying, at least 25 percent of the volume of Central hardwood lumber or logs purchased or received by it, or

⁶7 FR. 3776, 4179, 4852, 5520, C053, C338, 7600, 7747, 8198, 8350, 8384, 8948; 8 FR. 3056, 5470, 6000

^{*}Superceded by Section 1382.114, Appendix C of Revised Maximum Price Regulation 97; 8 F.R. 142, 3530, 5177, 5479, 8350, 10762, 11161, 11630.

(ii) Which resembles the following described establishment more nearly than that described under the definition of "distribution yard" in subparagraph (7) (ii) of this paragraph: An establishment which concentrates and prepares lumber for commercial shipment, which keeps in stock primarily Central hardwood lumber, which has its lumber brought in chiefly in rough green form by truck from small local sawmills and sells chiefly for rail shipment, and which has been located at its particular site in order to be near the lumber producing area.

(7) "Distribution yard" means an es-

tablishment:

(i) Which processes into the items of lumber covered by this Maximum Price Regulation No. 155, by sawing or planing, or ships to milling-in-transit operations for such processing by sawing, planing, or kiln drying, less than 25-per cent of the volume of Central hardwood lumber purchased or received by it, and

- (ii) Which resembles the following described establishment more nearly than that described under the definition of "mill" in subparagraph (6) (ii) of this paragraph: A wholesale or retail lumber yard which purchases or receives lumber from a mill or another distribution yard for purposes of unloading, sorting, and resale or redistribution, which regularly maintains a miscellaneous stock of lumber from different regions, which obtains its lumber primarily by rail shipment and sells primarily for truck shipment, which is equipped to make quick deliveries of many different items of lumber, and which has been located at its particular site primarily in order to be near a lumber consuming area.
- (8) "Volume" means the board feet volume of lumber processed from logs. processed from other lumber, or sold, as the case may be, within the six months immediately prior to the transaction subject to this Maximum Price Regulation No. 155.
- (9) "Deliver" means to make physical transfer of lumber to a purchaser, or to a carrier, not owned or controlled by the seller, for carriage to a purchaser.

(10) "Retail sale" means a sale which satisfies all of the following tests:

- (i) It must be a sale of not more than 2,000 feet of lumber.
- (ii) It must be a sale in which the purchaser requests delivery to a point not more than 20 miles from the mill at which shipment originates.
- (iii) It must be a sale of lumber to a contractor or consumer for use in construction, remodeling, repair, maintenance, fabrication, or remanufacture, and not for resale in substantially the same form.
- (11) "No. 2A Common Basswood" and the term "No. 2B Common Basswood" mean trade practice grades of Central hardwood lumber under which basswood lumber is graded in accordance with the standard grading rules covering No. 2A Common Yellow Poplar and No. 2B Common Yellow Poplar, respectively.
- (12) "Box grade" means a trade practice grade of Central hardwood lumber

which varies from the National Hardwood Lumber Association No. 3B Common grade by requiring $\frac{6}{12}$ (50 per cent) rather than 3/12 (25 per cent) yield in sound cuttings.

(b) Unless otherwise specified, grade terms used herein have the meaning set forth in the "Rules for the Measurement and Inspection of Hardwood Lumber" issued by the National Hardwood Lumber Association, effective January 1,

[Paragraph (b) as amended by Amendment 7, 8 F.R. 9417, effective 7-14-43]

- (c) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.
- § 1382.59 Applicability of General Maximum Price Regulation. The provisions of the General Maximum Price Regulation shall not, on and after June 1, 1942, apply to sales and deliveries of Central hardwood lumber where shipment originates at the mill rather than at a distribution yard.
- § 1382.60 Effective date. This Maximum Price Regulation No. 155 (§§ 1382.51 to 1382.66, inclusive) shall become effective June 1, 1942.

[Issued May 28, 1942]

§ 1382.60a Effective dates of amendments. [Effective dates of amendments are shown in notes following the parts affected.]

§ 1382.61 Appendix A: Maximum prices for North Central hardwood lumber in standard or near standard grades— (a) Application of Appendix A. The provisions of this Appendix shall apply to North Central hardwood lumber which is sold in the species and on the grades designated in this Appendix. Lumber sold on such grades shall be deemed to include lumber in:

(1) Grade-rule range widths and lengths:

(2) Widths and lengths substantially the same as grade-rule range widths and lengths; or

(3) Specified average widths or specified average lengths which are substantially run-of-the-log.

(b) The maximum f. o. b. mill price for 1,000 feet of North Central hardwood lumber in a rough air dried condition shall be as follows:

(1) TOUGH WHITE ASH

NOTES ON WHITE OAK OR RED OAK-FREIGHT CAR STOCK, COMMON DIMENSION, MINE CAR LUMBER

Random Widths; in 2" and 3" thicknesses—\$50.00.

Free of Heart; in 2" and 3" thicknessesadd \$8.00 to maximum price for same thickness, width and length in above schedule;

PRICES FOR SPECIFIC SIZES NOT IN SCHEDULE -

The maximum price for material of a length not included in this schedule shall be determined by adding to the maximum price for the next shorter length the proportionate amount of the difference between the maximum price of such next shorter length and the maximum price of the next longer length.

In the case of any item for which the thickness or the width is not included in the schedule, the maximum price shall be the maximum price for the material of the next greater thickness or width.

The maximum prices set forth above supersede the maximum prices for like material authorized for individual sellers under the special pricing provisions of this Regulation.

[Paragraphs (20) and (21) added by Amendment 7, 8 F.R. 9417, effective 7-14-43]

(c) Deduction for green. For North Central hardwood lumber shipped in a 'green" condition, deduct from the maximum prices for air-dried lumber established in this Appendix "A", 10% of the maximum price for rough, air-dried material in the same specifications. This deduction, however, shall not apply to the prices for material contained in subparagraphs (20) and (21) of paragraph (b) above.

For the purposes of this paragraph, hardwood lumber shall be considered to be "green" unless it has been stacked on the yard for air-drying.

A purchaser may waive any requirement as to moisture content, in which case, if the lumber has been stacked on the yard, the air-dried price shall be applicable, regardless of the moisture content, but if the lumber has not been stacked on the yard for air-drying the "green" price shall be applicable. .

[Paragraph (c) as amended by Amendment 7, 8 F.R. 9417, effective 7-14-43]

(d) The following additions per 1,000 feet of North Central hardwood lumber may be charged for the specified treatments and workings:

(1) Kiln drying the lumber to a moisture content not exceeding 9 per cent as of the time the lumber leaves the kiln.

Species	½" and	g/"	1"	1½"	11/3"	2"	21/3"	g"
	thick	thick	thick	thick	thick	thick	thick	thick
Basswood Buckeye Butternut Hackberry Soft Maple Yellow Poplar	\$4.50	\$5.00	\$5. 50	\$6.50	\$7.00	\$7. 50	\$9. 0 0	\$11. <i>t</i> d

Surfacing 2 sides and resaw- ing	5.00	5.00	4.25
sides	5, 50	5, 50	4.75

(5) Inspecting, grading and measuring after kiln drying: 5 per cent of the f. o. b. mill price of the lumber in a rough air dried condition. This addition may be made only where the seller performs all three of these services, at the request of the purchaser, after kiln drying.

(6) End-racking or band sawing: No addition.

(7) Custom kiln-drying and milling, Where Central hardwood lumber is kilndried or milled for the seller by a custom kiln or milling establishment, and the custom kiln or milling establishment is not owned or operated by, or connected with, the sawmill, the seller may add the actual cost of this custom kiln-drying or milling. The amount added may not be higher than the maximum price established by Maximum Price Regulation 165, as amended,8 Services, for the custom kiln or milling establishment applicable to the sale of the services of custom kiln-

⁸⁷ F.R. 4734, 5028, 5567, 6428, 6968, 8239, 8431, 8798, 8943, 8948, 9197, 9342, 9343, 9785, 9971, 9972, 10480, 10619, 10718, 11010; 8 F.R. 1060, 3324, 4782, 5681, 5755, 5933, 6364, 8508, 8873, 10671, 10939, 11754, 12023.

drying or milling. The invoice of the custom kiln or milling establishment must be attached to the lumber invoice of the seller.

[Paragraph (7) added by Amendment 6, 8 F.R. 5479, effective 4-29-43]

(e) The following additions per 1,000 feet of Central hardwood lumber may be charged where the purchaser (or purchasers, in the case of pool cars) orders an item, consisting of one species, thickness, and grade of Central hardwood lumber, in the quantities herein indicated:

[Paragraph (e) as amended by Amendment 7, 8 F.R. 9417, effective 7-14-43]

(f) A delivered price in excess of the maximum f. o. b. mill prices set forth in paragraphs (b) and (c) hereof, may be charged, consisting of such maximum prices, plus the transportation charges set forth below: Provided, That the invoice contains the point of origin of the shipment, the destination, the applicable rail or truck rate, or if shipment is by private truck, the amount added for transportation, and the words "Directmill Shipment".

(1) Common or contract carrier. When shipment is by common or contract carrier, the following rules govern:

(i) When estimated weights are used, the rate times the estimated weight is the proper transportation charge. Estimated weights may be used only if they have been filed with the Office of Price Administration, Washington, D. C. The weights must be the weights used by the seller during the period October 1 to October 15, 1941. The estimated weight must be the weight for the exact kind of lumber actually shipped; for example, green weights may not be used if dry lumber is shipped. The transportation charge may be evened out to the nearest quarter-dollar per M.

(ii) When estimated weights are not used, the amount added for transportation must not be more than the amount actually paid to the common or contract carrier, evened out to the nearest quar-

ter-dollar per M.

(2) Private truck. When shipment is by truck owned or controlled by the seller, the amount added for transportation may not be more than the actual cost to the seller of delivery by truck; and, no matter what the actual cost is, the amount added may not be more than the railroad charge at the carload rate for the most similar haul. However, if this railroad charge is less than \$1.50, and if the actual cost of delivery is more than \$1.50, a transportation charge of \$1.50 may be made.

(3), Trucking to railhead. When a truck haul precedes a rail shipment, as when a mill located away from a railhead hauls lumber by truck to the railhead, no addition may be made for the truck haul. However, in the following three cases a mill may apply for special permission to make an addition:

(i) Where the mill was located away from rail connections because it specialized in water-borne lumber, and where shortage of shipping has forced it to operate by rail;

(ii) Where a mill's rail connection has been abandoned since September 5,

1941

[Former subdivision (ii) revoked, former subdivision (iii) redesignated (ii) by Amendment'8, effective 9-28-43]

The application should be made by letter to the Lumber Branch of the Office of Price Administration, Washington, D. C. The addition may not be made on quotations or sales until permission has been received.

- (4) Truck delivery after rail haul. When truck delivery follows a rail haul, the actual cost of truck delivery may be added.
- (5) All-truck haul. When an all-truck haul ends in delivery to the job site, no special addition may be made above the charges provided in subparagraphs (1) and (2) of this paragraph, since in this case delivery to the job site involves no extra expense.

[Paragraph (f) as amended by Amendment 4, 8 F.R. 3056, effective 3-16-43]

- (g) Where the purchaser requests an inspection by, and an inspection certificate issued by, the National Hardwood Lumber Association, the seller may make an added charge which does not exceed the inspection fees and expenses charged by the Association to the seller and shown on the certificate.
- (h) Where Central hardwood lumber is sold on a Log Run, Mill Run, or No. 1 Common and Better grade for which no maximum price has been

established in this Appendix the maximum price shall be the maximum price established in this Appendix for the lowest grade of lumber contained in the stock that is sold on such special inspection grade; the seller, however, may grade and ship the lumber on the standard grades included in such special inspection grade and invoice the footage in each of the standard grades at a price not to exceed the maximum price established in this Maximum Price Regulation No. 155 for the respective standard grades.

[Paragraph (h) as amended by Amendment 7, 8 F.R. 9417, effective 7-14-43]

- (i) The maximum prices established in this Appendix shall not be increased by any charges for the extension of credit and shall be decreased for prompt payment to the same extent that the sale price would have been decreased on October 1, 1941, in a sale of a similar nature to a purchaser of the same class as involved in the transaction subject to this Maximum Price Regulation No. 155.
- (j) Export sales of Central hardwood lumber are subject to the provisions of the Maximum Export Price Regulation.⁹ [Paragraph (j) as amended by Amendment 7, 8 F.R. 9417, effective 7-14-43]

§ 1382.62 Appendix B: Maximum prices for North Central hardwood lumber in "standard special" grades or items—(a) Standard special widths and lengths. The f. o. b. mill price for 1,000 feet of North Central hardwood lumber in the species and in the "standard special" widths and lengths listed below shall be as follows:

(1) STANDARD SPECIAL WIDTHS AND LENGTHS—ALL HARDWOOD SPECIES (EXCEPT AS OTHERWISE PROVIDED IN SUBPARAGRAPH 2 BELOW)

Width and/er length	Gr edo •	Maximum solditions to maximum prices catablished in \$1832.61 for lumber in corresponding standard grades and same thicknesses
b" or 6" and wider; regular lengths	No. 1 Common and Selects or No. 1 Common; No. 2 Common: No. 3 Common.	\$2.00

For each additional inch over 20" & wider.	No. 1 Common and better. 5.00 7.00 10.00 11.00 12.00 13.00 14.00 16.00	

(b) Additions, adjustments, and restrictions. The additions, adjustments, and restrictions provided in paragraphs (c), (d), (e), (f), (g), (h), (i), and (j) of § 1382.61, Appendix A, shall apply to the prices established in this Appendix B.

(c) Effect on special prices. The maximum prices contained in this Appendix B supersede the maximum prices for like material authorized for individual sellers under the special pricing provisions of this regulation.

[§ 1382.62 added by Amendment 7, 8 F.R. 9417, effective 7-14-43. Former § 1382.62 revoked by Amendment 7]

§ 1382.63 Appendix C: Maximum prices for North Central hardwood lumber in grades, specifications, and extras not specifically priced—(a) Application of Appendix C. (1) North Central hardwood lumber sold on special grades or specifications or with special services or other extras not specifically mentioned in Appendices A and B (§§ 1382.61 and 1382.62), is nevertheless subject to this regulation. The maximum price for such lumber shall be determined in accordance with the formula in paragraph (b) below.

(2) For the purposes of this section, the term "North Central hardwood lumber" shall include all items of lumber in the species set forth in § 1382.58 (a) (3), but shall not include the following items (the term "items" includes specifications, workings, and/or extras).

- Glued stock.
- (ii) Moulding.
- (iii) Shiplap.
- (iv) Risers, step treads, thresholds, handrails.
 - (v) Bevel and drop siding.
 - (vi) Flooring.
 - (vii) Switch, cross, and mine ties.
 - (viii) Mine materials.
 - (ix) Small dimension stock.
 - (x) Lath.
- (xi) Navy oak ship stock (see Maximum Price Regulation No. 281).
- (b) Maximum prices for grades, specifications and extras not specifically priced. (1) The maximum price for North Central hardwood lumber in grades, specifications, and extras not specifically priced in Appendices A and B, shall be a price which bears the October 1941 relation to the most comparable standard item. The seller should find his price difference between the special ...

item and this most comparable standard item in October 1941 or the first month before that in which he had sales of both items, or if this is impossible, the price differential he would have used. This difference is then added to or subtracted from the maximum price of the comparable standard grade, and the result is the maximum price for the special grade. This price must be reported to the Office of Price Administration, Washington, D. C., on OPA Form 255:1 revised given in paragraph (3) below. It may be ordered reduced, if it is found excessive. But if the price is not disapproved within 30 days of the receipt of the report, it is approved.

(2) A seller using this pricing section can go ahead with delivery of the lumber and collection of the price he has computed or requested. But he must tell the buyer that the price is subject to revision within the thirty-day period. and, if the price is ordered reduced, must refund any excess over the final approved price.

(3) OPA Form 255:1 revised is as follows:

> Form approved by Budget Bureau No. 08-R 525

OFFICE OF PRICE ADMINISTRATION

LUMBER BRANCH

HARDWOOD SECTION

Report of sales of North Central hardwood lumber in special items or special grades (other than combination grades), or prepared with special workings, treatments or services.

Company _____ Address. Mill Location

Sales of Special Stocks of Lumber

(As defined in Appendix B of Maximum Price Regulation No. 155)

This report must be filed with the Lumber Branch of the Office of Price Administration, Washington, D. C., within 30 days of the date on which the producing mill enters into a contract for the sale of North Central hardwood lumber in a special item or special grade (other than a combination grade) or prepared with a special working, treatment, or service.

Date of order.... Origin of shipment_____ Order No ._. Destination of Shipment_____ Purchaser _____

(Name and Address)

F. o. b. Mill Price___ (Including discounts or commissions, if any)

(Thickness) (Species) (Widths) (Lengths)

(Designation of grade, item, working, treat-

ment or service)
Differential in relation to most comparable standard grade or item which was employed or would have been employed during October 1-15, 1941_____

Most comparable standard grade or item to which differential is applied_____

Complete description of special grade, item, working, treatment, or service (including a statement whether the lumber is rough or machined and is air dried, kiln dried, or green) _____

Detailed explanation of how maximum price was computed or built up_____

(Name) (Office or Title)

(c) Additions, adjustments, and re-strictions. The additions, adjustments, and restrictions provided in paragraphs (c), (d), (e), (f), (g), (h), (i), and (j) of § 1382.61, Appendix A, shall apply to the prices established in this Appendix C. [§ 1382.63 added by Amendment 7, 8 F.R. 9417, effective 7-14-43. Former § 1382.63 revoked by Amendment 7]

§ 1382.64 Appendix D: prices for South Central hardwood lumber in standard or near standard grades— (a) Application of Appendix D. The provisions of this Appendix shall apply to South Central hardwood lumber which is sold in the species and on the grades designated in this Appendix. Lumber sold on such grades shall be deemed to include lumber in:

(1) Grade-rule range widths and lengths:

(2) Widths and lengths substantially the same as grade-rule range widths and lengths: or

(3) Specified average widths or specified average lengths which are substantially run-of-the-log.

(b) The maximum f. o. b. mill price

for 1,000 feet of South Central hardwood lumber in a rough air dried condition shall be as follows:

Notes on White Oak or Red Oak—Structural Stock or Sound Square Edge

Random Widths; in 2", 3" and 4" thicknesses-\$43.00.

Free of Heart; in 2", 3" and 4" thicknesses—add \$6.00 to maximum price for same thickness, width and length in above schedule.

PRICES FOR SPECIFIC SIZES NOT IN SCHEDULE

The maximum price for material of a length not included in this schedule shall be determined by adding to the maximum price for the next shorter length the proportionate amount of the difference between the maximum price of such next shorter length and the maximum price of the next longer length.

In the case of any item for which the thickness or the width is not included in the schedule, the maximum price shall be the maximum price for the material of the next greater thickness or width.

The maximum prices set forth above supersede the maximum prices for like material authorized for individual sellers under the special pricing provisions of this Regulation.

Notes on White Oak or Red Oak—Freight Car Stock, Common Dimension, Mine Car Lumber

Random Widths; in 2" and 3" thick-nesses-\$50.00.

, Free of Heart; in 2" and 3" thicknesses—add \$8.00 to maximum price for same thickness, width and length in above schedule.

Prices for Specific Sizes Not in Schedule

The maximum price for material of a length not included in this schedule shall be determined by adding to the maximum price for the next shorter length the proportionate amount of the difference between the maximum price of such next shorter length and the maximum price of the next longer length and the maximum price of the next longer length. In the case of any item for which the thickness or the width is not included in the schedule, the maximum price for the material of the next greater thickness or width.

The maximum prices set forth above supersecte the maximum prices for the material authorized for individual sellers under the special pricing provisions of this Regulation.

(33) added by 9417, effective (32) and 8 F.R. 1 Paragraphs (31), Amendment 7, 7-14-43

Central hardwood lumber shipped in a "green" condition, deduct from the maximum prices for air-dried lumber established in this Appendix "D", 10% of the maximum price for rough, air-dried material in the same specifications. This (c) Deduction for green. For South

deduction, however, shall not apply to the prices for material contained in sub-paragraphs (32) and (33) of paragraph (b) above.

For the purposes of this paragraph, hardwood lumber shall be considered tobe "green" unless it has been stacked on the yard for air-drying.

A purchaser may walve any require-

A purchaser may walve any requirement as to moisture content, in which case, if the lumber has been stacked on the yard, the air-dried price shall be applicable, regardless of the moisture content, but if the lumber has not been stacked on the yard for air-drying the "green" price shall be applicable.

[Paragraph (c) as amended by Amendment 7, 8 F.R. 9417, effective 7-14-43]

(d.) The following additions per 1,000 feet of South Central hardwood lumber may be charged for the specified treatments and workings:

(1) Kiln drying the lumber to a moispercent as of the time the lumber leaves the kiln. ture content not exceeding 9

(c) Effect on special prices. maximum prices contained in this Appendix E supersede the maximum prices for like material authorized for individual sellers under the special pricing

provisions of this regulation.

[§ 1382.65 added by Amendment 7, 8 F.R. 9417, effective 7-14-43. Former § 1382.65 revoked by Amendment 7]

§ 1382.66 Appendix F: Maximum prices for South Central hardwood lumber in "non-standard special" grades or items-(a) Application of Appendix F. (1) This section shall apply to South Central hardwood lumber which is sold on special specifications not covered by Appendices D and E (§§ 1382.64 and 1382.65).

- (2) For the purposes of this section, the term "South Central hardwood lumber" shall include all items of lumber in the species set forth ir § 1382.58 (a) (4) but shall not include the following items:
 (The term "items" includes specifica-. tions, workings, services, and/or extras).
 - (i) Glued stock. (ii) Moulding.

(iii) Shiplap.

- (iv) Risers, step treads, thresholds, handrails.
 - (v) Bevel and drop siding.(vi) Flooring.

- (vii) Switch, cross, and mine ties.
- (viii) Mine material.
- (ix) Small dimension stock.

(x) Lath.
(xi) Navy oak ship stock (see Maximum Price Regulation No. 281).

(b) Maximum prices for grades, specifications and extras not specifically priced. (1) The maximum price for South Central hardwood lumber in grades, specifications and extras not specifically priced in Appendices D and E, shall be a price which bears the October 1941 relation to the most comparable standard item. The seller should find his price difference between the special item and this most comparable standard item in October 1941 or the first month before that in which he had sales of both items, or if this is impossible, the price differential he would have used. This difference is then added to or subtracted from the maximum price of the comparable standard grade, and the result is the maximum price for the special grade. This price must be reported to the Office of Price Administration, Washington, D. C., on OPA Form 255:2 revised given in paragraph (3) below. It may be ordered reduced, if it is found excessive. But if the price is not disapproved within 30 days of the receipt of the report, it is appròved.

(2) A seller using this pricing section can go ahead with delivery of the lumber and collection of the price he has computed or requested. But he must tell the buyer that the price is subject to revision within the thirty-day period,

All islands

maximum

and, if the price is ordered reduced, must refund any excess over the final approved price.

(3) OPA Form 255:2 revised is as follows:

PART 1418—TERRITORIES AND POSSESSIONS [MPR 373,1 Amdt. 15]

MEATS AND FOULTRY IN HAWAII

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 373 is amended in the following respects:

1. Section 19a (h) and (i) are added to read as follows:

- (h) The maximum price for sales of mainland wholesale cuts of meat, for which specific prices have not been established by the section, shall be 10% on selling price over the retailer's invoice cost. The maximum prices of wholesale cuts of Island meats sold by retailers shall be the same as those prescribed for wholesalers elsewhere in this section. It is the purpose of this provision to enable the retailer to compute his maximum prices on those carcasses or portions of carcasses from which are derived the retail cuts.
- (i) The maximum price of any retail cut of meat where the various cuts from a-particular carcass are all sold at the same price shall be 25% on selling price over the carcass cost.
- 2. Section 19a Table F is amended by deleting category 3 "Cooked or Barbecued Poultry at Retail".
- 3. Section 19a Table P is amended to read as follows:

TABLE P—ISLAND POULTRY AT RETAIL

Definition. Dressed poultry is poultry which has been killed, bled, and plucked. No island poultry shall be exhibited for sale, or sold in any parket, which has had the head, feet, and entrails removed. Butchers may draw birds at the request of the customers after the sale is made. The purpose of this provision is to protect the customers against the sale of unhealthy birds.

5. Section 20 is amended	i to read as
follows	

follows:

Sec. 20. Maximum prices for Islandfish—(a) Maximum prices. Maximum prices are established on fish caught in the waters of or adjacent to the Territory of Hawaii. The prices established by this section are maximum prices per pound for the whole fish or any portion thereof. The maximum price for fish sold or delivered on each island specifled in Table A to E inclusive, shall be the maximum price set forth for the fish listed or described in the table applicable to such island. The place where the seller parts with physical possession of the fish shall determine the applicable table except that where a delivered sale is made of fish shipped from one island to another island the maximum price shall be the maximum price set forth for such sale on the island in the table applicable to deliveries on the island of

destination. Prices are established in each table: (1) Ex-dock, (2) Delivered

retailer, (3) At retail.

(b) Sales invoices, purchase records and receipts. (1) Every person making a sale at other than retail of a commodity subject to this section shall furnish the buyer at the time of delivery with an invoice or sales memorandum showing the date or sale, the name and address of the seller, name and address of the purchaser, kind of fish, number of pounds, the price per pound and the total price charged or received. In the event such invoice or sales memorandum is not furnished, the buyer shall make a record showing the date of purchase, the name and address of the seller and buyer, kind of fish purchased, the price per pound and the total price charged or paid.

(2) Every person making a retail sale of fish and who has customarily given the purchaser a sales slip, receipt or similar evidence of purchase shall continue to do so. However, at the request of any purchaser, any person selling at retail, regardless of previous custom, shall give that purchaser a receipt showing the date of sale, the name and address of the seller, the name and address of the purchaser, the kind of fish, the number of pounds, the price per pound, and the total price charged or received.

(c) Current records and reports. Notwithstanding the provisions of section 10 of this Maximum Price Regulation 373, every person making sales or purchases of fish covered by this section shall keep and make available to the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect the following records:

(1) Copies of invoices or sales memoranda given to purchasers as required

by paragraph (b) above.

(2) Invoices and sales memoranda received from suppliers and, if not received, the record of purchase required by paragraph (b) above.

(3) Any reports that the Office of Price Administration requires must be

submitted.

(d) Marking or posting. Every person offering to sell at retail any commodity covered by this section shall mark the maximum price of such commodity in a manner plainly visible to and understandable by the purchasing public. The maximum price may be marked on the commodity itself or on the shelf, bin, rack, or other holder or container upon or in which the commodity is kept; or it may be posted at the place in the business establishment where the commodity is offered for sale. The maximum price shall be stated as follows: "Ceiling Price \$----" or "Our Ceiling Price

(e) Gross income tax. In the case of a sale to a buyer who does not have a gross income tax license, the seller may add to the maximum price one and one quarter per cent (14%) of the selling price.

(f) Definitions. When used in this section 20 the term:

(1) "Ex-dock" refers to all sales and deliveries which occur at or near the dock by fishermen or other persons except sales at wholesale or at retail by a seller at a store or other established place of business.

(2) "Steak" means a slice of fish from which the head, tail, and fins have been

removed.

(3) "Fillet" means a slice of fish from which the head, tail, fins, and backbone have been removed.

6. The table following section 21 (c) (1) is amended by changing the wholesale maximum prices of Garlic from "\$.15 per lb." to "\$.18 per lb." and by deleting the Special institutional maximum prices of Garlic; by changing the wholesale maximum prices of Potatoes, US #1 from "\$4.85 per 100 lbs." to "\$4.95 per 100 lbs."; by changing the wholesale maximum prices of Potatoes, combination from "\$4.20 per 100 lbs." to "\$4.25 per 100 lbs." to "\$4.25 per 100 lbs."; and by adding the item "Potatoes, Rivers" to read as follows:

· .	Whole- sale maxi- mum prices	Special institu- tional maxi- mum prices	Retail maxi- mum prices
Potatoes, Rivers	Per 100 lbs. \$4.65	None	Per 1b. \$0.07

7. The table following Section 21 (d) (1) is amended by adding the categories "Honeydew melons", "Pears, Bartlett" and "Grapes" all to read as follows:

	Whole- sale maxi- mum prices	Special institu- tional maxi- mum prices	Retail maxi- mum prices
Toneydew melons Pears, Bartlett Trapes, Malaga	Per lug \$5, 25 7, 95 8, 10	None None None	Per lb. \$0.20 .25 .40

- 8. The table following section 35 (a) is amended by adding the headings "Music Appreciation Records" before item 31; "Columbia Records" before item 31; "Columb 37; "Party Records" before item 42. Item 37 is amended by changing the series "1-2-8-9-10" to "1-2-7-9-10". Item 38 is amended by changing the series "3-4-5-11-15-13-14-18-20-24" to "3-4-5-11-12-13-14-18-20".
- 9. Section 48 is added to read as follows:

SEC. 48. Maximum prices for hauling on the Island of Molokai—(a) Definitions. When used in this section 48 the term:

(1) "Package" means a parcel of merchandise in the customary wholesale unit.

(2) "Hauling" means the transportation from one point to another of a package by means of a motor vehicle other than a common carrier and includes such loading and unloading as has been customary in the trade.

(b) Maximum prices. (1) 5 cents per package for hauling between points within the city limits of Kaunakakai, Molo-

(2) 15 cents per package for all other hauling on the Island of Molokai.

10. Section 49 in added to read as

SEC. 49. Maximum prices for taro and poi in the Island of Oahu only—(a) Sales of Wetland Taro. The maximum prices for sales of wetland taro to a manufacturer of poi, or his agent, by any person, including a grower, shall be:

Irade A Taro	Unpulled	Pulled, sacked 1 and do- livered at roadside		
Grade A Taro Marketable Quality Taro	Per lb. \$0.027 .02	Per lb. \$0,031,		

¹ Sacks to be furnished by purchaser.

(b) Sales of poi by wholesalers and retailers. (1) The maximum price for poi at wholesale shall be 11 cents per pound. In the case of a sale at wholesale to a buyer who does not have a gross income license, the seller may add to the maximum price 1¼ per cent of it.
(2) The maximum price for pol at re-

tail shall be 13 cents per pound.

(c) Sales of ready-mixed poi. maximum price for all sales of readymixed poi shall be 9 cents per pound.

(d) Prohibition against selling taro or, poi at prices above maximum prices. In addition to the provisions of section 1 of this Maximum Price Regulation 373, the provisions of this section 49 shall not apply to deliveries of taro made to a purchaser under a written contract entered into on or before March 1, 1943: Provided, That this exemption shall not be construed to permit the upward revision of any prices fixed in such contracts.

- (e) Definitions. When used in this section 49 the term:
- (1) "Grade A taro" shall be taro suitable for poi manufacture which meets the following specifications:
- (i) Corms shall be firm and not less than 2 inches long and shall weigh not less than 4 ounces. (A tolerance of 15 per cent by weight is permitted for defects.)
- (ii) Corms shall be free from mud. caked dirt, damage by cray fish, dry rot, rodent injury, or any other type of dam-
- (iii) Corms shall have a specific gravity greater than 1.
 - (iv) Corms shall be well trimmed.
- (v) Corms shall not be less than 15 months old.
- (2) "Marketable quality taro" means any taro that is suitable for poi manufacture that is not Grade A taro.
- (3) "Poi" means the unadulterated product of the edible taro root made into a paste, which shall contain not less than 30 percent of total solids.
- (4) "Ready mixed poi" means strained poi mixed with water and containing not less than 18 percent of total solids.
- (f) Prohibited practices. In addition to the provisions of section 6 of this Maximum Price Regulation 373, the limitations set forth in this section 49 shall not be evaded by any means. Specifically, but not exclusively, the following practices are prohibited:
- (1) Purchasing an entire patch of taro for a lump sum without an exact determination of the quantity and grade of taro contained therein;
- (2) Adding to the maximum prices fixed herein additional charges for containers or for freight or buying services.
- (g) Records. In addition to the records required by the provisions of section 10 of this Maximum Price Regulation 373, sellers making sales other than at retail shall at the time of delivery of a commodity furnish the purchaser with an invoice or other sales memorandum showing the kind, quantity, and grade of commodity sold and the price charged or received therefor.

This amendment shall become effective as follows:

- (a) As to section 19a (h), (i), Table F, Table P and Table Q, as of August 27, 1943.
- (b) As to section 20, August 23, 1943, on the Island of Oahu; August 30, 1943, on all other Islands.
- (c) As to section 21 (c) (1) and (d) (1) as of September 24, 1943.
- (d) As to section 35 (a), as of July 24, 1943.
- (e) As to section 48, as of August 27, lows: 1943.
- (f) As to section 49, as of August 9, 1943.

Note: The record and reporting provisions of this amendment have been approved by the Bureau of the Budget according to the Federal Reports Act of 1942.

ESTABLISHMENTS

[Restaurant MPR 8-1, Amdt. 4]

FOOD AND DRINK SOLD FOR IMMEDIATE CON-SUMPTION IN CALIFORNIA, OREGON, WASH-INGTON AND NORTHERN IDAHO

For the reasons set forth in the statement of considerations issued simultaneously herewith, Restaurant Maximum Price Regulation No. 8-1 is hereby amended in the following respects:

A new section is added following section 17, to read as follows:

SEC. 18. Exemptions. Sales by the following eating or drinking places are specifically exempt from the provisions of this regulation:

Eating and drinking places when operated by a school, college, university or other educational institutions, or a student fraternity or other student organization or association primarily for the convenience and accommodation of students and faculty, and not for profit as a commercial or business enterprise or undertaking.

This amendment shall become effective September 13, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328; 8 F.R. 4681)

Issued this 10th day of September 1943.

L. F. GENTNER, Acting Regional Administrator.

PART 1394—RATIONING OF FUEL AND FUEL PRODUCTS

[RO 19,1 Amdt. 1]

ANTHRACITE COAL

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Ration Order 19 is amended in the following respects:

1. Section 2 (c) is amended by inserting at the end of the first sentence the phrase "or pursuant to Sections 9 and 10 of this order.", and by changing the last sentence to read as follows:

Moreover, a consumer may not acquire any anthracite coal, so long as he has outstanding orders or contracts for the acquisition of anthracite coal from more than one person, unless it has been the consumer's customary practice to have outstanding orders or contracts for the acquisition of anthracite coal from more than one person.

2. Section 3 (b) is amended by inserting between the second and third sentences the following:

"A signed statement furnished after September 22, 1943, must also give the address of the building to which the information applies."

3. Section 18 is added to read as follows:

SEC. 18. Where different sizes are required. (a) A consumer who has in the same building two or more units of equipment which customarily burn only different sizes of anthracite coal is to be treated, for the purposes of this order, just as if he were a different person with respect to each such unit of equipment. (However, he is to be treated as a single consumer with respect to all units of equipment in the same building and under his control which customarily burn any of the same sizes of anthracite coal.)

4. Section 19 is added to read as fol-

Sec. 19. Where coal is used for more than one building. (a) A consumer who used or uses anthracité coal in more than one building is to be treated, for the purposes of this order, just as if he were a different person with respect to each group of buildings for which he has common coal storage facilities on September 22, 1943, and with respect to each other building.

(b) Sections 3 and 4 of the order shall not apply where (because the consumer is treated just as if he were different persons) he is deemed both to have made and accepted the same delivery.

This amendment shall become effective on September 22, 1943.

PART 1432—RATIONING OF CONSUMERS'
DURABLE GOODS

[Supp. 1 to RO 9A,1 Amdt. 1]

STOVES

Supplement 1 to Ration Order No. 9A is amended in the following respect:
Section 1432.69 (b) is added as fol-

Section 1432.69 (b) is added as follows:

(b) Allowable inventory changes—(1) Coal and wood heating stoves. Any dealer or distributor to whom an allowable inventory has been granted may during the period October 1, 1943 to October 30, 1943, inclusive, apply to his Board for an increase in his allowable inventory for coal or wood heating stoves. The Board shall increase the applicant's allowable inventory for coal or wood heating stoves by fifty (50%) percent. However, if the applicant's allowable inventory for coal or wood stoves was previously increased as a result of an application for adjustment or relief, under Section 3.8, his present application must be denied unless:

(i) The previous increase was less than a fifty (50%) percent increase; in that event, he shall receive the difference between the previous increase and the fifty (50%) percent increase or

(ii) At the time the previous increase was granted, the Washington Office directed that the applicant should not, because of the increase given him, be preduded from receiving the benefit of any subsequent general increase in allowable inventory for coal or wood heating stoves.

This amendment shall become effective October 1, 1943.

(Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong., Pub. Laws 421 and 729, 77th Cong.; E.O. 9125, 7 F.R. 2719; WPB Dir. 1, 7 F.R. 562, and Supp. Dir. 1-S, 8 F.R. 6018)

Issued this 22d day of September 1943.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter II—Corps of Engineers, War Department

PART 203-BRIDGE REGULATIONS

SIUSLAW RIVER; SOUTHERN PACIFIC CO. BRIDGE AT CUSHMAN, OREG.

Pursuant to the provisions of section 5 of the River and Harbor Act of 18

^{*}Copies may be obtained from the Office of Price Administration.

¹7 F.R. 1305, 2132, 2945, 5462, 6387, 6685, 8948, 10471; 8 F.R. 5477.

¹8 F.R. 11564, 11586.

August 1894 (28 Stat. 362; 33 U. S. C. 499), the provisions of § 203.730 (a) of Bridge Regulations are hereby amended, both as to title and regulations, to read as follows:

§ 203.730 Siuslaw River, Oreg.—(a) Bridge of the Southern Pacific Company at Cushman, Oreg. (1) The owner of, or agency controlling the bridge shall, between the hours of 8:00 a. m. to 12:00 noon and 1:00 p. m. to 5:00 p. m., provide the appliances and the personnel necessary for the safe, prompt and efficient operation of the draw when the signals prescribed below are received.

(2) The signal for opening shall be one long blast of the whistle followed quickly by one short blast and one long blast. Vessels or other watercraft without power shall hail the bridge by horn or megaphone, or the bridge tender shall be notified by verbal communication of the desire to pass through the drawspan.

(3) During foggy weather an answering signal of one long blast from the whistle on the bridge will indicate that everything is clear and the draw open for passage of boats. An answering signal from the whistle on the bridge of a succession of short blasts will indicate that there is some difficulty in immediately opening the draw, due to passing train or some other cause.

(4) Whenever a vessel unable to pass under the closed bridge desires to pass through the draw, at a time other than that specified in subparagraph (1), at least 2 hours' advance notice of the time the opening is required shall be given, by telephone or otherwise, to the authorized representative of the owner or agency controlling the bridge.

(5) Upon receipt of such notice, the authorized representative of the owner or agency controlling the bridge, in compliance therewith, shall arrange for the prompt opening of the draw at the time specified in the notice for the passage of the vessel upon the prescribed signal.

(6) The owner of, or agency controlling the bridge shall keep conspicuously posted on both the upstream and downstream sides of the bridge, in a manner that it can easily be read at any time, a copy of these regulations, together with a notice stating exactly how the authorized representative may be reached. (Sec. 5, River and Harbor Act 18 August 1894, 28 Stat. 362; 33 U.S.C. 499) IRegs. 14 Sept. 43 (CE 823 (Siuslaw River, Ore.—Cushman, Ore.)—SPEKH)]

TITLE 46—SHIPPING

Chapter II—Coast Guard: Inspection and
Navigation

AMENDMENTS TO REGULATIONS AND AP-PROVAL OF EQUIPMENT

By virtue of the authority vested in me by R. S. 4405, 4417a, 4418, 4426, 4429, 4430, 4433, 4488, 4491, as amended, 49 Stat. 1544 (46 U.S.C. 375, 391a, 392, 404, 407, 408, 411, 481, 489, 367), and Executive Order 9033, dated February 28, 1942 (7 F.R. 1609), the following amendments to the Inspection and Navigation regulations, and approval of miscellaneous items of equipment for the better security of life at sea are prescribed:

Subchapter F-Marine Engineering

PART 51-MATERIALS

Section 51.11a-2 (8 FR. 7771) is amended by changing footnote 7 at the end of the first sentence to read as follows:

§ 51.11a-2 Process. (a) • • •

Flipe fabricated from steel manufactured by the acid-bessemer process may be used on vessels subject to the jurisdiction of the Coast Guard when the pressure does not exceed 350 pounds per square inch and/or the temperature does not exceed 450° F. and provided that the pipe is not to be bent, colled, flanged or otherwise worked cold. However, acid-bessemer-seamless pipe as well as grade B seamless open-hearth pipe may be fabricated by hot bending, hot flanging, or otherwise hot worked.

Subchapter O-Regulations Applicable to Certain Vessels and Shipping During Emergency

PART 153—LOATS, RAFTS AND LIVESAVING AFFLI-ANCES: REGULATIONS DURING EMPEGENCY

Section 153.7a (cc) (8 F.R. 7777) is amended to read as follows:

§ 153.7a Equipment for life rafts approved on and after 15 March, 1943.

(cc) Sea anchor. One sea anchor as required for lifeboats by § 59.11 of this chapter.

MISCELLANEOUS ITEMS OF EQUIPMENT APPROVED

The following miscellaneous items of equipment for the better security of life at sea are approved:

Emergency Light

Emergency Light Type JR-IS, Models A-2033-AC and A-2034-DC constructed according to Navy Department, Bureau of Ships (Dwg. No. 9-S-5293-L, Alt. 4 dated 20 March, 1943), manufactured by the Delta Electric Co., Marion, Indiana.

Lifesaving Nets

Lifesaving net, Style No. 505 (Dwg. dated 12 June, 1943), manufactured by the John B. Salterini Company, 510 East 72nd Street, New York, N. Y.

Lifesaving net, type 7-ML (Dwg. dated 9 April, 1943, Rev. II), manufactured by the H. K. Metalcraft Manufacturing Company, New York, N. Y.

Line-Throwing Gun

2½" line-throwing gun, Model A (Dwg. dated 21 August, 1943), manufactured by the Hawley Smith Machinery Company, Croton Falls, N. Y.

Ring Life Buoy for Inspected Vessels

30" cork ring life buoy (Dwg. No. 420, dated 31 July, 1943), manufactured by Kent Marine Products Corp., West Babylon, N. Y.

R. R. WAESCHE, Commandant.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

Subchapter A—General Rules and Regulations [Service Order 145, Amdt. 2]

PART 95-CAR SERVICE

ICING RESTRICTIONS ON IDAHO AND CREGON POTATOES

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 22d day of September, A. D. 1943.

Upon further consideration of the provisions of Service Order No. 145. (8 F.R. 11039-90) of August 7, 1943, as amended (8 F.R. 11487-83), and it appearing that an acute shortage of ice is affecting both the intrastate and interstate movement of perishables in refrigerator cars originating in certain western States; in the opinion of the Commission an emergency exists requiring immediate action;

It is ordered, That Service Order No. 145 (8 F.R. 11089-99) of August 7, 1943, as amended (8 F.R. 11487-83), be, and it is hereby, further amended by substituting the following subparagraphs (i) and (ii) for the present subparagraphs under paragraph (a) (1) of \$95.316 Icing restrictions on Idaho and Oregon potatoes:

(i) After the first or initial icing which shall not be in excess of 3/4 bunker capacity which carriers may perform at either Nampa, Idaho, Ogden, Utah, Council Bluffs, Iowa, or Kansas City, Kansas, allow or permit more than one reicing of a refrigerator car or cars loaded withpotatoes originating at Group B points in the States of Oregon or Idaho when destined to any point or points west of the western border of Indiana, Kentucky, Michigan (Lower Peninsula), Mississippi, or Tennessee, nor more than two re-icings in transit when destined to points on or east of the western border of the above-described States. The provicions of this subparagraph shall not be construed to apply on refrigerator cars loaded with potatoes originating at the aforesaid points when destined to stations in Oregon (Group 3 Territory) or Idaho (Group 2 or 3 Territories).

(ii) After the first or initial icing which shall not be in excess of 34 bunker capacity which carriers may perform at either Pocatello, Idaho, Ogden, Utah, Council Bluffs, Iowa, or Kansas City, Kansas, allow or permit more than one reicing of a refrigerator car or cars loaded with potatoes originating at Group C points in the State of Idaho when destined to any point or points west of the western border of Indiana, Kentucy, Michigan (Lower Peninsula), Mississippi, or Tennessee, nor more-than two reicings in transit when destined to points on or east of the western border of the above-described States. The provisions of this subparagraph shall not be construed to apply on refrigerator cars loaded with potatoes originating at the aforesaid points when destined to stations in Oregon (Group 3 Territory) or Idaho (Group 2 or 3 Territories), nor to permit reicing after an initial icing at Pocatello, of refrigerator cars loaded with potatoes destined to points in Montana or Utah. (40 Stat. 101, Sec. 402, 41 Stat. 476, Sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)-(17))

It is further ordered, That this order shall become effective immediately; that a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register, The National Archives.

By the Commission, division 3.

DEPARTMENT OF THE INTERIOR.

Coal Mines Administration.

[Order No. T-57]

B & M COAL CO., ET AL.

ORDER TERMINATING GOVERNMENT POSSESSION AND CONTROL AND APPOINTMENT OF OPERATING MANAGERS

SEPTEMBER 21, 1943.

On May 1, 1943, by virtue of the authority vested in me by the President of the United States, I signed Orders Nos. 1809 and 1810 (8 F.R. 5767), taking possession of anthracite and bituminous coal mines in which I found from the available information that a strike or stoppage had occurred or was threatened. The mines of the companies listed in Appendix A, attached hereto and made a part hereof, had, however, been abandoned prior to May 1 and were then not in operation. It is unnecessary to retain possession of such mines.

Accordingly, I order and direct that possession and control by the Government of the mines of the mining companies listed in Appendix A, attached hereto and made a part hereof, including any and all real and personal property, franchises, rights, facilities, funds, and other assets used in connection with the operation of such mines and the distribution and sale of their products, and the appointment of the Operating Manager for the United States for the respective mines, be, and they are hereby, terminated and that there be conspicuously displayed at the mining properties copies of a poster to be supplied by the Coal Mines Administration and reading as follows:

Notice: Government possession and control of the coal mines of this mining company have been terminated by order of the Secretary of the Interior.

Provided, however, That nothing contained herein shall be deemed to preclude the Administrator from requiring the submission of information relating to

the coal mines during the period of Government possession and control as provided in Section 40 of the Regulations for the Operation of Coal Mines Under Government Control, as amended (8 F.R. 6655, 10712, 11344), for the purpose of ascertaining the existence and amount of any claims against the United States so that the administration of the provisions of Executive Order No. 9340 (8 F.R. 5695) may be concluded in an orderly manner.

HAROLD L. ICKES, Secretary of the Interior.

[Order No. T-58]

THOMAS W. MARTIN ET AL.

ORDER TERMINATING APPOINTMENT OF OPERATING MANAGERS

SEPTEMBER 21, 1943.

Orders have been issued terminating Government possession and control of the coal mines for which the persons listed in Appendix A have served as Operating Managers for the United States, and the mining companies have duly executed and delivered to the Administrator, Instrument No. 1, as provided in Section 40 of the Regulations for the Operation of Coal Mines under Government Control, as amended (8 F.R. 6655, 10712).

Accordingly, I hereby order and direct that the appointments of the Operating Managers for the United States listed in Appendix A, attached hereto and made a part hereof, be, and they are hereby, terminated.

HAROLD C. ICKES, Secretary of the Interior. APPENDIX A

FEDERAL COMMUNICATIONS COM-MISSION.

[Order No. 117]

0

TELEPHONE & TELEGRAPH FACILITIES LEASED BY CARRIERS

NOTICE OF INVESTIGATION

At a meeting of the Federal Communications Commission held at its offices in Washington, D. C. on the 21st day of September 1943;

Whereas, the Board of War Communications has requested the Commission to investigate the civilian use of communications, including private leased telephone and telegraph facilities, and, in its Order No. 25-C, has requested the Commission to formulate basic principles for regulating the present and future leasing of telegraph circuits and facilities and to report to the Board its rec-ommendations for the regulation of the leasing of telegraph circuits and for the closure of any specific circuits or facilities: and

Whereas, it appears from the testimony presented before the Commission in the matter of Application for Merger of The Western Union Telegraph Company and the Postal Telegraph, Inc. (Docket 6517) that critical materials and skilled telegraph personnel are being employed in connection with the leasing of telegraph facilities for non-essential purposes such as the rapid dissemination of horse-racing information for gambling purposes; and

Whereas, there exists a shortage of the critical materials used in connection with the leasing of such facilities and of the experienced telegraph personnel required to install, maintain and disconnect such facilities; and

Whereas, it appears from the reports submitted to the Commission, showing the results of the speed of service studies conducted by The Western Union Telegraph Company and the Postal Telegraph, Inc., pursuant to Commission Order No. 113,2 that the speed and quality of telegraph service are, generally,

not satisfactory;
It is ordered, That an immediate investigation be undertaken to ascertain the facts concerning the telegraph and telephone facilities leased by carriers subject to the provisions of the Communications Act of 1934, as amended, for non-essential purposes such as the speedy dissemination of racing information by others than press associations, newspapers and radio stations in the regular course of their business of supplying information for the general public;

It is further ordered, That all testi-mony and exhibits presented to the Commission in the proceeding on the merger application of Western Union and Postal (Docket 6517) shall, so far as relevant, be made a part of the record in this investigation.

[SEAL] FEDERAL COMMUNICATIONS COMMISSION. T. J. Slowie, Secretary.

No. 190-9

OFFICE OF DEFENSE TRANSPORTA-TION.

LIVERNOIS-DAVISON FLORISTS, ET AL. OF DETROIT. MICH.

RECOMMENDATION OF JOINT ACTION PLAN

Pursuant to a provision of a general order issued by the Office of Defense Transportation for the purpose, among others, of conserving and providently utilizing motor vehicles and vital equipment, materials and supplies, (General Order ODT 17, as amended, 7 F.R. 5678, 7694, 9623; 8 F.R. 8278, 8377, 10910), Livernois-Davison Florists, State Flower Shop, Dexter-Joy Florists, Robinson Flowers, The Rose Shop, Midway Florists, all florists of Detroit, Michigan, together with Joseph Haas, doing business as Northwest Delivery Company, Detroit, Michigan, herein called the carrier, have filed with the Office of Defense Transportation for approval a joint action plan relating to the transportation and delivery by motor vehicle of flowers and related articles in the Detroit metropolitan area.

The named florists propose to eliminate wasteful operations in the transportation and delivery of flowers and related articles in the Detroit metropolitan area, by the pooling of deliveries and the employment of the named carrier to perform their delivery services. They estimate that effectuation of the plan will permit the retirement from this service of four delivery vehicles and will result in savings of 65,000 truck-miles a year.

It appearing that the proposed joint action plan is in conformity with General Order ODT 17, as amended, and that the effectuation thereof will accomplish substantial conservation and efficient utilization of motor trucks and vital materials and supplies, the attainment of which purposes is essential to the successful prosecution of the war, I have approved the plan and recommend that the Chairman of the War Production Board find and certify under Section 12 of Public Law No. 603, 77th Congress (56 Stat. 357). that the doing of any act or thing, or the omission to do any act or thing, by any person in compliance with said joint action plan, is requisite to the prosecution of the war.

Issued at Washington, D. C., this 16th day of September 1943.

> JOSEPH B. EASTLIAN, Director.

Regional and District Office Orders. [Region III Order G-1 Under Rev. MPR 269] LIVE POULTRY IN DESIGNATED COUNTIES IN CLUVELAND REGION

Order No. G-1 under Revised Maximum Price Regulation No. 269-Poultry. Uniform maximum base prices for certain live poultry items.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region III of the Office of Price Administration by § 1429.14 (d) of Revised Maximum Price Regulation No. 269, it is hereby ordered, That the maximum base prices for the sale and delivery of specified live poultry in the counties listed in Appendix A shall be those set forth in said Appendix A.

To the extent applicable, the provisions of this order supersede Revised Maximum Price Regulation No. 269.

This order shall become effective September 15, 1943.

[Region I Order G-9 Under Rev. MPR 122] SOLID FUELS IN METROPOLITAN BOSTON AREA

Order No. G-9 Under Revised Maximum Price Regulation No. 122. Solid Fuels Sold and Delivered by Dealers. Specified Solid Fuels—Metropolitan Boston Area.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region I of the Office of Price Administration by § 1340.260 of Revised Maximum Price Regulation No. 122 and the Emergency Price Control Act of 1942, as amended, It is hereby ordered:

(a) Maximum prices established by this order. The maximum prices estabblished by §§ 1340.252, 1340.254, 1340.256, 1340.257 and 1340.265 of Revised Maximum Price Regulation No. 122 and by Order No. 21 under Maximum Price Regulation No. 122 for sales of specified kinds of solid fuels in the Metropolitan Boston Area by dealers, and for specified services rendered by dealers in connection with the sale or handling of said specified solid fuels are hereby modified, so that the maximum prices therefor shall be the prices hereinafter set forth. Maximum prices are established for (1) sales of various quantities of the specified solid fuels to various classes of purchasers under various conditions of delivery; and (2) charges which may be made, in addition to such maximum prices for the specified solid fuels, for specified services. The geographical applicability of this Order G-9 is explained in paragraph (e); and the terms "Metropolitan Boston Area", "specified solid fuels" and other terms used herein, including definitions of the various kinds of solid fuel covered, are explained in paragraph (f). Except as otherwise specifically provided herein, the provisions of Revised Maximum Price

Regulation No. 122 apply to all transactions which are subject to this Order. Specifically, and without limiting the generality of the foregoing, the prohibitions contained in § 1340.252 of Revised Maximum Price Regulation No. 122 apply except to the extent that this Order specifically provides uniform allowances, discounts, price differentials, service charges, and so forth. Nothing contained in this Order shall be so construed as to permit non-compliance with any statutes of the Commonwealth of Massachusetts, or any rules or regulations promulgated under any such statutes, concerning the sale of solid fuel.

(b) Maximum prices for Pennsylvania anthracite and ambricoal. (1) Maximum prices for sales of Pennsylvania anthracite and ambricoal delivered to consumers at any point in the metropolitan Boston area.

(a) Price Schedule I—Sales on a "direct delivery" basis.

Kind and size	I ton	14 ton	iá ton	100 lbs.
Pennsylvania anthracite (except Jeddo Highland, and Red Ash Broken, Egg, Stove & Chestnut): Broken, Egg, Stove, Chestnut. Pea. Buckwheat Barley. Jeddo Highland: Broken, Egg, Stove, Chestnut. Pea. Buckwheat Rice. Barley Red Ash: Broken Egg Stove. Chestnut. Ambricoal.	13.60 11.95 10.85 10.00 16.03 14.10 12.20 11.10 10.00 16.30 16.55 16.80	\$3.00 7.00 6.50 5.50 5.50 8.55 7.55	\$4.50 4.65 3.315 4.65 3.315 4.65 3.40 3.15 4.70 4.785 4.70	.00 .05 .05 .05 .00 1.00 1.00
Yard screenings of all Pennsylvania anthracite	C 00			

(b) Terms of sale. If cash payment is made by the buyer within 10 days after receipt of the fuel, the maximum prices set forth above shall be reduced by 50 cents per ton, or by 25 cents per half-ton, or by 15 cents per quarter-ton, which reductions are "cash discounts", except in the case of Pennsylvania anthracite yard screenings. No further discount is required for cash on delivery, and no "cash discount" is required on sales of 100 pound lots. If payment is not required or made at the time of delivery or (except in the case of yard screenings and 100 pound lots) within 10 days thereafter, terms shall be net 30 days.

(c) Maximum authorized service and deposit charges. If the buyer requests such services of him, the dealer may make the following charges for carry or wheel service:

Per Per Per net ½ ¼ ton ten

For any carry or wheeling from a "direct delivery" point outside the structure in which the coal is to be stored to such structure, including dumping from the outside into said structure.

For any carry inside of said structure to point of storage, except carries up flights of stairs.

For any carry up flights of stairs and to point of storage, per flight.

50½ 25½ 15½

The maximum prices per 100 pounds include carrying in bags from dealer's truck or wagon to point of storage on street level. For any carry either up or down flights of stairs, the maximum charge shall be 10 cents per flight.

If the buyer requests that fuel delivered in burlap bags furnished by the dealer, be left in the bags, the maximum amount which may be required by the dealer as a deposit on, or as predetermined liquidated damages for failure to return, the bags shall be 25 cents per bag.

This subparagraph applies only when the dealer renders the services.

(2) Maximum prices for "yard sales" of Pennsylvania anthracite and Ambricoal to consumers at the yard of any dealer in the metropolitan Beston area.

(a) Price Schedule II—"Yard sales" to consumers.

(b) Terms of sale. Terms of sale may be not cash, but no additional charge shall be made for the extension of credit terms of not 30 days or not 10 days E. O. M.

(c) Maximum authorized bagging and deposit charges. The maximum prices per 100 pounds are for 100 pounds bagged but do not include the bag. If the buyer requests such service of him, the seller may make the following charges for bagging tons, one-half tons and one-quarter tons:

Fer ton	50	cents
Per half-ton	25	cents
Per quarter-ton	15	cents

The maximum amount which may be required by the seller as a deposit on, or as predetermined liquidated damages for failure to return, burlap bags furnished by him shall be 25 cents per bag.

(c) Maximum prices for colle—(1) Price Schedule IV—Maximum prices for sales of colle delivered into consumers' bins at any point in the metropolitan Boston area.

. Size	Per ten		Fer 1/2 ton		Per 14 ton	
	C. O. D.	Charge	c. o. d.	Charga	C. O. D.	Charge
Nut, Egg, Stove & Furnaco	\$14.23 12.03 0.09	814.75 12.65 0.60	\$7.03 6.89	\$3.15 7.65	84.20 3.65	\$4.25 3.89

Terms of sales for charge sales shall be not 30 days.

(2) Price Schedule V—Maximum prices for "yard sales" of coke at the yard of any dealer in the metropolitan Boston area. (a) Maximum prices for "yard sales" to dealers in fuel who resell it:

 Less 61.00 per ton if payment is made by the buyer within 10 days after receipt of the fuel; net 30 days.

(b) The maximum price for "yard sales" of Nut, Egg, Stove and Furnace sizes to consumers shall be \$13.75. Terms of sale may be net cash, but no additional charge shall be made for the extension of credit terms of net 30 days.

(d) Transportation tax. Any dealer subject to this order may collect, in addition to the specified maximum prices established herein, provided he states it separately, the amount of the transportation tax imposed by section 620 of the Revenue Act of 1942 actually paid or incurred by him, or an amount equal to the amount of such tax paid by any of his prior suppliers and separately stated and collected from the dealer by his supplier: Provided, however, That no part of that tax may be collected in addition to the maximum-price on sales of lesser quantities than one-quarter ton. The amount of the tax need not be separately stated on sales to the United States or any agency thereof.

(e) Geographical applicability. The maximum prices established by this order for "yard sales" shall apply to all such sales of the specified solid fuels at a yard located in the Metropolitan Boston Area, regardless of the ultimate destination of the fuel. The maximum prices established by this order for sales on a delivered basis shall apply to all such sales of the specified solid fuels to purchasers who receive delivery of the fuel within the Metropolitan Boston Area, regardless of whether the dealer is located within

said area.

(f) Definitions. When used in this Order G-9, the term:

- (1) "Metropolitan Boston Area" shall include the following cities and towns in Massachusetts: Arlington, Belmont, Boston, Braintree, Brookline, Cambridge, Chelsea, Dedham, Dover, Everett, Hingham, Lexington, Malden, Medford, Melrose, Milton, Needham, Newton, Quincy, Reading, Revere, Somerville, Stoneham, Wakefield, Waltham, Watertown, Wellesley, Weston, Weymouth, Winchester, Winthrop and Woburn.
- (2) "Specified solid fuels" shall include all "Pennsylvania Anthracite" (Including "Jeddo Highland", and "Red Ash"), "Ambricoal" and "Coke", as those terms are defined herein.
- (3) "Pennsylvania Anthracite" means coal produced in the Lehigh, Schuylkill and Wyoming regions in the Commonwealth of Pennsylvania: Provided, however, That this Order G-9 shall not in any way affect the maximum prices for bagged anthracite in the Metropolitan Boston Area established by Region I Order No. G-3 and entitled "Bagged Anthracite Coal—metropolitan Boston area."
- (4) "Broken", "egg", "stove"; "chestnut" and "pea" sizes of Pennsylvania anthracite refer to the legal standard sizes for anthracite offered for sale in the Commonwealth of Massachusetts, effective December 1, 1941, as estableshed by the Director of Standards of the Division of Standards of the Department of Labor and Industries of the Commonwealth of Massachusetts pursuant to General Laws (Ter. Ed.) Chapter 94, section 239A (Chapter 382, Acts of 1926). "Buckwheat", "Rice" and "Barley" sizes of Pennsylvania Anthracite refer to the sizes of such coal prepared at the mine in accordance with standard sizing specifications adopted by the Anthracite

Emergency Committee, effective December 15, 1941.
(5) "Jeddo Highland" is that Pennsyl-

(5) "Jeddo Highland" is that Pennsylvania Anthracite which is prepared at Jeddo #7 breaker and Highland #5 breaker of the Jeddo Highland Coal Company, Jeddo, Pennsylvania and marketed by said company under the trade names "Jeddo Coal," "Highland Coal" or "Hazle Brook Coal".

(6) "Red Ash" is that Pennsylvania

(6) "Red Ash" is that Pennsylvania Anthracite which is mined in the Lykens seam in Schuylkill County in the Com-

monwealth of Pennsylvania.

(7) "Ambricoal" means Anthracite briquettes manufactured by American Briquet Company at its plant at Lykens, Pennsylvania, and marketed under that trade name.

- (8) "Dealer" means any person selling solid fuel except producers or distributors making sales at or from a mine, a preparation plant operated as an adjunct of any mine, a coke oven, or a briquette plant.
- (9) "Direct delivery" means dumping or chuting the fuel from the seller's truck directly into the buyer's bin or storage space; but, if this is physically impossible, the term means discharging the fuel directly from the seller's truck at a point where this can be done and at the point nearest and most accessible to the buyer's bin or storage space.
- (10) "Carry" and "wheel" refer to the movement of fuel to buyer's bin or storage space by wheelbarrow, barrel, sack or otherwise from the seller's truck or from the point of discharge therefrom when made in the course of "direct delivery."

(11) "Yard sales" shall mean deliveries made by the dealer in his customary

manner at his yard.

(12) Except as otherwise specifically provided, and unless the context otherwise requires, the definitions set forth in §§ 1340.255 and 1340.266 of Revised Maximum Price Regulation No: 122 shall apply to the terms used herein.

(g) Lower prices than those set forth herein may be charged, paid or offered.

- (h) Posting of maximum prices; sales slips and receipts. (1) Every dealer subject to this Order No. 9 shall post all of the maximum prices established hereby which apply to the types of sales made by him in his place of business in a manner plainly visible to and understandable by the purchasing public, and shall keep a copy of this Order No. 9 available for examination by any person during ordinary business hours. In the case of a dealer who sells directly to consumers from a truck or wagon, the posting shall be done on the truck or wagon. prices established hereby need not be reported under § 1340.262 (c) of Revised Maximum Price Regulation No. 122.
- (2) Every dealer selling solid fuel for sales of which a maximum price is set by this Order G-9 shall give to each purchaser an invoice or similar document showing (a) the date of the sale or delivery, the name and address of the dealer and of the buyer, the kind, size and quantity of the solid fuel sold, and the price charged; and (b) separately stating any special services rendered and deposit charges made and the amount charged therefor. This paragraph (b)

(2) shall not apply to sales of quantities of less than one-quarter ton unless the dealer customarily gave such a statement on such sales.

(3) In the case of all other sales, every dealer who during December, 1941 customarily gave buyers sales slips or receipts shall continue to do so. If a buyer requests of a seller a receipt showing the name and address of the dealer, the kind, size and quantity of the solid fuel sold to him or the price charged, the dealer shall comply with the buyer's request as made by him.

- (i) Petitions for amendment. Any person seeking an amendment of any provision of this order may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1, except that the petition shall be filed in the Boston Regional Office of the Office of Price Administration. No appeal from a denial in whole or in part of such petition by the Regional Administrator may be made to the Price Administrator.
- (j) This order may be revoked, amended or corrected at any time. This Order No. G-9 shall become effective October 1, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681)

Issued this ninth day of September 1943.

GORDON K. CREIGHTON, Acting Regional Administrator.

[F. R. Doc. 43-15484; Filed, September 22, 1943; 4:48 p. m.]

[Region II Order G-13 Under Rev. MPR 122] PENNSYLVANIA ANTHRACITE IN BRADFORD COUNTY, PA.

Order No. G-13 under §§ 1340.259 (a) (1) and 1340.260 of Revised Maximum Price Regulation No. 122. Solid Fuels Sold and Delivered by Dealers. Pennsylvania anthracite delivered by dealers in Bradford County Commonwealth of Pennsylvania—Coal Area IV.

For the reasons set forth in an opinion issued simultaneously herewith and in accordance with § 1340.260 and § 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122, It is ordered:

- (a) What this order does—(1) Dealers' maximum prices: area covered. If you are a dealer in "Pennsylvania anthracite", this order sets the maximum prices which you may charge and, if you are a purchaser in the course of trade or business, this order sets the maximum prices which you may pay for certain sizes and quantities of "Pennsylvania anthracite" (hereinafter called simply "anthracite") delivered to or at any point in Commonwealth of Pennsylvania—Coal Area IV. Coal Area IV comprises all of Bradford County in the Commonwealth of Pennsylvania.
- (2) Schedules of prices, charges and discounts. The applicable prices, authorized charges, and required discounts, from which you shall determine the maximum prices for designated sizes and quantities of anthracite delivered within

Coal Area IV are set forth in Schedules I and II hereafter.

- (3) To what this order applies. If you are a dealer in anthracite you are bound by the prices, charges and discounts, and by all other provisions of this order for all deliveries within Coal Area IV whether or not you are located in Coal Area IV.
- (b) What this order prohibits. Regardless of any contract or other obligation, you shall not
- (1) Sell or, in the course of trade or business, buy anthracite of the sizes and in the quantities set forth in the Schedules herein at prices higher than the maximum prices computed as set forth in paragraph (c) of this order, although you may charge, pay or offer less than maximum prices.

(2) Obtain any price higher than the applicable maximum price by

(i) Charging for any service which is not expressly requested by the buyer, or

(ii) Charging for any service for which a charge is not specifically authorized by this order, or

(iii) Charging a price for any service higher than the schedule price for such service, or

(iv) Using any tying agreement or requiring that the buyer purchase anything in addition to the fuel requested by him. except that a dealer may comply with requirements or standards with respect to deliveries which have been or may be issued by an agency of the United States Government.

(v) Using any other device by which a higher price than maximum price is obtained, directly or indirectly.

(c) How to compute maximum prices. You must figure your maximum price as follows:

(1) Use the Schedule which covers your sale. (Schedule I applies to sales on a "Direct Delivery" basis. You will find Schedule I in paragraph (d). Schedule II applies to "Yard Sales". You will find Schedule II in paragraph (e).

(2) Take the dollars-and-cents figure set forth in the applicable Schedule for the size and quantity you are selling.

(3) If, at your purchaser's request, you actually render him a service for which this order authorizes a charge, you may add to the foregoing figure no more than the maximum authorized service charge: You must state that charge separately on your invoice. The only authorized service charges are those provided for sales under Schedule I.

(4) If you deliver a fraction of a net ton, but not less than one-half ton, you shall add no more than a proportionate service charge, based on the per net ton charge, making your calculation to the nearest full cent. For example, if the transaction permits a service charge of 50¢ per ton, you shall not add more than 38¢ for performance of that service in connection with the delivery of threequarters of a ton.

(d) Schedule I—"Direct delivery" sales. , Schedule I establishes maximum prices for certain sizes of anthracite in certain specific quantities, delivered to or at any point within Coal Area IV.

(1) For sales of anthracite of the sizes and in the quantities specified.

Sizo	Per net ton	Per net 12 ten	Per 100 lbs. (fer rales of 100 lbs. or mero but less than 12 ton)
Broken, Egg, Stove, Nut. Pea. Buckwheat Rice Screenings.	\$11.43 10.63 7.63 7.60 3.60	(3.65 6.85 4.40 3.85 1.00	81.89 .03 .03

(2) Maximum authorized service

Special service rendered at the request of the

purchaser: "Carry" or "wheel" (except for sales in 100 lb.

lots, amounting to less than one-half ton).
Carrying upstairs, for one full floor above the ground floor (except for sales in 100 1b. lots, amounting to less than one-half ton). This charge shall be in addition to any charge for
"carry" or "wheel".
Carrying upstairs, for \$1.10 per net ton.
two full floors above

the ground floor (except for sales in 100 1b. lots, amounting to less than one-half ton). This charge shall be in addition to any charge for "carry" or "wheel".

Maximum authorteed charges 50¢ per net ton and 30¢ per net 1/2 ton.

75¢ per net ton.

(e) Schedule II-"Yard sales". Schedule II establishes maximum prices for certain sizes of anthracite in certain specific quantities sold at the dealer's yard.

For sales of anthracite of the sizes and in the quantities specified.

Size	Per net ten, fer sales ef 14 ten er mere	Per 109 lbs. fer 109 lbs. er mere but less than la	Per Mb. Paper Eag	Per 251b. 1910r Eog
Broken, Egg, . Stove, Nut	\$11.65 9.70 7.89 6.70 2.69	8.65 -65 -45	8.85 CO	8.29

(f) Commingling. If one size of anthracite is sold commingled with another size of anthracite, the maximum price for the combination shall be the maximum price established in this order for the smallest of the sizes so commingled, whether the sale be a "Delivered Sale" or "Yard Sale", except in the following situation: Where a purchaser requests that two or more sizes of anthracite be commingled in one delivery, then, and in that event, if these sizes are separately weighed at the point of loading, the dealer may commingle those sizes in the truck or other vehicle, in which the delivery is made. The price for anthracite so commingled shall be calculated on the basis of the applicable per net ton price for each size in the combination, and

the invoice shall separately state the price, so determined, for the quantity of each size in the combination.

(g) Ex Parte 148—Freight rate increase. Since the Ex Parte 148 Freight Rate Increase has been rescinded by the Interstate Commerce Commission, dealers' freight rates are the same as those of December 1941. Therefore, you may not increase any Schedule Price on account of freight rates.

(h) Addition of increase in suppliers' maximum prices prohibited. You may not increase the specific maximum prices established by this order to reflect, in whole or in part, any subsequent increase to you in your supplier's maximum price for the same fuel. The specific maximum prices already reflect increases to you in your supplier's maximum prices occurring up to the effective date of this order. If increases in your supplier's maximum prices should occur after such date, as the result of any amendment to or revision of a maximum price regulation issued by the Office of Price Administration governing sales and deliveries made by such suppliers, the Regional Administrator will, if he then deems it to be warranted, take appropriate action to amend this order to reflect such increases.

(i) Taxes. If you are a dealer subject to this order you may collect, in addition to the specific maximum prices estab-lished herein, provided you state it separately, the tax imposed by Section 620 of the Revenue Act of 1942 if actually paid or incurred by you or by any of your prior suppliers and separately stated and collected from you by your supplier.

(j) Adjustable pricing. You may not make a price adjustable to a maximum price which will be in effect at some time after delivery of the anthracite has been completed; but the price may be adjustable to the maximum price in effect at the time of delivery.

(k) Petitions for amendment. Any person seeking an amendment of any provision of this order may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1, except that the petition shall be filed with the Regional Administrator and acted upon by him.

(1) Right of amendment or revocation. The Regional Administrator or the Price Administrator may amend, revoke or rescind this order, or any provision thereof, at any time.

(m) Applicability of other regulations. If you are a dealer subject to this order, you are governed by the licensing and registration provisions of sections 15 and 16 of the General Maximum Price Regulation. Sections 15 and 16 provide, in brief, that a license is required of all persons selling at retail commodities for which maximum prices are established. A license is automatically granted. It is not necessary to apply for the license, but you may later be required to register. The license may be suspended for violations in connection with the sale of any commodity for which maximum prices are established. If your license is suspended, you may not sell any such commodity during the period of suspension.

(n) Records. If you are a dealer subject to this order, you shall preserve, keep, and make available for examination by the Office of Price Administration, the same records you were required to preserve and keep under § 1340.262 (a) and (b) of Revised Maximum Price Regulation No. 122.

(o) Posting of maximum prices: Sales slips and receipts. (1) If you are a dealer subject to this order, you shall post all your maximum prices as set forth in the applicable Schedule or Schedules of this order in your place of business in a manner plainly visible to and understandable by the purchasing public.

(2) If you sell subject to this order, you shall, except for a sale of less than one-half ton, give each purchaser a sales slip or receipt showing your name and address, the kind, size, and quantity of the anthracite sold to him, the date of the sale or delivery and the price charged, separately stating the amount, if any, of the required discounts which must be deducted from, and the authorized service charges and the taxes, which may be added to, the maximum prices set hereby.

In the case of all other sales, you shall give each purchaser a sales slip or receipt containing the information described in the foregoing paragraph, if requested by such purchaser or if, during December 1941, you customarily gave purchasers such sales slips or receipts.

(p) Enforcement. (1) Persons violating any provision of this order are subject to civil and criminal penalties, including suits for treble damages, provided for by the Emergency Price Control Act of 1942, as amended.

(2) Persons who have any evidence of any violation of this order are urged to communicate with the Williamsport District Office of the Office of Price Administration.

(q) Definitions and explanations. When used in this Order No. G-13, the term:

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political sub-divisions, or any agency of any of the foregoing.

going.
(2) "Sell" includes sell, supply, dispose, barter, exchange, lease, transfer, and deliver, and contracts and offers to do any of the foregoing. The terms "sale", "selling", "sold", "seller", "buy", "purchase" and "purchaser" shall be construed accordingly.

(3) "Dealer" means any person selling anthracite of the sizes set forth in the Schedules herein, and does not include a producer or distributor making sales at or from a mine, a preparation plant operated as an adjunct of any mine, or a briquette plant.

(4) "Pennsylvania anthracite" means all coal produced in the Lehigh, Schuylkill and Wyoming regions in the Commonwealth of Pennsylvania.

(5) The sizes of Pennsylvania anthracite described as broken, egg, stove, nut, pea, buckwheat, rice, and screenings shall refer to such sizes of anthracite as they were sold and designated in the Commonwealth of Pennsylvania—Coal Area IV, during December 1941.

(6) "Direct delivery", except with respect to sales in 100 lb. lots, means delivery to the buyer's bin or storage space by dumping or chuting directly from the seller's truck or vehicle or, where such delivery to the buyer's bin or storage space is physically impossible, by discharging at the point nearest and most accessible to the buyer's bin or storage space and at which the coal can be discharged directly from the seller's truck. "Direct delivery" in 100 lb. lots shall mean depositing in buyer's bin or other storage space designated by buyer.

(7) "Carry" and "wheel" refer to the movement of coal to buyer's bin or storage space in baskets or other containers, or by wheelbarrow or barrel, from seller's truck or vehicle, or from the point nearest and most accessible to the buyer's bin or storage space at which the coal is discharged from seller's truck in the course of "direct delivery".

(8) "Yard sales" means sales accompanied by physical transfer to the buyer's truck or vehicle at the yard, dock, barge, car, or at a place of business of the seller other than at seller's truck or vehicle.

(r) Effect of order on Revised Maximum Price Regulation No. 122. To the extent applicable this order supersedes Revised Maximum Price Regulation No. 122.

This order has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This Order No. G-13 shall become effective September 30, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871, E.O. 9328, 8 F.R. 4681)

Issued this 20th day of September 1943.

[Region VI Order G-10 Under MPR 329, Amdt. 1]

MILK IN PEORIA, ILL., AREA

Amendment No. 1 to Order No. G-10 under Maximum Price Regulation No. 329. Adjustment of producers' milk prices in the Peoria, Illinois, area.

prices in the Peoria, Illinois, area.

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1351.408 of Maximum Price Regulation No. 329, It is hereby ordered, That paragraph (g) (1), paragraph (g) (4), and the last undesignated sentence fixing the effective date be amended to read as set forth below:

(g) Definitions. As used in this order:

1. "Producer" means a farmer, or other person or representative, who owns, superintends, manages, or otherwise controls the operation of a farm on which milk is produced. Farmers' coperatives are producers with regard to all sales of "milk" by them except that "milk" processed for them by operators of milk receiving or processing plants and except that "milk" handled in physical facilities for receiving, processing or distributing milk which are owned or leased by the cooperative.

4. "Peoria distributors" means distributors of milk for consumption in fluid form whose bottling establishments are located within Peoria or Tazewell counties, Illinois, and distributors, the major portion of whose sales of fluid milk in bottles or paper containers are made to purchasers within Peoria and East Peoria, Illinois.

This order shall be effective as of August 1, 1943.

This amendment No. 1 to Order No. G-10 shall become effective as of August 1, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

Issued this 11th day of August 1943.

RAYMOND S. McKeough, Regional Administrator.

[Region VI Order G-10 Under MPR 329, Amdt. 2]

MILK IN PEORIA, ILLINOIS, AREA

Amendment No. 2 to Order No. G-10 under Maximum Price Regulation No. 329. Purchase of milk from producers for resale as fluid milk. Adjustment of producers' milk prices in the Peorla, Illinois area.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1351.408 of Maximum Price Regulation No. 329, It is hereby ordered, That paragraph (b) and paragraph (d) be amended to read as set forth below:

- (b) Basic maximum price. Any Peoria distributor:
- 1. Who purchases milk from a producers' association which performs the functions of maintaining field representatives dealing with individual farmers, allocating milk to various distributors, and computing monthly balances, may pay to such producers' association for Grade A milk a price of \$2.89 per cwt. for graded milk, and

2. Who purchases milk from any other producer may pay such producer a price

of \$2.85 for graded milk. *

(d) To whom premiums may be paid. No distributor may pay any premium which will bring the total price above the maximum price of \$2.85 to any producer except a producer who during the period from May 15, 1943 to July 15, 1943 regularly sold milk (whether graded or ungraded and whether used for fluid consumption or not) to any distributor paying such premium.

This Amendment No. 2 to Order No. G-10 under Maximum Price Regulation No. 329 shall become effective September

1, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

Issued this 26th day of August 1943. RAYMOND S. McKeough, Regional Adminstrator.

[Region VI Order G-11A Under MPR 329]

PRODUCERS' MILK PRICES IN WATERMAN, ILLINOIS

Order No. G-11A under Maximum Price Regulation No. 329. Purchase of milk from producers for resale as fluid

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1351.408 (a) of Maximum Price Regulation No. 329, It is hereby ordered:

(a) The maximum price which distributors may pay to producers for milk sold for human consumption in fluid form shall be a price determined by the payment of 73¢ for each pound of but-

terfat contained in such milk.

(b) This order shall apply to all purchases of milk by distributors selling 50 per cent or more of their total volume of milk within Waterman, Illinois.

(c) Unless the context otherwise requires, the definitions set forth in § 1351.404 of Maximum Price Regulation 329 and section 302 of the Emergency Price Control Act of 1942, as amended, shall be applicable to the terms used herein.

(d) This order may be revoked, amended or corrected at any time.

This order shall become effective August 26, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

Issued this 21st day of August 1943. RAYMOND S. McKeough. Regional Administrator.

[Region VIII Order G-3 Under MPR 165 as Amended, Amdt. 51

LAUNDRY SERVICES IN THE LOS ANGELES, CALIF. AREA.

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1499.114 (d) of Maximum Price Regulation No. 165 as amended, It is hereby ordered, That Order No. G-3 under Maximum Price Regulation No. 165 as amended, be amended in the following particulars:

- 1. Paragraph (a) (9) is amended to read as follows:
- (9) Any power laundry which customarily allowed a discount for cash and carry service during March 1942, must maintain a discount, the amount of which shall be at least 20% in the case of all laundries not expressly named in this sub-paragraph, 15% in the case of the following laundries:

French Colonial Laundry, 601 S. Figueroa St., Los Angeles. Whittier Laundry, 202 South Greenleaf

Ave., Whittier.

and 10% in the case of the following laundries:

Peerless Laundry, 5862 S. Main St., Los

Modern Craft Laundry, 800 N. La Brea, Los Angeles. Sav-a-Day Laundry, 6101 Santa Fe Ave.,

Huntington Park. Beverly Hills Laundry, 321 N. Maple Dr.,

Beverly Hills. Craig Laundry, 900 N. Highland Ave., Los Angeles.

- 2. Paragraph (b) is amended to read as follows:
- (b) The adjusted maximum prices which power laundries located in the Los Angeles area (except those laundries hereafter covered by specific price adjustment orders) may charge for mili-tary laundry, washed and dried or washed and returned finished ready for use, shall be the prices set forth in Appendix B attached hereto, except that where the camp laundry officer for reasons of military necessity has requested that the laundry be returned in four days or less from the time that it is received, the adjusted maximum prices shall be the prices set forth in Appendix B plus an additional 10% thereof.
- 3. Paragraph (d) (1) is amended to read as follows:

- (1) "Los Angeles area" means the city of Los Angeles, except the portion thereof lying south of Rosecrans Avenue, and includes the cities of Inglewood, Culver City, Huntington Park, Beverly Hills, San Fernando, and Whittier in the State of California.
- 4. The following new paragraph (g) is added:
- (g) The maximum prices herein established shall not be increased by service charges of any kind, nor shall any laundry change or alter incidental services, such as "fire responsibility and service" supplied by it during March 1942.

This amendment shall become effective upon its issuance.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

Issued this 16th day of September 1943.

L. F. GENTNER. Acting Regional Administrator.

[Region VIII Order G-24 Under MPR 329]

MILK IN SEATTLE, WASHINGTON

Order No. G-24 under Maximum Price Regulation 329. Purchases of milk from producers for resale as fluid milk.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration § 1351.402 (c) of Maximum Price Regulation No. 329, It is hereby ordered: (a) The maximum price at which any purchaser whose place of business is located in Seattle, Washington, may purchase "Jersey Creamline" milk fror a producer for resale as bottled milk under the brand name "Jersey Creamline" from a producer who did not sell "Jersey Creamline" milk to distributors for resale as fluid milk during January 1943, shall not be in excess of that set forth below:

- (1) For purchases of milk delivered to purchasers' place of business the maximum price shall be 90¢ per pound butterfat content.
- (2) For purchases of milk f.o.b. producer's dairy, the maximum price shall be the price specified in subparagraph (1) of this paragraph (a) minus an allowance for transportation of milk from the producer's dairy to the purchaser's business location computed as follows:

(i) Where the milk is transported by means of carrier not operated or owned by either the producer or the purchaser the transportation allowance shall be the amount equal to the amount paid to the carrier for the transportation service.

(ii) In all other cases the transportation allowance shall be an amount not less than the lowest motor truck common carrier rate for the same or most similar haul.

(b) Definitions. (1) The term "Jersey Creamline" milk refers to milk produced by herds which meet the qualifications specified by Jersey Creamline Incorporated of New York provided the owner of such herd is licensed by Jersey Creamline Incorporated of New York to sell the milk under the brand name "Jersey Creamline" milk.

(2) All the terms used in this order shall have the same meaning as in Maximum Price Regulation 329 unless the contents clearly refers otherwise.

(c) This order may be amended or revoked by the Office of Price Administration at any time.

This order shall become effective upon its issuance.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

Issued this 18th day of September 1943.

L. F. Gentner,

Acting Regional Administrator.

[Region VIII Order G-55 Under 18 (c)]

FIREWOOD IN KITSAP COUNTY, WASHINGTON

Order No. G-55 under § 18 (c) of the General Maximum Price Regulation. Certain firewood in Kitsap County, Washington.

For the reasons set forth in the opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by section 18 (c) as amended of the General Maximum Price Regulation, It is hereby ordered:

(a) The maximum prices for certain sales and deliveries of specified kinds of firewood in the Bremerton area, Port Orchard area, and Poulsbo area, all in Kitsap County, Washington, as established by sections 2 and 3 of the General

Maximum Price Regulation or by any previous order issued pursuant to such regulation or any supplementary regulation thereto, are hereby modified so that the maximum prices therefor shall be the prices set forth in paragraphs (b) and (c).

(b) The maximum price for the sale of the specified kinds of firewood cut in lengths of 24-inches or less shall be:

(1) For sales delivered to the premises of the consumer in the Bremerton area, Port Orchard area, and Poulsbo area:

(i) Fir forest wood, old or second growth, green or dry \$14.25 per cord.

(ii) Alder and/or hard wood (maple, etc.), green or dry \$15.00 per cord.

. (c) The maximum prices established in paragraph (b) are applicable only to firewood which is delivered to the premises of the consumer.

(d) Definitions. (1) "Bremerton area" as used herein refers to the area served within the corporate limits of the city of Bremerton, Kitsap County, Washington, and the area on the main land within a radius of five miles of the corporate limits of the city of Bremerton.

(2) "Port Orchard area" as used herein refers to the area served within the corporate limits of the city of Port Orchard, Kitsap County, Washington, and the area on the main land within a radius of five miles of the corporate limits of the city of Port Orchard.

(3) "Poulsbo area" as used herein refers to the area served within the corporate limits of the city of Poulsbo, Kitsap County, Washington, and the area on the main land within a radius of five miles of the corporate limits of the city of Poulsbo.

(e) No seller shall evade any of the provisions of this order by changing the customary allowances, discounts, or other price differentials unless such change results in a lower price.

(f) This order may be revoked, amended, or corrected at any time.

This order shall become effective September 16, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

Issued this 16th day of September 1943.

SECURITIES AND EXCHANGE COM-MISSION:

[File Nos. 54-55, 59-51]

SOUTHERN COLORADO POWER COMPANY

ORDER GRANTING EXTENSION OF TIME FOR FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 22d day of September 1943.

The Commission having on August 23, 1943, issued its Findings and Opinion in

the above entitled matter with respect to the amended plan of recapitalization of Southern Colorado Power Company filed pursuant to the provisions of section 11 (e) of the Public Utility Holding Company Act of 1935; and

Said Findings and Opinion having provided among other things that the aforesaid amended plan of recapitalization can not be approved unless such amended plan is further amended so as to include certain provisions more fully set forth in said Findings and Opinion; and

Southern Colorado Power Company having filed a request for an additional thirty days within which such amendment may be filed; and

It appearing to the Commission that it is in the public interest and in the interest of investors and consumers to grant such request;

It is therefore ordered, That Southern Colorado Power Company be and hereby is granted an additional period of thirty days from and after September 22, 1943, within which to further amend its amended plan of recapitalization heretofore filed.

By the Commission.

[SEAL] ORVAL L. DUBOIS, Secretary.

[F. R. Doc. 43-15495; Filed, September 23, 1943; 11:06 a. m.]

[File 59-38, 54-84]

UNITED PUBLIC UTILITIES CORP., ET AL

NOTICE OF FILING, ORDER FOR HEARING AND ORDER FOR CONSOLIDATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 22d day of September 1943.

In the matter of United Public Utilities Corporation and its subsidiary companies, Respondents, and United Public Utilities Corporation, Cap. F. Boulard Ice Company and Texas Ice & Refrigerating Company.

The Commission having by order dated March 4, 1942, entered pursuant to section 11(b) (1) of the Public Utility Holding Company Act of 1935, directed, among other things that United Public Utilities Corporation (UPU), a registered holding company, divest itself of all its interest in, and in the properties and assets owned and operated by, its subsidiaries, Fort Smith Gas Company, Southern Gas Producing Company, Cap. F. Bourland Ice Company, Louisiana Ice Service. Incorporated and Texas Ice & Re-

United Ice Company, Louisiana Ice Service, Incorporated and Texas Ice & Refrigerating Company (Texas Ice), and said order having provided that the respondents should make application to the Commission for the entry of such further orders as might be necessary or appropriate for the purpose of carrying out the provisions of the above mentioned order:

The Commission having previously, by order dated April 23, 1943, granted an extension of the time within which to

comply with its order of March 4, 1942 for a period of six months without prejudice to application by the respondents for an additional extension if the circumstances warrant:

The respondents having heretofore filed an application and declaration with regard to a proposal by UPU to sell its interest in Cap F. Bourland Ice Company, said matter having been set by the Commission for hearing on September 29, 1943:

Notice is hereby given that UPU and its subsidiary companies have filed an application requesting entry of an order by the Commission under section 11 (c) of the Act extending the time for compliance with the Commission's order of March 4, 1942 for a further period of six months or to March 4, 1944.

Notice is further given that UPU and its subsidiaries have filed an application and declaration (designated as Application No. 2), pursuant to sections 11 (b), 11 (e), 12 (c), 12 (f) of the Act and rules U-42 and U-46 thereunder with respect to various proposed transactions designed to accomplish the divestment of all interest of UPU, direct and indirect, in Texas Ice. All interested persons are referred to said application and declaration, which are on file at the office of this Commission, for a full statement of the transactions therein proposed, which are summarized as follows:

(1) Texas Ice, pursuant to an agreement dated September 16, 1943, will reduce the par value of its \$100 par value capital stock to \$70 per share and will distribute to UPU, as the sole stockholder of Texas Ice, in cash, the \$120,000 paid-in surplus created by such reduction;

(2) UPU, pursuant to the same agreement, will sell and deliver to John W. Harding of Kansas City, Kansas, the following items at the prices stated, namely:

(a) Promissory notes of Texas Ice in the principal amount of \$544,082.08 for the cash sum of \$544,082.08 plus all interest unpaid on such notes up to and including July 31, 1943;

- (b) 4000 shares of capital stock of Texas Ice, having a par value of \$70 per share, for a cash sum equal to the net current assets of Texas Ice at the close of business on July 31, 1943, less the sum of \$139,082.08. The purchase price for the Texas Ice stock so computed is \$20,238.97; this amount is subject, however, to adjustment upon audit by independent accountants and for under-accruals or over-accruals of Federal income and excess profits taxes.
- (3) The net cash proceeds realized by UPU from the sale of Texas Ice, estimated at \$670,271.05 after estimated expenses of \$14.050 (including a \$10.000 fee proposed to be paid to Fred C. Mac-Millan, Kansas City, Missouri; for locating and negotiating with the buyer) will be deposited with the Provident Trust Company of Philadelphia, Trustee under the Trust Indenture dated January 1. 1935, securing issues of UPU's 6% Series A and 51/2% Series B Collateral Trust Bonds, due January 1, 1960, and are proposed to be applied to the redemption of such bonds at 104%, plus accrued inter-

est, or to the purchase thereof in the open market.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said matters and that said applications and declarations shall not be granted or permitted to become effective except pursuant to further order of the Commission; and

It further appearing to the Commission that said application for an extension of time for compliance with our order of divestment, said Application No. 2 and said pending application and declaration regarding the proposed sale of Cap F. Bourland Ice Company involve common questions of law and fact and should be consolidated and heard to-

gether;

It is ordered, That the proceedings upon the application for an extension of time and upon Application No. 2 be consolidated with the proceedings upon the pending application and declaration relating to the sale by UPU of Cap F. Bourland Ice Company, the Commission, however, reserving jurisdiction to sever, either for hearing or for disposition, in whole or in part, the proceedings with respect to the extension of time for compliance with the Commission's divestment order, the divestment by UPU of its interest in Cap F. Bourland Ice Company and the divestment of UPU's interest in Texas Ice.

It is further ordered, That a hearing on said matters so consolidated be held on the 29th day of September 1943, at 10:00 a. m., e. w. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pa. in such room as may be designated on such date by the hearing room clerk. All persons desiring to be heard or otherwise wishing to participate in the proceedings should notify the Commission in the manner provided by its Rules of Practice, Rule XVII, on or before September 28, 1943.

It is further ordered, That Willis E. Monty or any other officer or officers of the Commission designated by it for that purpose shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That, without limiting the scope of the issues presented

by these proceedings, particular attention will be directed at the hearing to the following matters and questions:

(1) Whether circumstances warrant an extension of the time for compliance with the Commission's order of March 4, 1942 for an additional period of six months and whether such extension is necessary or appropriate in the public interest or for the protection of investors or consumers.

(2) Whether there has been a maintenance of competitive conditions in connection with the sale of Texas Ice and whether the price to be received for the securities of Texas Ice is reasonable.

(3) Whether the fees and expenses incurred by UPU in connection with said sale of Texas Ice, particularly the fee to be paid to Fred C. MacMillan, are reasonable under the circumstances.

(4) Whether the proposed acquisition and retirement of its bonds by UPU is fair and equitable and in all other respects meets the requirements of sections 9, 10, 11 and 12 of the Act and the rules and regulations thereunder.

(5) Whether the proposed transactions are detrimental to the public interest or the interest of investors or consumers and whether it-is necessary or appropriate to impose terms or conditions in the public interest or for the protection of investors or consumers in order to insure compliance with the provisions of the Act and the rules and regulations thereunder.

It is further ordered, That notice of this hearing be given to UPU and its subsidiaries, to Provident Trust Company of Philadelphia. Trustee under the Indenture, and to John W. Harding, Kansas City, Kansas, the buyer, by registered mail, and to all other persons by publication in the Federal Register.

By the Commission.

WAR PRODUCTION BOARD.

WAPATO IRRIGATION PROJECT, WASH.

STOP CONSTRUCTION ORDER

Builder: Department of the Interior. Office of Indian Affairs, Wapato, Washington. Project: Wapato Irrigation Project, Yakima County, Washington.

The stop construction order issued December 16, 1942 with respect to the above named project is hereby amended by striking paragraphs 1 and 2 thereof and by substituting the following.

- 1. Prohibition of construction. The builder shall neither perform nor permit the performance of any further construction or installation on the project, except further permitted construction being construction necessary to permit the completion of Pumping Unit No. 2.
- 2. Prohibition of delivery of material. Neither the builder nor any supplier, shall deliver or accept delivery of any further materials to be used in connection with the construction of or any installation on the project, except such materials as may be required to complete further permitted construction as set forth in paragraph 1 hereof.

Issued September 22, 1943.

WAR PRODUCTION BOARD, By J. JOSEPH WHELAN, Recording Secretary.

[Certificate 135]

Livernois-Davidson Florists, et al. of Detroit, Mich.

RECOMMENDATION OF JOINT ACTION PLÂN
The Attorney General:

I submit herewith a recommendation of the Director of the Office of Defense Transportation concerning a plan for joint action by Livernois-Davidson Florists and others named therein with respect to the transportation and delivery by motor vehicle of flowers and related articles in the Detroit metropolitan area.

For the purposes of section 12 of Public Law No. 603, 77th Congress (56 Stat. 357), I approve the joint action plan described in the Recommendations; and after consulation with you, I hereby find and so certify to you that the doing of

any act or thing, or the omission to do any act or thing, by any person in compliance with such joint action plan is requisite to the prosecution of the war.

DONALD M. NELSON, Chairman.
